Course Description

When anthropologists discuss social change, they usually mean change brought about in pre-industrial societies through long-standing interaction with the nation-states of the industrialized world. Often this kind of change has been discussed in terms of “culture contact” and acculturation,” even when the term “catastrophic change” is perhaps more appropriate. More recently anthropologists have realized that in talking about change we must pay attention to the very real issues of dominance, subordination, and dependence that characterize the colonial experience, and the many situations of encounter by two or more cultures. Drawing on a survey of contemporary cultures (with some historic examples to provide comparative material) this course will examine situations of culture and conflict that have arisen in the process of modernization, globalization, and war. We will focus on several case studies from different societies, for example, the pluralistic Indian society, Indigenous people of the Americas and other parts of the world, the Hmong, a tribal agrarian group from Laos who are one of the newest immigrant groups in
the United States. Our goal is to develop a theoretical framework for understanding our case studies, and to develop alongside this theoretical framework a proposal for how anthropologists and world citizens can positively affect these issues.

**Course Learning Objectives**

- An understanding of theoretical frameworks and anthropological perspectives on change, conflict, and development
- A grasp of several key ethnographic case studies of societies experiencing conflict and change
- Ability to write about a particular culture and its experience of change and conflict, including a recommendation for how policy-makers should deal with the problems with which this group is faced
- Reflect critically on the processes of, and theories about, culture and conflict

**SJSU Studies Objective CULTURE, CIVILIZATION, & GLOBAL UNDERSTANDING (Advanced GE, Area V)**  
**AREA “V” GE LEARNING OBJECTIVES (GELOs)**

**Student Learning Objectives**

Students should receive an appreciation for human expression in cultures outside the U.S. and an understanding of how that expression has developed over time. Additionally, students should understand how traditions of cultures outside the U.S. have influenced American culture and society, as well as how cultures in general both develop distinctive features and interact with other cultures.

To accomplish these objectives, students in this course will
1. Compare systematically the ideas, values, images, cultural artifacts, economic structures, technological developments, and/or attitudes of people from more than one culture outside the U.S. (Class activities, Progressive Term Project-Part 1)
2. Identify the historical context of ideas and cultural traditions outside the U.S. and how they have influenced American culture; and (Class activities, Progressive Term Project-Part 2)
3. Explain how a culture outside the U.S. has changed in response to internal and external pressures. (Progressive Term Project-Part 3)

General Policies

Format of papers: Papers should be typed, double-spaced, and pages numbered. Please staple together pages, (put your name and section number on a cover sheet). Please write clearly and correctly and seek help from the writing center if you need it. Please proofread your papers carefully. Reading your work aloud often reveals mistakes in syntax and spelling.

- Plagiarism: Plagiarism occurs when you use the words of another author – a phrase, sentence, or paragraph -- without giving credit to that author with quotation marks and a citation. This practice misrepresents your writing. SJSU policy forbids plagiarism. It will be punished. If found plagiarizing, you WILL receive a zero for your assignment and I WILL report you. Please read the statement on Academic Integrity and consult me if you have questions on this issue.

- Late papers: Papers are due in class on the due date. No late paper will be accepted without prior notice. A late paper will be accepted only with prior permission from me. Still a minimum 2 points will be subtracted for each day the paper is late. The last section of your research project would not be accepted after the due date.

- Exams: All exams will consist of short answer, matching, and true/false questions. Questions will cover class lectures, readings, and films. I will provide a study guide for each exam.

- Disability Accommodations If you need course adaptations or accommodations because of a disability, or if you need special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 requires that students with disabilities requesting accommodations must register with DRC to establish a record of their disability.

- Classroom Etiquette: Please be respectful, to your instructor and your classmates. If you come late to class or leave early, please enter and exit
quietly, without letting the door slam. Cell phones must be turned off and put away. Please, no text messaging in class. Computers may be used only for note taking, not surfing the Web or e-mail.
