Fellow Spartans,

My name is Jyotsna Kethepalli and I am proud to be serving as the Controller and Chief Financial Officer of Associated Students, Inc. of San Jose State University for the 2019-2020 academic year. San Jose State University is honored to thrive itself on its diversity, its unbounded learning, and of course, its Spartan Pride.

With all of these attributes, and much more, Associated Students has been paving the way to envision a better Spartan community. Year after year, Associated Students has continued their mission of providing each Spartan with the necessary tools and resources they need to enhance their experience and success here at SJSU. That being said, I am happy to inform you that A.S. has budgeted and allocated $250,000 to provide funding to Recognized Student Organizations on campus for the entire academic year. Eligible student organizations may apply to receive up to $2700 for the year. Funding will be awarded to student organizations on a first come first serve basis after the request is approved by the A.S. Finance Committee.

Student Organization Funding is one of the many opportunities provided by Associated Students to continuously improve the quality of students’ educational opportunities and experiences. As in the past years, all funded student organizations will be required to participate in the Spartan Showcase held in Spring’20 and share their amazing accomplishments as a result of the funding A.S provided them with.

I encourage every student organization to thoroughly read the A.S. Resource Guide. This document will provide you with instructions and examples on how to apply for funding as well as the categories of funding you can choose from. Associated Students follows strict funding procedures to ensure equal allocation is executed throughout San Jose State’s 450+ student clubs and organizations. For more information regarding stipulations, guidelines and regulations, please visit our website at as.sjsu.edu.

I urge you to take advantage of all the resources that are given to you here at San Jose State. As I am serving my third year as an Executive Officer and Representative of the A.S Board of Directors, I hope to develop a strong relationship and be a personal resource to all of you. Please, do not hesitate to contact me with any questions you may have.

Thank you and good luck on your future endeavors!

Go Spartans!

**Apparel** – Maximum allocation for apparel is $750 per year for organization members and another maximum allocation of $1,000 per year for philanthropic related apparel. Demonstrated necessity must be presented. All requests must be accompanied by a quote and a preliminary design that shows where the A.S. logo will be located. **Price lists will not be accepted.** All apparel approved by the A.S. Finance Committee or the A.S. Board must have the current A.S. logo at a visible location that meets A.S. Graphic Standards, including, but not limited to size, colors and location on specified item. Exceptions are at the discretion of the A.S. Finance Committee only. Quantities for non-philanthropy events are limited to the number equal to the participating organizations’ currently registered student membership. No funding will be granted for graduation apparel, resale items (unless for philanthropy), personalized items, or raffle prizes. Apparel requested for philanthropy events may not exceed 200 items beyond student membership. Definition of Philanthropy: Money raised for charitable causes; must be for an organization other than the requesting party. 100% of the proceeds from resale items must go to a philanthropic cause. Designs that use the SJSU name, acronym or marks must use the SJSU Power Source Identity Guide. Student organizations wishing to use the University's name need to place it after their organization’s name and use 'at SJSU'.

**Costume/Uniform** – Maximum allocation for costumes is $1,000/year. Costumes are defined as that which is required for the purpose of performing, competing and/or representing SJSU under the title and name of the
organization. Personalized or fitted costumes/uniforms will not be funded nor will accessories. Student Organizations must submit a letter from the club advisor stating that: Items shall be maintained as property of the organization, not the individual members, and will be properly inventoried for the ensuing members of the organization. Prudent care shall be taken to ensure the longevity of an item. Irresponsible actions or neglect will jeopardize future funding. Visual proof of wear and tear may be required for excessive requests. Decisions shall be at the discretion of the A.S. Finance Committee.

Student organizations, clubs, or groups receiving funding from Associated Students for publicity, promotional items, and apparel are required, unless stated otherwise to place the current A.S. logo on all materials relating to their A.S. funded activity according to A.S. Graphic Standards, including, but not limited to size, colors and location on specified item. FRF must include samples of publicity materials, promotional materials, or apparel.

A Student Organization's failure to abide by the Funding Stipulations of Associated Students will result in the student organization's ineligibility to receive funding from Associated Students during the following semester. Further noncompliance with A.S. Funding Stipulations may result in further consequences, as deemed by the Controller or the A.S. Finance Committee.

