

Creating Accessible Curriculum Materials

"It is the policy of the CSU to make information technology resources and services accessible to all CSU students, faculty, staff and the general public regardless of disability."

<http://www.calstate.edu/accessibility/>

The **Accessible Technology Initiative (ATI)** reflects the California State University's (CSU) ongoing commitment to provide access to information resources and technologies to individuals with disabilities. This commitment is articulated in [Executive Order 926 \(EO 926\)](#), the CSU Board of Trustees Policy on Disability Support and Accommodations. For more information on the ATI as it relates to instructional materials visit:

<http://www.calstate.edu/accessibility/instructionalmaterials/index.shtml>

The purpose of this document is to assist faculty in creating accessible curriculum materials. This document will provide the user with information and links on the subject of creating accessible materials.

The following sites will provide the user with tutorials and trainings on how to author, evaluate, and remediate files to ensure they are accessible for students with disabilities.
