COURSE INFORMATION

DESCRIPTION

The class Topics In Advanced Painting (a.k.a. Making Works That Work) supports the production of a unique body of work by each student. Students in the course will create an individualized trajectory in their painting practice through a series of one-on-one and group discussions throughout the semester. Questions that derive from these meetings will guide making that works. Together, the class will investigate the notion of “works” in relation to a collective labor of making, producing, and viewing that is associative and generative. This inquiry can be a meditation on the issues most pressing and important to the students current painting practice or new issues that arise during the semester. It is assumed that students taking this class have a degree of advanced technical painting skills and are ready to take the next step toward creating a cohesive body of work that is mature formally and conceptually in preparation for future exhibitions. In addition to regular meetings that
advance the development of student work, we will discuss contemporary readings about painting, look at art, and attend critiques and guest lecturers. This course will support the development of a unique artistic voice, which understands itself in relation to a network of broader cultural and historical references.

GOALS

As an advanced painter, you will want to generate ideas continually, constantly revise existing paintings, expand your canvas size, and refine your methods of constructing these sub-straits. Size, support, and configuration for each painting will be determined during our individual conferences. It is understood that you have achieved a certain conceptual and technical level that will facilitate you to pursue ideas of your own. As the semester evolves, through individual conferences, we will discuss your painting concerns. You have a unique opportunity to concentrate on the development of your individual painting approach. Possible strategies include:

- A focus on thematic content
- Painting a series of work
- Working on several paintings simultaneously (a great way to develop consistency)
- In preparation for your BFA Art 199 exhibition, the class will serve as a resource for generating a cohesive body of artwork.

COURSE REQUIREMENTS | PROTOCOL | ASSIGNMENTS

ATTENDANCE & PARTICIPATION

Attendance is mandatory and extremely important. Maintaining a level of seriousness and completing the course work is instrumental to success in the course. Students are asked to turn off cell phones and to limit laptop use while in class. All students are required to respect their fellow students by maintaining an atmosphere conducive to concentration and learning. This means, in part, arriving to class punctually and, when it is absolutely necessary to arrive late or leave early, to do so as quietly as possible.

GENERAL REQUIREMENTS

SJSU classes are designed such that in order to be successful, it is expected that students will spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in University Policy S12-3 at http://www.sjsu.edu/senate/docs/S12-3.pdf.

Regular attendance and work during class time, along with participation in class critiques and discussions, is mandatory. All assignments must be handed in on time. Any assignments handed in late will be graded down a whole grade. (Note: According to University policy F69-24, “Students attend all meetings of their classes, not only because they are responsible for material discussed therein, but because active participation is frequently essential to
Conferences are required. We meet individually to clarify goals and to build your confidence as a painter. They will take place during class time. Students will work on painting, conduct research (reading and looking at art), draw, reflect and respond when not in conference. Each student will be responsible for scheduling his or her conferences. At least 3 private meetings for 15 to 20 minutes for each painting will be required of each student, this time may change and depends on how many students are enrolled. This semester, you are asked to produce, (but not limited to create) TWO finished series of (3) paintings that reflect at least 8 hours of studio time per week for each painting with regards to number of weeks assigned per painting. Studies or sketches for finished paintings are considered as significant evidence of time you put in to accomplish your paintings and are a pivotal source for each series. Library and museum research (both reading and seeing) is also an important means to help in the making of your painting. A310 will be available for you Tuesday starting from 8:00 all day to encourage community and study discipline outside of class.

CLASS PARTICIPATION

Class participation is an essential component of the course. Participation includes engaging in questions and/or discussion; giving verbal presentations of research; and attending any field trips.

FINAL EXAMINATION OR EVALUATION

“There shall be an appropriate final examination or evaluation at the scheduled time in every course, unless specifically exempted by the college dean who has curricular responsibility for the course.” University Policy S06-4 (http://www.sjsu.edu/senate/docs/S06-4.pdf)

RELATIVE WEIGHT OF COURSE REQUIREMENTS

1) Reading or Writing Assignments (5%) 2) Classwork (20%) 3) Midterm Critique (30%) 5) Final Critique (30%) 6) Attendance & Participation (15%).

GRADING POLICY

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of forty-five hours over the length of the course (normally 3 hours per unit per week with 1 of the hours used for lecture) for instruction or preparation/studying or course
related activities.

DETERMINATION OF GRADES

Grades will be assigned on the basis of the paintings required to complete the course. All project grades will be assessed on a scale of 0-100. ● University policy F15-12 (http://www.sjsu.edu/senate/docs/F15-12.pdf)
ATTENDANCE POLICY

All studio sessions are mandatory unless an overlap form has been signed by the instructor for a seminar or other Art History class. If a student is absent more than three times without an excuse, their grade will be lowered due to lack of participation. Please notify instructor of your absence and submit a medical excuse if your absence exceeds three times. University policy F69-24, “Students should attend all meetings of their classes, not only because they are responsible for material discussed therein, but because active participation is frequently essential to insure maximum benefit for all members of the class. Attendance per se shall not be used as a criterion for grading. One half grade point will be deducted for late work or missed critique. If critique is missed medical note or other documentation required as justification. You must complete six paintings in order to pass the course.

Please note: Except in cases of documented emergencies, incomplete grades are not given in this course. Make sure in advance that you will have no conflicts with the final exam. Do not book flight tickets, make appointments, or in any other way compromise your ability to be present at the final exam. The final work may not be viewed early and can only be made up in the case of an unforeseen emergency. “All students have the right, within a reasonable time, to know their academic scores, to review their grade-dependent work, and to be provided with explanations for the determination of their course grades.” See University Policy F13-1 at http://www.sjsu.edu/senate/docs/F13-1.pdf for more details.
