A scribe is an educational assistant employed by the Accessible Education Center (AEC) to work on a one-to-one basis with a student registered with the AEC, whose disability impairment(s) prevents the student from meeting curriculum requiring physical writing or keyboard entry.

1. Eligibility for scribing services is determined by the Accessible Education Center’s (AEC) Director or Counselors and is determined on a case-by-case basis.

2. Students requesting scribing services must be registered with the AEC and present documentation of disability impairment(s) which prevent the student from completing course assignments and/or exams requiring physical writing or keyboard entry.

3. Scribing services are provided for San José State University curriculum support only and must be requested each semester the service is needed; they are not provided for personal need.

4. Students are required to present the AEC with a copy of the course syllabus for each course they are requesting scribing service.

1. The AEC Director or Counselor(s) will make the final determination as to the appropriateness of providing a Scribe. Once approval is granted, the Director or Counselor(s) together with student input will determine the following information as it relates to the Scribe and curriculum:

   - Specific task(s) the Scribe will perform
   - Specific skills, if any
   - Beginning and end date
   - Scribe session location (i.e.: Library, Science Lab)
   - Number of hours student believes will be needed per day, week or month

5. The AEC will clarify the requirements of the scribing job and will hire and train the scribe. Students are encouraged to give individual direction pertaining to the job to the scribe.

6. Students requesting any adjustments must provide valid justification.

7. The AEC makes every attempt to hire scribes with qualifications meeting the requirements of the job. The hiring of a scribe may be delayed due to a late request or the time of the semester during which a request falls.
8. Students may request that the AEC hire an individual with whom they have previously worked or who they know to possess the skills for the job. The AEC, however, reserves the right to make the final hiring decision.

9. Should the student experience a problem with their scribe they may speak directly with him/her. The student may also meet with the Accommodations Coordinator to work towards a solution.

10. Student and scribe should exchange phone numbers / e-mail addresses for purposes of communication. All communication (unless otherwise agreed upon by both parties) should be directly related to the coursework or specific job.

11. Student and scribe must work on campus unless otherwise required by the course curriculum. Off campus locations must be public domain and pre-approved by the AEC.

12. Scribes will not be paid until the student has met with a coordinator and received approval for the service. The student will be responsible for payment for any service rendered by a scribe prior to this time. The student is responsible for emailing the Accommodations Coordinator confirmation on the number of hours worked. In the absence of an email, the scribe’s payroll may not be processed.

13. Students are responsible for requesting scribing services:

   **Course Assignments:** Schedule scribing services with AEC appointed scribe upon knowledge of assignment. Assessments extensions will not be granted for late scribing requests.

   **Exams:** Schedule date and time of exam with Accommodations Coordinator. Failure to request scribe services for exam in a timely manner, at least five school days prior to actual exam date, may result in a need to reschedule an exam and will be determined on a case-by-case basis.

14. Students can speak with the Accommodations Coordinator regarding concerns they may have with completed assignment(s) and/or exam(s).
