Course Description
Concepts and principles of lighting using both daylight and incandescent light sources and the use of standard studio lighting equipment.

Course Content and Objectives
It is the goal of this course to introduce the student to artificial lighting techniques in the studio. Gaining knowledge of how light works while developing the ability to interpret the light reflecting off of or transmitting through the subject(s) is the primary objective of this class. Aesthetic and technical concerns of effective visual perception and communication are learned through lectures, demonstrations and studio-shooting assignments.

Course Learning Outcomes (CLO)
By completing three technical exercises (with a partner) and four individual shooting assignments, the student will be well prepared to produce a final portfolio of 6 studio images suitable to the student’s own vision.

Upon successful completion of this course, students will be able to:
CLO1 ‘See light’; understand the characteristics and the principles of light.
CLO2 Create ‘natural’ light in the studio; visually define/describe/display, shape, texture and volume of three-dimensional objects in a two-dimensional space.
CLO3 Define shape and volume of transparent objects.
CLO4 Understand the importance of remote capture.
CLO5 Use Lightroom to capture, edit, organize, and enhance images.
CLO6 Professional practices will be applied regarding preparing of studio shots while creating a realistic environment.

Course Requirements and Assignments
SJSU classes are designed such that in order to be successful, it is expected that students will spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in University Policy S12-3 at http://www.sjsu.edu senate/docs/S12-3.pdf

Class Participation
Your participation in the form of regular involvement in activities and discussions is not only required but mandatory. This includes asking questions, which can have a positive effect on your class participation grade. You are expected to attend all critiques, whether or not you have work to show. Failure to do so could negatively affect your class participation grade. Your voice is critical to the success of this class. If you are experiencing extenuating circumstances it is your responsibility to make me aware of your situation when it occurs. Be proactive and communicate throughout the semester.

Final Examination
The Final Exam is a required class. Missing it may result in not passing the class despite all previous work turned in. The Final Exam is on Tuesday, December 17 at 9:45AM-12:00PM in Duncan Hall, Rm 409.

Determination of Grades
I strongly encourage risk-taking and thoughtful experimentation, which will help increase your course grade. Your assignments will be graded on your creativity, technical achievements and your creative solutions to the challenges given. The work created in class will be evaluated based on the following criteria:

A - Excellent: Thoughtful and intelligent ideas presented in a clear, organized, and engaging manner; among the very best.
B - Above Average: The ideas are interesting and successfully presented; shows potential, but not necessarily distinctive; roughly equal in quality to the majority of work completed by other students.
C - Average: Achieves minimum requirements of the assignment, but not particularly clear, nor ambitious. Quality of work is below that of most other projects submitted. May be above average idea presented in incomplete state.
D – Below Average: Does not satisfy the minimum requirements of the assignment.
F – Unsatisfactory: Did not submit an assignment.

Participation Grade can be adversely affected by missing class, showing up late, sleeping, on your device, being a distraction, and being an unengaged member of the class.
Projects
3 Technical Exercises = 150 points
4 Shooting Assignments = 400 points
Final Portfolio – 5-6 new and different studio images = 150 points
Participation = 100 points (includes class discussions, critiques, exercises, collaboration, engagement)

Total Possible Points: 800 points

Late assignments will only be accepted under unusual, extenuating, or emergency circumstances. Documented personal, family and health emergencies will be considered and evaluated. You must provide official documentation when you return to class after an absence. An excused absence or extension will be at the discretion of the instructor.

Grading Scale
All assignments have clear criteria and objectives to meet. All students shall be treated equitably. The criteria for determining a student’s grade shall be as follows on a percentage of the total points:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Grade Point</th>
<th>Percentage</th>

Classroom Protocol
All students are expected to conduct themselves in a professional manner conducive to a university learning environment. This includes being on-time to class. You will be expected to be on time, engaged and present throughout class meetings, critiques, lectures, shooting assignments and lab. Students are encouraged not only to engage with their instructor regarding their work, but also with the other students within the class. Participation in group critiques is both expected and mandatory.

Laptop Etiquette
Laptop usage beyond tether capturing and editing photographs for this class is prohibited.

Cell Phone Etiquette
Cell phone use is absolutely prohibited in class.

Failure to follow the laptop and cell phone etiquette will affect your class participation grade severely.

University Policies
Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs’ Syllabus Information web page at http://www.sjsu.edu/gup/syllabusinfo/”

Academic integrity
Your commitment, as a student, to learning is evidenced by your enrollment at San Jose State University. The University Academic Integrity Policy F15-7 requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. Visit the Student Conduct and Ethical Development website for more information.

Campus Policy in Compliance with the American Disabilities Act
If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 requires that students with disabilities requesting accommodations must register with the Accessible Education Center (AEC) to establish a record of their disability.

Student Technology Resources
Computer labs and other resources for student use are available in:

- Academic Success Center at http://www.sjsu.edu/at/asc/ located on the 1st floor of Clark Hall
- Associated Students Computer Services Center at http://as.sjsu.edu/ascsc/ on the 2nd floor of the Student Union
- Student Computing Services at http://library.sjsu.edu/student-computing-services/student-computing-services-center
- Computers at the Martin Luther King Library for public at large at http://library.sjsu.edu/reserve-studymeeting-room/computers-king-library
- Additional computer labs may be available in your department/college

A wide variety of audio-visual equipment is available for student checkout from Media Services located in IRC 112. These items include DV and HD digital camcorders; digital still cameras; video, slide and overhead projectors; DVD, CD, and audiotape players; sound systems, wireless microphones, projection screens and monitors.

SJSU Peer Connections
Peer Connections’ free tutoring and mentoring is designed to assist students in the development of their full academic potential and to inspire them to become independent learners. Peer Connections tutors are trained to provide content-based tutoring in many lower division courses (some upper division) as well as writing and study skills assistance. Small group and individual tutoring are available. Peer Connections mentors are trained to provide support and resources in navigating the college experience. This support includes assistance in learning strategies and techniques on how to be a successful student. Peer Connections has a learning commons, desktop computers, and success workshops on a wide variety of topics. For more information on services, hours, locations, or a list of current workshops, please visit Peer Connections website at http://peerconnections.sjsu.edu for more information.

SJSU Writing Center
The SJSU Writing Center is located in Clark Hall, Suite 126. All Writing Specialists have gone through a rigorous hiring process, and they are well trained to assist all students at all levels
within all disciplines to become better writers. In addition to one-on-one tutoring services, the Writing Center also offers workshops every semester on a variety of writing topics. To make an appointment or to refer to the numerous online resources offered through the Writing Center, visit the Writing Center website at http://www.sjsu.edu/writingcenter. For additional resources and updated information, follow the Writing Center on Twitter and become a fan of the SJSU Writing Center on Facebook. **Accommodation to Students’ Religious Holidays**
University Policy S14-7 states that San José State University shall provide accommodation on any graded class work or activities for students wishing to observe religious holidays when such observances require students to be absent from class. It is the responsibility of the student to inform the instructor, in writing, about such holidays before the add deadline at the start of each semester. If such holidays occur before the add deadline, the student must notify the instructor, in writing, at least three days before the date that he/she will be absent. It is the responsibility of the instructor to make every reasonable effort to honor the student request without penalty, and of the student to make up the work missed.

**Consent for Recording of Class and Public Sharing of Instructor Material**
University Policy S12-7, requires students to obtain instructor’s permission to record the course and the following items to be included in the syllabus:

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor’s permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.”
  - It is suggested that the greensheet include the instructor’s process for granting permission, whether in writing or orally and whether for the whole semester or on a class by class basis.
  - In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.
- “Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”
