Course Description  

A Beginning photography course which introduces basic aesthetic issues in (primarily black and white) image making. Introduces photographic techniques utilizing digital cameras, electronic image processing and digital printing.
Requires a DSLR (digital single lens reflex) type camera. Requires Adobe Lightroom.

Photography surrounds us and influences our daily lives in numerous ways. In the era of social media, digital photographs contextualize contemporary life. When photographing, we engage in the creation of visual culture. What does it mean to be a photographer now? In a time when everyone is continually taking photographs, how do we capture creative images filled with artistic meaning? In this class, students will be encouraged to reflect upon their current context in a technological age by creating relevant, impactful and unique digital images.

This class will consist of shooting, editing, printing, exhibiting, and discussing digital images. Class demonstrations and discussions will be held at the beginning of each new assignment, there will be required instructor check-ins, working critique/trouble-shooting session with the class at each mid-point, and a final class critique at the end of each assignment.

Course Goals and Student Learning Objectives

- Acquire basic understanding of digital photographic materials, process, and equipment
- Gain skills in handling and application of equipment and process
- Become familiar with historical developments of photography
- Become familiar with basic elements of the photographic image
- Acquire understanding of visual communication and aesthetic appreciation

**Course Requirements and Assignments**

*Cell-Phone Challenge:* This mini-assignment is intended to get you looking at your world within the frame of digital photography, in a familiar but challenging way. Make one interesting photograph using your camera phone. It cannot use ‘typical’ cell phone conventions (more tba in class), but instead must attempt thoughtful photographic approaches reviewed during instruction. Email this image to me by August 28th at 11:59 pm, the night before our second class on August 29th. This assignment is Pass/Fail and only requires you prepare one image to present. Be prepared to talk to the class about why this image is artful and unique.

*Chasing the Light:* Light is at the core of photography, and the key to compelling photographs. You must attempt all 25 Light and Composition Options listed on the assignment handout and record all of the exposures from your final 25 images. Well-crafted, black and white images with full tonal range are the objective. You must shoot a minimum of 200 new images for this assignment. There will be a check-in with the instructor toward the beginning of the assignment, a working critique/trouble shooting session with the class at the midway point, and a final class critique. Turn in 25 edited, finished digital images on a flash drive with your name on it due at the beginning of class. Present 5 of your favorite images via projector from your flash drive during our in class critique.
**Picturing the Self:** Create a 5-image series of self-portraits. These ‘portraits’ do not need to be actual photographs of your face/body, but can also be photographs of things that represent you. How can we represent ourselves using visual metaphors? Be prepared to vocalize why you made your artistic decisions. You must shoot a minimum of 100 new images for this assignment. Your final images must show an understanding of Lightroom editing and black and white printing skills. There will be a check-in with the instructor toward the beginning of the assignment, a working critique/trouble shooting session with the class at the midway point, and a final class critique. Turn in 5 unmounted prints in a portfolio with your name on it, due at the beginning of class.

**Sacred Spaces:** Create a series that explores something sacred to you. This theme is purposefully broad so that you may create works for your portfolio that are relevant to your unique voice as an artist. What is meaningful and special to you? Is it a place, a community, a personal connection, or internal reflection? Create a series that captures what is important in your life. Hand in a portfolio of at least 10 mounted prints or a book of at least 20 images on a project of your choice. This final assignment focuses on creating a cohesive series and requires prior approval of a written proposal (1 page or less). There will be a check-in with the instructor and proposal review, a working critique/trouble-shooting session with the class, and a final class critique. Portfolio prints must be over matted. Book must be professionally bound. Print quality and presentation matters for both the book or prints. Make sure to allow time to redo prints or book if necessary. All portfolios will be collected at the beginning of class on 12/7, although the Sacred Spaces Critique will run for two class sessions with the remaining students presenting on 12/14.

**Final Print Swap:** Everyone will bring 1 print wrapped in brown paper without your name for a white-elephant print exchange. Students sign the back of their print and wrap it anonymously with the blank inner portion of a brown grocery bag or brown butcher paper. The swap is Pass/Fail and only requires you bring one wrapped print to participate. You are welcome to bring extra prints to trade with your classmates after the swap but it is not required.

