Course Requirements and Assignments

SJSU classes are designed such that in order to be successful, it is expected that students will spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in University Policy S12-3 at

<http://www.sjsu.edu/senate/docs/S12-3.pdf>.

Class Participation

The best way to develop your skills and ideas is to be here and actively participate. There will be a number of lectures and demos and we'll have many discussions that you will not experience if you are not present. *Your participation in the form of regular involvement in activities and discussions is not only required but mandatory.* This includes asking questions, which can have a positive effect on your class participation grade. *You are expected to attend all critiques, whether or not you have work to show. Failure to do so could negatively affect your class participation grade.* Your voice is critical to the success of this class. If you are experiencing extenuating circumstances it is your responsibility to make me aware of your situation when it occurs. Giving me a list of personal difficulties you had at the end of the semester won't be very effective in terms of attempting to lobby for a higher grade. Be proactive and communicate throughout the semester.

Final Examination

The Final Exam is a required class. Missing it may result in not passing the class despite all previous work being turned in. **The Final Exam is on Friday, May 18 from 7:15AM-9:30AM in Duncan Hall, Rm 410**

Determination of Grades

I strongly encourage risk taking in this class, and thoughtful experimentation will help increase your grade. Your assignments will be graded on your technical achievements and your creative solutions to the challenges given. The work created in class will be evaluated based on the following criteria.

A - Excellent: Thoughtful and intelligent ideas presented in a clear, organized, and engaging manner; among the very best.

B - Above Average: The ideas are interesting and successfully presented; shows potential, but not necessarily distinctive; roughly equal in quality to the majority of work completed by other students.

C - Average: Achieves minimum requirements of the assignment, but not particularly clear, nor ambitious. Quality of work is below that of most other projects submitted. May be above average idea presented in incomplete state.

D – Below Average: Does not satisfy the minimum requirements of the assignment.

F – Unsatisfactory: Did not submit an assignment.

Participation can be adversely affected by missing class, showing up late, sleeping, on your device, being a distraction, and being an unengaged member of the class.

Printing Days

Printing sessions are scheduled in advance for each assignment with the class being divided into two groups. You must be present for your scheduled printing day, otherwise you will fail the assignment. Printing is done only during class time and under the supervision of the professor. *You will not have opportunities to print outside of class at SJSU and cannot use outside facilities.*

Projects

Emotion - 50 points
Self-Portrait + Reflection Paper - 100 points
Fine Art + Reflection Paper – 100 points
Social Practice + Reflection Paper – 100 points

(You and a partner will collaborate and give a presentation to the class. You will not be able to work alone.)

Participation (includes in-class discussions & exercises) – 100 points

Total Possible Points: 500 points

Late assignments will not be accepted for credit. Documented personal, family and health emergencies are exempt from this late policy. You must provide official documentation when you return to class after an absence. An excused absence or extension will be at the digression of the instructor.

Grading Scale:

All assignments have clear criteria and objectives to meet. All students shall be treated equitably. The criteria for determining a student’s grade shall be as follows on a percentage of the total points:

Letter Grade	Grade Point	Percentage
A	4.0	93-100%
A-	3.7	90-92%
B+	3.3	87-89%
B	3.0	83-86%
B-	2.7	80-82%
C+	2.3	77-79%
C	2.0	73-76%
C-	1.7	70-72%
D+	1.3	67-69%
D	1.0	60-66%
F	0.0	0-59%

Classroom Protocol

All students are expected to conduct themselves in a professional manner conducive to a university learning environment. This includes being on-time to class. You will be expected to be on time, engaged and present throughout class meetings, critiques and lectures. Students are encouraged not only to engage with their instructor regarding their work, but also with the other students within the class. *Participation in group critique is both expected and mandatory.*

Laptop Etiquette

Laptop usage beyond editing photographs for this class is prohibited.

Cell Phone Etiquette

Cell phone use is absolutely prohibited in the class.

Failure to follow the laptop and cell phone etiquette will affect your class participation grade.

Accommodation to Students' Religious Holidays

University Policy S14-7 states that San José State University shall provide accommodation on any graded class work or activities for students wishing to observe religious holidays when such observances require students to be absent from class. It is the responsibility of the student to inform the instructor, in writing, about such holidays before the add deadline at the start of each semester. If such holidays occur before the add deadline, the student must notify the instructor, in writing, at least three days before the date that he/she will be absent. It is the responsibility of the instructor to make every reasonable effort to honor the student request without penalty, and of the student to make up the work missed.

Consent for Recording of Class and Public Sharing of Instructor Material

University Policy S12-7, requires students to obtain instructor's permission to record the course and the following items to be included in the syllabus:

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor's permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.”
 - It is suggested that the greensheet include the instructor's process for granting permission, whether in writing or orally and whether for the whole semester or on a class by class basis.
 - In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.
- “Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated

material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”
