Catalog Course Description
A beginning photography course which introduces basic aesthetic issues in (primarily black and white) image making. Introduces photographic technique utilizing digital cameras, electronic image processing and digital printing. Requires a DSLR (digital single lens reflex) camera. Requires Adobe Lightroom.

Course Goals
This beginning course will teach you the technical, aesthetic and conceptual components of black and white digital photography. The class will introduce you to the language of image making, with assignments designed to hone both your technical skills, and develop your ability to communicate as an artist. This semester you will learn the ins and outs of handling your DSLR camera, adjusting your images using Adobe Lightroom Classic CC, and making gorgeous inkjet prints of your photographs.

Students in this course will complete a series of exercises and assignments that will help build technical and composition skills. Each project is designed to inspire personal vision and creativity. Self-expression through the medium of photography is strongly encouraged. Students will leave the course with a group of photographs they should be proud to put on their walls.

Course Requirements and Assignments
Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus. More details about student workload can be found in University Policy S19-6 at http://www.sjsu.edu/senate/docs/S19-6.pdf.

The class includes four shooting assignments, a photographic book, two papers and one exam. In addition there will be four smaller exercises, done both in-class and as homework. In addition to technical lectures that will cover basic camera use, exposure, and composition, you will also be introduced to a variety of photographic work through digital slide lectures and discussions covering not only well-known historically significant photographic artists, but more recent trends in photography as well. We will take a class field trip to the San
Jose Institute of Contemporary Art, and will participate in the Photo Program Field trip to San Francisco this semester.

**Class Participation**
The best way to develop your skills and ideas is to be here and actively participate. While attendance cannot be graded and part of your participation grade, there will be a number of lectures, demos and discussions that you will not experience if you are not present. Your participation in the form of regular involvement in activities and discussions is not only required but mandatory. This includes asking questions, which can have a positive effect on your class participation grade. I expect you to attend all critiques, whether or not you have work to show. Failure to do so could negatively effect your class participation grade. Your voice is critical to the success of this class. If you are experiencing extenuating circumstances it is your responsibility to make me aware of your situation when it occurs.

**Final Examination or Evaluation**
The Final Exam is a required class. Missing it without prior arrangements or a personal or family emergency will result in an F for your participation grade, and may result in not passing the class despite all previous work being turned in. I reserve the Final Exam date to finish up critiques and I will be return all graded to work to you. The Final Exam is on Thursday, December 13th from 9:45am-12:00pm.

**Grading Information**

**Assignment Format and Submission:** The course requires students to work both in class, and independently outside of class. This includes photographing, adjusting images, researching and writing.

Students should be prepared to print on print days. Students are not allowed to print without instructor supervision, and **you will not have opportunities to print outside of class at SJSU**.

Four exercises will be done primarily in-class, with some additional photography and post production done as homework:

- 100 Photos
- Portraits
- Scavenger Hunt
- DOF/Motion

Three assignments will be photographed outside of class time, but there will be some open lab time scheduled to allow you to work on your projects. **You will not be able to complete your assignments in class, additional work time at home is needed:**

- The Magic of Light
The Visceral Photograph
• Red/Revisit/Iterate

There are two longer assignments, which are weighted heavier in the overall grade for the course. One is a combination research paper and photography assignment. The other is akin to a final project, and is a collection of 10-20 related photographs presented as a book:

• Inspiration
• The Book

All assignments are submitted by USB drive on the due date. Prints must be submitted in an envelope to protect your work. Written papers must be submitted as a hard copy, electronic submissions will not be accepted.

Evaluations will be graded on your technical achievements and your creative solutions to the challenges given. I strongly encourage risk taking in this class, and thoughtful experimentation will help increase your grade.

Determination of Grades

A  Outstanding: thoughtful and intelligent ideas presented in a clear, organized, and engaging manner; among the very best.

B  Above Average - Good: the ideas are interesting and successfully presented; shows potential, but not necessarily distinctive; roughly equal in quality to the majority of work completed by other students.