To whom it may concern,

Rocket Club is working closely with the Aerospace Engineering department in order to promote aerospace engineering to all campus students, especially those interested in building their own rockets. They welcome all students to participate in rewarding, hands-on projects as an exciting way to introduce them to aerospace engineering. Rocket Club activities involve the design, construction, and launching of model rockets under the supervision of experienced members and experts in the field. Along with this Rocket Club’s project HARP (High Altitude Rocketry Program) has given students the opportunity to work in subteams to collaboratively produce a two stage high powered rocket. Funding they receive will be allocated to the purchase of flight computers and altimeters for this rocket. Any excess materials are stored in a locked closet in E164. I therefore recommend Rocket Club’s funding request and expect the funds to benefit many campus students interested in joining.

Sincerely,

Joseph Rodriguez
Adjunct Professor, Aerospace Engineering

November 25, 2018

Dear Associated Student,

The Design, Build, Fly Club’s project is to design a functioning radio-controlled aircraft to compete in AIAA’s Design, Build, Fly competition. The rules for this year ask us to create an aircraft that has folding wings and complete missions that involve dropping toy missiles and a spinning radome at the top of the plane. The competition also requires us to launch our aircraft from a 10-foot-long ramp which has a 5-degree incline. The scoring from the competition comes from the three separate flying missions and 2 written reports that highlight our design, construction, and analysis of the aircraft. The competition is to take place in Tucson, Arizona from April 11-14 in 2019.

The club members have utilized this semester to create our preliminary design for the airplane. The first step that was to create weight and performance sizing parameters to dictate what strategy we would implement in our design to gain the highest score possible for the flying missions. Next, we created our initial configuration design that incorporates the given targets we suggested in the weight and performance sizing along with the addition of the extra weight from the payloads. The configuration design was then written as a proposal report and submitted to AIAA on October 31st. Out of the 110 teams to successfully submit approved proposals, our club placed at 71 in the scoring column. The design report is to be submitted on Feb 22, 2019. This design report is to elaborate a detailed analysis of our design and construction process. A video of a working prototype must also be submitted with the design report.

The club’s purpose for funding is to utilize the best materials and tools to construct our aircraft. Our manufacturing team has sent a list of what materials and tools they feel is needed in order to get the construction process started. In addition, the electronics team have specified the equipment needed to communicate through a ground controller, run our propulsion system, and operate the mechanisms for the payloads and folding wings. During this upcoming winter break, club members will converse at specific dates that fit within our desired schedule to construct a prototype aircraft. The scheduled plan is to have a flyable aircraft by mid-January. Once the plane can perform flight, the mechanisms that run the payloads and folding wings will be added at their desired positions. The club is required to have a competition ready plane by the design report on Feb 22. Modifications and improvements will be considered but must adhere to the submitted design in the design report.

Regards,

Design, Build, Fly at SJSU
November 25, 2018

Dear Associated Students,

The “Design Build Fly at SJSU” club at San José State University is working on the design of a remote control airplane following the guidelines of the American Institute of Aeronautics and Astronautics Design, Build, Fly (DBF) 2019 contest. San José State has done very well in these international competitions in part due to internal competition to select the best entry within the school for participation at the yearly event. Participation in this activity promotes the SJSU Engineering Department and provides valuable hands-on skills to the participants, as well as exposure to industry players and fellow students from other schools. The competition requires a faculty advisor for entry and I have agreed to serve in that role.

The Team is currently seeking funds for design and construction of their flying articles. I have worked with these students through the conceptual design phase and believe their concept merits financial support for a hardware integration phase.

I thank you for your consideration of the above.

Best Regards,

Gonzalo E. Mendoza
SJSU Aerospace Engineering Faculty Member

RE:        Use of Morris Dailey Auditorium

Our organization/department would like to request the use of Morris Dailey Auditorium on January 1, 2020 for our Annual Researchers Award show. The show will involve the SJSU campus as well as guests from other campuses. We are expecting 300 people from off-campus and will have 150 people from on-campus attending. I understand that the event and those attending will be my responsibility and will be on-site for the length of the show. If I am unable to attend, I will have another faculty member attend in my place.

There will be no admission fee for this event. We will need to use the Morris Dailey Auditorium from 8:00 am until 5:00 pm (including set-up and clean-up). This show has become the finale for the Researchers Trade Show which takes place at a nearby facility. We will require technical assistance, with lighting and sound. We understand that no tacks, tape, nails or other adhesives are allowed to attach the decorations within the (Auditorium) and are thinking up creative decorating solutions.

We thank you for your consideration in this matter. If you need further information or have questions, please contact me at (408) 924-5555. If we need to cancel the event, we will contact you at least 2 weeks in advance to avoid the cancellation fee.