**Participation:** Participation in exercises, discussions, and activities is required to succeed in this class. Participation in peer discussions can be in the form of asking questions, sharing experiences, and giving constructive feedback (critique discussions will incorporate a handout to encourage vocabulary use). Exercises that are relevant to the course material will be given in class and cannot be made up. The exercises may be on the camera, computer, and may involve short excursions to other parts of campus. Participation is required and a significant part of your grade.
Grading Policy

Beginning Digital Photography, Photo 40, Fall 2017
**FIELD TRIP AND OUT-OF-CLASSROOM EXPERIENCES**

We will visit the San Jose Museum of Art for one off-campus field trip this semester during class time. This will be a chance to discuss class concepts while in the presence of art. The museum is within walking distance, and you will be given sufficient time to get there and back and remain on time to your next class. Many of us will walk together, but you are welcome to take your own transportation to the museum. The visit to the museum is mandatory, like any other class meeting.

We will also occasionally visit campus galleries during ATC and when relevant to class content. You will be given adequate notice ahead of time before all out-of-class activities via in-class announcements and the course schedule posted to Canvas.

**EXTRA CREDIT**

- **SF Photography Program Field Trip:** As a photo student, you will be invited to join the SF Photography Program Field Trip. This happens once each semester. If you attend the field trip, you will receive extra credit points for visiting galleries and museums with us on Saturday ____/____/2017.

Additionally, one of the following assignments is available for you to improve your grade during the semester, upon approval:

- **Gallery Report:** Write a three page report on your visit to a gallery or museum that is showing a photographic exhibition. This may be from the SF Photo Field Trip listed above. Critically analyze the show using concepts and vocabulary learned in class. Explaining how much you liked or disliked the show is not sufficient. More information will be given in class.

- **Get your photograph published:** Get one or more of your photographs published in a professional newspaper, magazine, book, etc.

- **Get your photograph exhibited in a show:** Get one or more of your photographs exhibited in an art gallery, museum, photo conference, etc.

**Classroom Protocol**

Class demonstrations and discussions will be held at the beginning of each new assignment, there will be a required working critique/trouble-shooting session at each mid-point, and a mandatory Final Critique at the end of each assignment. Announcements will be done at the beginning of class, and will not be repeated. If you are late, you will miss essential information that may later affect your
grade. It is your responsibility to make up missed class sessions. Participation is an important part of your grade and will be based on open lab time, class discussions, and all required critiques. I will be checking in regularly during open labs for questions/help and will notice absent students. Please contact me in advance if you are going to miss class (multiple absences can affect your grade).

Texting and non-classroom computer use in class is prohibited.

Those who experiment and take chances with their image-making will be rewarded.

**Shop Safety**
Using the Shop is not required for this course, though it does have a very nice mat cutter available for your use that might come in handy for other Photo classes. If you plan to use the Shop (located in the Art Building) for realization of your projects in any art class, you must take and pass the Shop safety test. Tests cost $20 a year and are only conducted at the start of the semester (between August 29th and September 16th this semester). If you are interested, a handout with more information is now available in our class folder on Canvas: [sjsu.instructure.com](http://sjsu.instructure.com).

**University Policies**

**General Expectations, Rights and Responsibilities of the Student**
As members of the academic community, students accept both the rights and responsibilities incumbent upon all members of the institution. Students are encouraged to familiarize themselves with SJSU's policies and practices pertaining to the procedures to follow if and when questions or concerns about a class arises. See University Policy S90–5 at [http://www.sjsu.edu/senate/docs/S90-5.pdf](http://www.sjsu.edu/senate/docs/S90-5.pdf). More detailed information on a variety of related topics is available in the SJSU catalog, at [http://info.sjsu.edu/home/catalog.html](http://info.sjsu.edu/home/catalog.html). In general, it is recommended that students begin by seeking clarification or discussing concerns with their instructor. If such conversation is not possible, or if it does not serve to address the issue, it is recommended that the student contact the Department Chair as a next step.

**Dropping and Adding**
Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Refer to the current semester’s Catalog Policies section at http://info.sjsu.edu/static/catalog/policies.html. Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage at http://www.sjsu.edu/provost/docs/2016-2017%20AY%20Calendar.pdf. The Late Drop Policy is available at http://www.sjsu.edu/aars/policies/latedrops/policy/. Students should be aware of the current deadlines and penalties for dropping classes. Information about the latest changes and news is available at the Advising Hub at http://www.sjsu.edu/advising/.

**Consent for Recording of Class & Public Sharing of Instructor Material**

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor’s permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.”
  - It is suggested that the green sheet include the instructor’s process for granting permission, whether in writing or orally and whether for the whole semester or on a class by class basis.
  - In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.
- “Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”
