Course Description
Elements and principles of drawing. Studio practice emphasizing line, shape and light-dark used in visual art and design.

This class is an introduction for beginners to the basic principles and materials necessary to develop drawing skills. A variety of approaches to drawing will be examined and discussed in order to illustrate the diverse nature of this activity. This is a studio class where demonstrations of drawing methods will be given on a regular basis. This practical knowledge will be supported with lectures to enhance a student’s awareness of art historical practices related to drawing.
Course Goals and Student Learning Objectives

Course projects are designed to familiarize students with the basic mechanics of traditional drawing practice and media. Students will learn various drawing techniques in order to represent still life objects in a convincing manner. Technical demonstrations are designed to enable students to record their visual responses to a variety of subjects. The broader objective is to introduce an awareness of historical drawing approaches with an emphasis on 20th century masters.

Upon successful completion of this course, students will be able to:

SLO 1: Create works in a wide range of media and materials, including but not limited to; charcoal, pencil and graphite, ink, various drawing tools, and a variety of papers that are instrumental in making drawing successful.

SLO 2: See and visually comprehend, specifically in relation to the process of drawing.

SLO 3: Understand and apply pictorial principles, including: the picture plane, compositional frameworks, and the overall design of pictorial space.

SLO 4: Demonstrate an awareness and sensitivity to the nature and importance of line, weight, form, volume, texture and pattern.

SLO 5: Discern the challenging applications of tone and value and demonstrate sensitivity to issues of light and space.

SLO 6: Employ drawing as an investigative process, in a variety of applications, and communicate their experiences through the act of drawing and practice.

Assignments and Grading Policy

Grades will be assigned on the basis of the drawing projects and related homework required of the course.

Homework will be assigned every Wednesday class meeting. It will be due the following Monday.
All project grades will be assessed on a scale of 0-100

Grading Percentage Breakdown: A 94% and above, A- 93% - 90%, B+ 89% - 87%, B 86% - 84%, B- 83% - 80%, C+ 79% - 77%, C 76% - 74%, C- 73% - 70%, D+ 69% - 67%, D 66% - 64%, D- 63% - 60%, F below 60%.

Grades are based on the following criteria:

1. Effort
2. Attention to learning
3. Technical accomplishments and execution
4. Formal development and creative solution of each assignment

Missed assignments must be completed and before the final class meeting. Failure to do so will result in a lower grade.

Arriving on time with your materials is essential. Demonstrations will be given at the beginning of class and will not be repeated.

Classroom Protocol

All students should turn their cell phones off before entering the class. Laptops should be closed except for presentations. Excessive tardiness may affect grade. Students are responsible for knowing the assignments and necessary materials. Students are expected to come into class prepared to work.

Dropping and Adding

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Refer to the current semester’s Catalog Policies section at http://info.sjsu.edu/static/catalog/policies.html. Add/drop deadlines can be found on the current academic calendar web page located at http://www.sjsu.edu/academic_programs/calendars/academic_calendar/. The Late Drop Policy is available at http://www.sjsu.edu/aars/policies/latedrops/policy/. Students should be aware of the current deadlines and penalties for dropping classes.

Information about the latest changes and news is available at the Advising Hub at http://www.sjsu.edu/advising/.
