Course Description

Catalog: Human development and its physiological, psychological and sociocultural contexts. Cross-cultural perspectives on infancy, childhood, adolescence, adulthood and old age. The role of university education in the life span.

Supplement: In this lower-division lecture course on the human life-cycle, you will study and compare the life stages that all human beings experience. You will also examine your particular life experience as an undergraduate student at San José State University. Since this is an anthropology course, particular emphasis will be placed on viewing the human experience in a holistic way from a cross-cultural perspective, particularly as it relates to your life as a student and your relationship to your peers. We will examine the physiological, psychological, and cultural changes that individuals from various societies experience in their lifetimes. This will include infancy, childhood, adolescence, adulthood, aging, and death. We will investigate these topics in lectures, discussions, readings, films, and through individual and group projects. Emphasis will be placed on proper academic writing and research paper development.

Marking Criteria for Written Work (Instructor reserves the right to take class participation into consideration in calculating the final grade)

A+ 98- A 94-97 A- 90-93

An “A” demonstrates originality, addresses the tasks effectively, shows effective organization and logical argumentation, uses clear, appropriate and accurate examples and a high level of writing competence and knowledge. Completes the task and consistently does extra work.

B+ 88-89 B 84-87 B- 80-83

A “B” may show a good level of competence, but uneven development of tasks. It may be generally well organized, uses appropriate examples, displays facility, with a few gaps, in argumentation, and demonstrates a good level of writing and knowledge. Completes the task and does some extra work.

C+ 78-79 C 74-77 C- 70-73

A “C” may show a fair level of competence, but may be uneven. It will address the task adequately, but only with parts of the task. It is adequately organized and may occasionally use examples. Argumentation may be inconsistent and writing and knowledge competence may be unclear.

D+ 68-69 D 64-67 D- 60-63 F<60

A “D” will demonstrate poor competence with inadequate organization, task and argumentation development and inappropriate examples. It will display difficulty in using adequate academic language and errors in knowledge will be in evidence. A failure will only occur if no effort is made to address the question or topic.

Classroom Protocol

To Be Excused if you cannot make it to class to participate in an exercise, please leave an E-mail message THAT day or earlier, giving your name, class and reason for missing the activity. You will receive full credit (E) as long as the reason is significant and the privilege is not abused. Failure to participate might result in a significant loss of overall points.

You may not collaborate on work in this class. Group study for the midterm and final are permitted, but anything you write on the midterm or final must be in your own words. If the text of answers on the midterm or final are found to be identical to that of another student or cut and pasted from another source, you will receive an “F” on the exam.
