Course Format: Studio

Course Description

Focus on personal stylistic development, individual critiques and portfolio preparation. Includes gallery and studio visits. Students are expected to be self-directed, explore new ideas, and take risks while developing a body of work. Students are strongly encouraged to complete all processes for finishing their work, including: making your own clays, slips, and glazes; loading, programming, firing and unloading kilns; maintaining a clean and safe studio practice.

Course Learning Outcomes (CLO)

Students will gain understanding of:

1. the language of ceramic vessels and forms
2. the nature and experience of ceramic vessels and forms
3. objects in relation to the spaces they occupy
4. vessels in relation to the body and user
5. the relationship between technology and conceptualization in clay
6. the possibilities and limitations of materials in relation to form and concept
7. additive and subtractive processes for generating form and space
8. equipment, safety, and certain fabrication methods
9. Craft vs. craft, and its position in fine arts
10. highly refined craftsmanship

Required Materials

There is no textbook required for this course, but you are required to purchase your own tools and clay. You will need an assortment of tools (needle tool, trimming tools, ribs, fettling knife, small sponge, cutting wire, etc.). Normally sold as a kit, these items are available through the SJSU Ceramics Guild, the Student Union, or Clay Planet (Clay Planet is a local supplier located at 1774 Russell Ave., Santa Clara. Hours are M-F 9-5 and Sat 10-3, 408-295-3352, clay-planet.com.) Additional carving tools will be helpful and can be purchased at most craft stores or Clay Planet. You will also need to provide a lock for your locker, a metal fork (this will get gnarly, so don't bring in the good silver), lightweight trash bags (tall kitchen bags work well), small plastic containers (quart size yogurt or a little larger), cheap paint brushes of various sizes. You have the options of purchasing clay as needed through the SJSU Ceramics Guild (\$10 per bag) or mixing up free recycled clay. Consult me before bringing in other types of clay as it may or may not be suitable for the project and/or the studio and/or the firing technique for the project. A sketchbook is a must (nothing smaller than 5"x7" and you will need approximately 20-30 pages for this class).

Estimated Cost: variable, depending on specific projects

Hazardous Materials (HAZMAT)

Many materials for use in this course require special handling. A HAZMAT tutorial and training will be conducted by instructor and staff.

GRADING INFORMATION

Grading in this course will be determined by a point system. There is a total of 100 possible points that can be earned. At the end of the semester these points will be totaled, and your final grade will then be impacted by participation as outlined above. You will receive a grade upon completion of each project. At midterm I will let you know where you stand in terms of class participation.

Course Requirements and Assignments

Creative Projects:	80 points
Contemporary artist paper:	5 points
Presentation:	5 points
Participation:	<u>10 points</u>
Total possible points:	100

Assignments: By our second class meeting, you will complete a written proposal for your semester’s work, outlining your creative interests and approximate a number of works completed. This proposal, once confirmed as appropriate by instructor, will serve as your contract and guide for the term. The proposal will be re-visited and edited, if necessary, at midterm.

Meetings: As a self-directed student, you are required to work independently, though you will be guided through your projects with assistance of the instructor (elaborating and expanding on advanced techniques and processes) as needed. You are required to check-in during class meeting times to discuss your work according to the schedule attached to the end of this syllabus.

Grades for your creative projects will be determined by the following criteria:

- Willingness to explore, experiment and **take risks**
- Creative thought process and problem solving
- Understanding of materials and process and their relationship to your finished work
- Your ability to evaluate yourself and others
- Fulfillment and understanding of the assignment’s criteria and objectives
- Deadline – please note missed deadlines will result in a loss of 5 points per day. Be prepared to work outside of class to meet deadlines.
- Projects may be reworked for a higher grade at my sole discretion and will be determined on a case-by-case basis. Please be aware this is a privilege, not a right; this option may not be available to you.

Final Examination (Critique)

Thursday, May 18, 2:45 pm – 5:00 pm.

GRADING SCALE

95-100 = A

90-94 = A-

87-89 = B+

83-86 = B

80-82 = B-

77-79 = C+

73-76 = C

70-72 = C-

67-69 = D+

63-66 = D

60-62 = D-

59 and below = F

A= Excellent work

B= Above average work

C= Average work

D= Below average work

F= Unsatisfactory work

Deadlines

These will be agreed upon by student and instructor. You are required to meet deadlines for your work. Due to the timing of kiln firings involved in a robust facility such as SJSU, it is extremely important to meet deadlines. If your work is not ready at a deadline, show up for class with the work you have and speak to me.

Classroom Protocol**Critiques**

Critical inquiry is vital in the studio arts process, which is why we hold group critiques for each finished project. Occasionally we will hold impromptu mid-project critiques. The purpose of the critique is to engage in constructive evaluation and is not synonymous with “judgment day.” That is to say that we are all responsible for removing ourselves from our work and look at it critically from the outside. We will address formal and craftsmanship concerns while investigating concept, content, context, meaning and interpretation. Everyone’s opinion is valuable in this process so it is essential for your participation in group critiques.

It is very important to me that everyone can come to class and participate to their fullest level of comfort and ability. Making ceramic wares and ceramic art requires a degree of questioning what you know, taking risks and embracing challenges. I will do my utmost to promote an environment where mutual respect, constructive criticism, and creative exploration are valued, and I expect the same from everyone who comes in the door. Since active critique of work is a vital part of this class, disrespect towards peers (or yourself) is not acceptable. I ask that you have the courage to speak your ideas and respect the ideas of others.

Attendance/Lateness

You are expected to come to class awake, fed, and ready to make, think and talk. Your timely and engaged presence is expected at every class meeting. Several topics will receive only one day of attention and by missing class you run the risk of coming out of the class with an incomplete set of skills.

Arriving late or leaving early disrupts the flow of class and undermines your own success. Please make every effort to arrive on time and prepared for class. Please let me know before class if you will need to leave early.

If you arrive after I have already taken roll, please let me know of your presence so you will be marked as late and not absent.

Room Care

A clean studio is a happy studio. At the end of each day, the studio should be in as good, if not better, condition than when we started. Everyone has responsibility for cleaning up their workspace and putting away or removing their work at the end of each day. At the end of the semester, all work must be removed from the room. Work that remains into the next semester will be thrown away. This is a messy business; failure to clean your workspace is not acceptable and will negatively affect your grade. **CLEAN UP** begins 20 minutes before the end of class. All areas you have used must be cleaned before you leave the studio. Per a healthy studio, cleaning up clay is best done with a wet sponge (it helps keep dust from dispersing throughout the studio).

No Cell Zone

Cell phones are wonderful devices that must be put away when you walk in the door. You can rejoin them later over break or at the end of class. Absolutely NO TEXTING during class.

University Policies

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs’ [Syllabus Information web page](http://www.sjsu.edu/gup/syllabusinfo/) at <http://www.sjsu.edu/gup/syllabusinfo/>”