(Please note: If you are a student organization that is requesting the use of Morris Dailey Auditorium, please identify your organization as being registered with the Student Life Center, include your mailbox # and your ASBO account # if applicable)

San José State UNIVERSITY

Standards for Student Organization Conduct

The University is committed to maintaining a safe and healthy living and learning environment for students, faculty and staff. Student organization behavior that is not consistent with the Student Organization Code of Conduct is addressed through an educational process that is designed to promote safety and good citizenship, and when necessary, impose appropriate consequences.

Student Organization Member Responsibilities

Members of student organizations are expected to be good citizens and to engage in responsible behaviors that reflect well upon their student organization and university; to be civil to one another and to others in the campus community; and to contribute positively to student and university life.

San José State University has established the following Student Organization Code of Conduct to ensure that all student organization officers and members understand and accept responsibility for the actions of themselves, their members and guests.

Application of This Code

The Office of Student Conduct and Ethical Development will exercise jurisdiction over recognized student organizations and member conduct, including fraternities, sororities and club sports. Action by the Office of Student Conduct and Ethical Development does not preclude action by one of the four Greek Councils, the Club Sports Council, or other governing bodies.

Sanctions for the conduct listed below may be imposed on student organizations found responsible for violating the Student Organization Code of Conduct. Sanctions may include actions such as withdrawal of recognition, suspension of recognition for a specified period of time, probation (warning that might lead to a more severe sanction), restriction of privileges, reprimand, and restitution for losses caused.

Conduct that threatens the safety or security of the campus community, or substantially disrupts the functions or operation of the University, is within the
jurisdiction of this Code, regardless of whether it occurs on or off campus. Nothing in this code may conflict with Education Code Section 66301 that prohibits disciplinary action against students based on behavior protected by the First Amendment.

The Office of Student Conduct and Ethical Development has responsibility for adjudicating cases based on allegations of misconduct. Ordinarily the University will proceed with written complaints but reserves the right to proceed without a written complaint. When the Office of Student Conduct and Ethical Development receives a report of a student organization’s alleged misconduct, an investigation will occur, and if warranted, the office will send the president of the student organization a letter to schedule an informal conference as well as to notify the president of the alleged charges. The Student Conduct Administrator will meet with the president of the organization to discuss the allegations. If the organization is found responsible for the alleged misconduct, the president will be issued a sanction. It is the president’s right to accept or reject the sanction. If the president believes his/her due process rights have been violated or the informal sanction was too excessive, he/she may submit a written request to the Associate Vice President for Campus Life within five days of the notice of sanctions, to have the case reviewed by the Associate Vice President for Campus Life. The president of the organization will be notified of the University’s final decision within 10 working days.

Governance

All student organizations are required to be recognized by the University through the process administered by Student Involvement. Recognized student organizations are subject to University governance and are responsible for the conduct of their members. Governance pertains to University policies and procedures, including local, state, and federal laws, to which student organizations, including fraternities and sororities and club sports (hereinafter referred to as groups in this section), are held responsible. Policies and procedures developed by the four Greek Councils and Club Sports Council are managed as outlined in the respective constitutions and do not preclude action by the Office of Student Conduct and Ethical Development.

Unacceptable Student Organization/Member Behaviors
The following behavior is unacceptable and subject to disciplinary sanctions:

(1) Aiding and Abetting
   (A) A student organization that assists a group that has lost University recognition, or facilitates the existence of a group that does not have University recognition,
   (B) A student organization aiding and abetting another person or group in violation of a University policy or procedure or local, state, or federal law,
   (C) Encouraging, permitting, or assisting another to do any act
that could subject him or her to discipline.

(2) Alcohol
A copy of the University’s Alcohol Policy shall be provided to each student organization president and must be followed. The University’s Alcohol Policy is in compliance with California Law, which prohibits the sale or giving of any alcoholic beverage to any person under the age of 21. Student organizations are in violation of University policy if any individuals under the age of 21 are in possession of alcoholic beverages at an activity sponsored/hosted by the student organization and/or if intoxicated individuals consume alcohol. All student organization presidents must sign an agreement to abide by and uphold the University’s Alcohol Policy as well as present an alcohol awareness program to their organizations (should be pre-approved by the Prevention Education Program Center) or arrange for an alcohol awareness program approved by the Prevention Education Program Center. Student organizations sponsoring events are responsible for following the appropriate procedures to prevent underage drinking, including providing alternatives to alcohol.

(3) Damage to Property
Willful or careless destruction, defacement of, or tampering with University property, or the property of others.