C  Average - Mediocre: achieves minimum requirements of the assignment, but not particularly clear, nor ambitious. Quality of work is below that of most other projects submitted. May be above average idea presented in incomplete state.

D  Unsatisfactory: does not satisfy the minimum requirements of the assignment; generally unsatisfactory in terms of quality and clarity.

F  You didn't submit an assignment.

Relative weight of course requirements

Exercises  10%
3 Assignments  30%
Research Paper/Assignment  20%
Final Project/Book  20%
San Jose Museum of Art Paper  5%
Exam 5%
Class Participation 10%

**Numeric Grade Equivalents:**
97 - 100% A+
93 - 96.9% A
90 - 92.9% A-
87 - 89.9% B+
83 - 86.9% B
80 - 82.9% B-

Late assignments will be reduced by one letter grade for each week it is late, unless advance notice is given to me and I have approved the late submission. Documented personal, family and health emergencies are exempt from this late policy.

**Please note:** Except in cases of documented emergencies which have been discussed with me, incomplete grades are not given in this course.

This course must be passed with a C or better as a CSU graduation requirement.

A minimum aggregate GPA of 2.0 SJSU Studies (R, S, & V) shall be required of all students as a graduation requirement. Note that “All students have the right, within a reasonable time, to know their academic scores, to review their grade-dependent work, and to be provided with explanations for the determination of their course grades.” See University Policy F13-1 at http://www.sjsu.edu/senate/docs/F13-1.pdf for more details.

**Extra credit**
There are a variety of extra credit opportunities in class which include going on the Photo Department SF Field Trip and attending any photo related Tuesday night lectures at SJSU. You get additional extra credit for writing a paper on any of these events and you may do an additional gallery report to improve your grade. Papers require critical analysis, not just personal opinion.

**Classroom Protocol**
All students are expected to conduct themselves in a professional manner conducive to a university learning environment. This includes being on-time to class. Walking in late is not only disrespectful, but you will also have missed important class information. You are expected to be respectful to your peers as
well as myself.

Laptop Etiquette
Please use your laptops in respectful manner. Laptop use will be abundant for taking notes and for working in post process on your photographs. It will NOT BE USED for FB, email, or other non-relevant, to this course, use. Laptops should remain closed during critiques. Please show respect for me and those around you. And BTW, we instructors know when you are on these sites. We do see you, we just do not always address it because it will break the tempo of the classroom lecture.

Cell Phone Etiquette
Ringers on cell phones should be turned off during class time. Texting or playing games during a slide lecture or a technical demonstration is absolutely unacceptable. Earbuds and headphones may not be worn in class. If there is an emergency, please quietly inform me of the circumstances and leave the classroom in order to avoid interrupting the class. Again, please show respect for those around you.

Failure to follow the laptop and cell phone etiquette will negatively impact your class participation grade.

University Policies
Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs’ Syllabus Information web page at http://www.sjsu.edu/gup/syllabusinfo/.

Academic Integrity
Submitting projects already turned in in another class counts as cheating. All work made in this class must be new work, created by the student submitting the project.

Your commitment, as a student, to learning is evidenced by your enrollment at San Jose State University. The University Academic Integrity Policy S07-2 at http://www.sjsu.edu/senate/docs/S07-2.pdf requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The Student Conduct and Ethical Development website is available at http://www.sjsu.edu/studentconduct/.

Dropping and Adding
Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage at http://www.sjsu.edu/provost/academic_affairs/resources/academic_calendars/. Students should be
aware of the current deadlines and penalties for dropping classes (Late Drop Information). Information about the latest changes and news is available at the Advising Hub, [http://www.sjsu.edu/advising/](http://www.sjsu.edu/advising/).

**Department Advising**

**Campus Policy in Compliance with the American Disabilities Act**

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 requires that students with disabilities requesting accommodations must register with the Accessible Education Center (AEC) to establish a record of their disability.
