        hiring a search firm to help us in finding suitable candidates and was approved. We have

III. Additional Meetings/Activities

01. California State Student Association: The 2018/2019 CSSA Board of Directors has identified three key areas that will inform our work of pursuing forward-thinking higher education policies. We will pursue strategies that ensure an affordable, equitable, and holistic educational experience that promotes student success and well-being.
   a. Priority 1: Enable access to housing, food, and wellness resources that promote overall student health and safety.
   b. Priority 2: Ensure that the CSU is accessible, affordable, and sustainable.
   c. Priority 3: Ensure the academic success and holistic educational experience of all CSU students.

02. Board of Trustees update: There was an action item in regard to an executive compensation policy for our campus presidents.
   a. A study comparing the base salaries of CSU presidents to a market median of our competing peer institutions, in addition to four different
policy models addressing different ways to meet the market median, were presented to the Board of Trustees on the day of the meeting. The first model would bring all campus presidents currently under the median of our peer institutions up to the market median of 85%. The second model would bring all presidents currently below the market median up to 100%. The last two models are similar, however they take the number of years spent in the CSU into consideration, bringing campus presidents up to the market median incrementally over time.

b. Instead of voting on it that day like they had originally planned, the Board of Trustees felt that they needed more information and postponed the item until their questions could be answered.

c. Current compensation policy:
   
   i. When a president vacancy occurs, the successor president’s salary should not exceed the incumbent’s salary by more than 10%. Any amount in excess of the incumbent’s salary shall be based upon criteria such as extraordinary circumstances, knowledge and/or experience or ability to contribute to and advance the university’s mission. Additionally, as of January 1, 2018, a president’s salary can only be funded with state funds.

   ii. The chancellor shall have authority to negotiate recommended starting salaries for presidents. The chancellor shall present the recommended salary to the Board of Trustees for approval.
