Course Description

Focus on personal stylistic development, individual critiques and portfolio preparation. Includes gallery and studio visits.

Course Learning Outcomes

ART 134 is designed to increase the advanced knowledge of multiple processes while also increasing professional development skills. Students will focus on conceptual development while also identifying avenues for exhibiting their work.

Upon successful completion of this course, students will be able to:

1. CLO1 conceptualize and understand form that demonstrates mastery of coil construction, slab construction and pinch construction
2. CLO2 Select and use clay bodies appropriate to the studio assignments
3. CLO3 properly schedule, load, fire and complete gas/electric kiln firings
4. CLO4 conceptualize and understand surface treatment and application of texture in relationship to form
5. CLO5 research, select and have knowledge of appropriate glazes and firing techniques
6. CLO6 safely use ceramics lab equipment and understand general lab policies
7. CLO7 build on general knowledge of historical and contemporary trends in ceramic sculpture
8. CLO8 practice and develop critical skills (critiques, class discussions)

Required Texts/Readings

There is no required textbook for this course; however, students will find the following helpful:
The Ceramics Process by Anton Reijnders
The Ceramic Glaze Handbook by Mark Burleson
Art & Today by Eleanor Heartney
Thinking Through Craft by Glenn Adamson
The Ceramic Spectrum by Robin Hopper
Required Materials

There is no text required for this course, but you are required to purchase your own tools and clay. You’ll need an assortment of tools (needle tool, trimming tools, ribs, fettling knife, small sponge, cutting wire, etc.). Normally sold as a kit, these items are available through the SJSU Ceramics Guild, the Student Union, or Clay Planet (Clay Planet is a local supplier located at 1774 Russell Ave., Santa Clara. Hours are M-F 9-5 and Sat 10-3, 408-295-3352, clay-planet.com.) Additional carving tools will be helpful and can be purchased at most craft stores or Clay Planet. You will also need to provide a lock for your locker, a metal fork (this will get gnarly, so don’t bring in the good silver), lightweight trash bags (tall kitchen bags work well), small plastic containers (quart size yogurt or a little larger), cheap paint brushes of various sizes. You have the options of purchasing clay as needed through the SJSU Ceramics Guild ($10 per bag) or mixing up free recycled clay. Consult me before bringing in other types of clay as it may or may not be suitable for the project and/or the studio and/or the firing technique for the project. A sketchbook is a must (nothing smaller than 5”x7” and you will need approximately 20-30 pages for this class).

Estimated Cost: $70

Course Requirements and Assignments

SJSU classes are designed such that in order to be successful, it is expected that students will spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in University Policy S12-3 at http://www.sjsu.edu senate/docs/S12-3.pdf.

Requirements and Expectations

Attendance/Lateness

You are expected to come to class awake, fed, and ready to sculpt, think and talk. Your timely and engaged presence is expected at every class meeting. Several topics will receive only one day of attention and by missing class you run the risk of coming out of the class with an incomplete set of skills.

Arriving late or leaving early disrupts the flow of class and undermines your own success. Two late arrivals or early departures (more than 10 minutes) constitute one absence. Please make every effort to arrive on time and prepared for class. Please let me know before class if you will need to leave early. If you arrive after I have already taken roll, please let me know of your presence so you will be marked as late and not absent.

E-mail policy
Although some of us may live by our email, that is not the case here. I will do my best to respond to your email in a timely fashion, usually within the same day. If you have a substantive question, please see me before, during or after class, rather than posing it through email.

**Evaluation/Grading Policy**

**Criteria for Grading**

Grading in this course will be determined by a point system. There are a total of 100 possible points that can be earned. There are a maximum of 25 points possible for each of your first two projects for a total of 50 possible points and a maximum of 30 points for the Portfolio Project. Your contemporary ceramic artist presentation is worth 10 points. Your participation and attitude in class account for the remaining 10 points. At the end of the semester these points will be totaled, your final grade will then be impacted by attendance as outlined above. You will receive a grade upon completion of each project. At midterm I will let you know where you stand in terms of class participation.

- **Project 1:** 25 points
- **Project 2:** 25 points
- **Portfolio Project:** 30 points
- **Presentation:** 10 points
- **Participation:** **10 points**

Total possible points: 100

Grades for each project will be determined by the following criteria:

- Willingness to explore, experiment and take risks
- Creative though process and problem solving
- Understanding of materials and process and their relationship to your finished work
- Your ability to evaluate yourself and others
- Fulfillment and understanding of the assignment’s criteria and objectives
- Deadline – please note missed deadlines will result in a loss of 5 points per day. Be prepared to work outside of class to meet deadlines.
- Projects may be reworked for a higher grade at my sole discretion and will be determined on a case-by-case basis. Please be aware this is a privilege, not a right; this option may not be available to you.

**GRADING SCALE**

**A**  Overall excellence, exceeds expectations.

Outstanding: work demonstrating significant growth; process; participation in class; critical thinking; meeting deadlines; attitude; depth of inquiry; willing to take risks and explore challenging solutions.

**B**  Impressive but not excellent.
Very good: work demonstrates growth and progress; healthy process; good participation in class and critical thinking; meeting deadlines; attitude; depth of inquiry; some risk taking.

C  Overall average: work as expected at this level but without demonstrable growth.
Average: work demonstrates aptitude but not measurable growth or progress; little risk taking or experimentation; somewhat resistant to change, experimentation, challenge; lack of openness.

D  Overall below average: work below that expected at this level and without demonstrable growth.
Below average: work demonstrates little aptitude, growth, or progress; poor inquiry, critical thinking, participation, attendance.

F  Failure for the course: does not meet minimum expectations.
Poor: does not meet minimum expectations for one or more of the following factors: work, growth, progress, inquiry, critical thinking, participation, attendance.

Deadlines
You are required to meet deadlines for your work. If your work is not ready at a deadline time, show up for class with the work you have and speak to me.

Critiques
Critical inquiry is vital in the studio arts process, which is why we hold group critiques for each finished project. Occasionally we will hold impromptu mid-project critiques. The purpose of the critique is to engage in constructive evaluation and is not synonymous with “judgment day.” That is to say that we are all responsible for removing ourselves from our work and look at it critically from the outside. We will address formal and craftsmanship concerns while investigating concept, content, context, meaning and interpretation. Everyone’s opinion is valuable in this process so it is essential for your participation in group critiques.

NOTE that University policy F69-24 at http://www.sjsu.edu/senate/docs/F69-24.pdf states that “Students should attend all meetings of their classes, not only because they are responsible for material discussed therein, but because active participation is frequently essential to insure maximum benefit for all members of the class. Attendance per se shall not be used as a criterion for grading.”

Note that “All students have the right, within a reasonable time, to know their academic scores, to review their grade-dependent work, and to be provided with explanations for the determination of their course grades.” See University Policy F13-1 at http://www.sjsu.edu/senate/docs/F13-1.pdf for more details.

Classroom Protocol
Room Care
At the end of each day, the studio should be in as good, if not better, condition than when we started. Everyone has responsibility for cleaning up their workspace and putting away or removing their work at the end of each day. At the end of the semester, all work must be removed from the room. Work that remains into the next
semester will be thrown away. This is a messy business; failure to clean your workspace is not acceptable and will negatively affect your grade. **CLEAN UP** begins 20 minutes before the end of class. All areas you have used must be cleaned before you leave the studio. Per a healthy studio, cleaning up clay is best done with a wet sponge (it helps keep dust from dispersing throughout the studio). A clean studio is a happy studio.

It is very important to me that everyone can come to class and participate to his or her fullest level of comfort and ability. Making ceramic sculpture requires a degree of questioning what you know, taking risks and embracing challenges. I will do my utmost to promote an environment where mutual respect, constructive criticism, and creative exploration are valued, and I expect the same from everyone who comes in the door. Since active critique of work is a vital part of this class, disrespect towards peers (or yourself) is not acceptable. I ask that you have the courage to speak your ideas and respect the ideas of others.

**No Cell Zone**

Cell phones are wonderful devices that must be turned off when you walk in the door. You can rejoin them later over break or at the end of class. Absolutely NO TEXTING during class.

**University Policies**

**General Expectations, Rights and Responsibilities of the Student**

As members of the academic community, students accept both the rights and responsibilities incumbent upon all members of the institution. Students are encouraged to familiarize themselves with SJSU’s policies and practices pertaining to the procedures to follow if and when questions or concerns about a class arises. See University Policy S90–5 at http://www.sjsu.edu/senate/docs/S90-5.pdf. More detailed information on a variety of related topics is available in the SJSU catalog, at http://info.sjsu.edu/web-dbgen/narr/catalog/rec-12234.12506.html. In general, it is recommended that students begin by seeking clarification or discussing concerns with their instructor. If such conversation is not possible, or if it does not serve to address the issue, it is recommended that the student contact the Department Chair as a next step.

**Dropping and Adding**

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Refer to the current semester’s Catalog Policies section at http://info.sjsu.edu/static/catalog/policies.html. Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage at http://www.sjsu.edu/ provost/services/academic_calendars/. The Late Drop Policy is available at http://www.sjsu.edu/aars/policies/ latedrops/policy/. Students should be aware of the current deadlines and penalties for dropping classes.

Information about the latest changes and news is available at the Advising Hub at http://www.sjsu.edu/advising/.

**Consent for Recording of Class and Public Sharing of Instructor Material**

University Policy S12-7, http://www.sjsu.edu/senate/docs/S12-7.pdf, requires students to obtain instructor’s permission to record the course and the following items to be included in the syllabus:

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor’s permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings
are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.”

- It is suggested that the greensheet include the instructor’s process for granting permission, whether in writing or orally and whether for the whole semester or on a class by class basis.
- In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.

- “Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”

**Academic integrity**

Your commitment, as a student, to learning is evidenced by your enrollment at San Jose State University. The [University Academic Integrity Policy S07-2](http://www.sjsu.edu/senate/docs/S07-2.pdf) requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The [Student Conduct and Ethical Development website](http://www.sjsu.edu/studentconduct/) is available at [http://www.sjsu.edu/studentconduct/](http://www.sjsu.edu/studentconduct/).

**Campus Policy in Compliance with the American Disabilities Act**

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. [Presidential Directive 97-03](http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf) requires that students with disabilities requesting accommodations must register with the [Accessible Education Center (AEC)](http://www.sjsu.edu/aec) at [http://www.sjsu.edu/aec](http://www.sjsu.edu/aec) to establish a record of their disability.

**Accommodation to Students’ Religious Holidays**

San José State University shall provide accommodation on any graded class work or activities for students wishing to observe religious holidays when such observances require students to be absent from class. It is the responsibility of the student to inform the instructor, in writing, about such holidays before the add deadline at the start of each semester. If such holidays occur before the add deadline, the student must notify the instructor, in writing, at least three days before the date that he/she will be absent. It is the responsibility of the instructor to make every reasonable effort to honor the student request without penalty, and of the student to make up the work missed. See [University Policy S14-7](http://www.sjsu.edu/senate/docs/S14-7.pdf).

**Student Technology Resources**

Computer labs for student use are available in the [Academic Success Center](http://www.sjsu.edu/at/asc/) located on the 1st floor of Clark Hall and in the Associated Students Lab on the 2nd floor of the Student Union. Additional computer labs may be available in your department/college. Computers are also available in the Martin Luther King Library. A wide variety of audio-visual equipment is available for student checkout from Media Services located in IRC 112. These items include DV and HD digital camcorders; digital still cameras; video, slide and overhead projectors; DVD, CD, and audiotape players; sound systems, wireless microphones, projection screens and monitors.