(4) Discrimination
Discrimination is prohibited on the basis of race, religion, color, ancestry, ethnicity, gender, marital status, pregnancy, national origin, age, mental or physical disability, sexual orientation, special disabled veteran’s status, Vietnam era or other covered veteran status. The prohibition on membership policies that discriminate on the basis of gender does not apply to social fraternities or sororities or to other university living groups.

(5) Disorderly Conduct
(A) Any offensive or disorderly act or display which interferes with the rights of others,
(B) Harassment, threats, physical abuse, intimidation or the threat of physical abuse, including bias-related incidents.
(C) Excessive noise which is disruptive to the campus or surrounding community.

(6) Drugs
(A) Use, possession, manufacture or distribution of illegal drugs, or drug-related paraphernalia (except as expressly permitted by law and University regulations) or the misuse of legal pharmaceutical drugs,
(B) Sponsoring/hosting an activity at which substances noted above are used.

(7) Endangerment
Reckless or intentional acts which endanger the welfare of group
members or others as well as compromising the security measures of the campus.

(8) **Failure to Comply**

(A) Failure to comply with the directions of University officials acting in the performance of their official duties,

(B) Resisting or obstructing University officials acting in the performance of their official duties,

(C) Failure to follow all policies and procedures established by the University pertaining to student organizations, including fraternities and sororities, as outlined in the *Student Organizations Handbook*,

(D) Failure to follow all policies and procedures established by the University pertaining to club sports, as outlined in the *Club Sports Handbook*.

(9) **False Alarms and Fire Safety**

Initiating false fire alarms or tampering with fire alarm devices or fire equipment.

(C) Unauthorized presentation of oneself and one's organization as a representative of the University for the purpose of gaining or attempting to gain privilege, convenience, goods or services,

(D) Possession, manufacture or distribution of false or altered instruments of identification,

(E) Initiating or causing to be initiated any false report, warning or threat.

(11) **Firearms, Fireworks, Weapons and Explosives**

(A) It is prohibited to carry or contain firearms, ammunition, gun powder, air rifles, air pistols, paintball guns, guns of any kind, knives, replicas or other weapons, dangerous chemicals, or explosive materials, except as authorized in supervised academic programs, on campus or at group sponsored events off-campus,

(B) Possession or use of fireworks on campus or at group sponsored events off-campus.

(12) **Guests**

Student organizations are responsible for informing their guest(s) of University policies and procedures and will be held accountable for the behavior of their guest(s).

(13) **Harassment and Abusive Behavior**

Conduct that threatens or endangers the health or safety of
any person within or related to the University community, including physical abuse, threats, intimidation, harassment, or sexual misconduct is prohibited.

(14) Hazing

Hazing in every form, or conspiracy to haze is prohibited. San José State University takes a zero tolerance approach to hazing. Commission of hazing can be considered either a misdemeanor or a felony, punishable by up to one year in jail and up to a $5000 fine. Participation in a hazing practice may result in both individual and organizational disciplinary action. Hazing is defined in Section 41301 of Title 5 of the California Code of Regulations as "any method of initiation or pre-initiation into a student organization or student body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily danger to any former, current, or prospective student of any school, community college, college, university or other educational institution in this state (Penal Code 245.6) and in addition, any act likely to cause physical or mental harm, to any former, current, or prospective student of any school, community college, college, university, or other educational institution; the term 'hazing' does not include customary athletic events or school sanction events. Neither the express or implied consent of a victim of hazing, nor the lack of active participation in a particular hazing incident is a defense. Apathy or acquiescence in the presence of hazing is not a neutral act, and is also a violation of this section."

The following non-exhaustive list of activities meet this criterion; accordingly, they are considered forms of hazing:
(A) Physical activities such as calisthenics, jogging, sit-ups, push-ups, or carrying of objects such as bricks, stones, blocks, or any other item(s) which serve to create physical hardships, discomfort, and/or distress,
(B) Abduction or involuntary transportation of individuals or leaving individuals at off-campus locations and requiring them to find their way home,

(G) Exposing individuals to extremely uncomfortable or dangerous environments (e.g., too loud, dark, small, hot, or cold); blindfolding where there is a potential for danger,

(J) Inability to talk to members of the opposite gender,
(K) Peer pressure to engage in activities against the individual's will,

(M) Forced servitude such as shining shoes or boots; cleaning rooms, apartments, houses, cars, etc.; washing clothes or dishes; running personal errands; or other services or duties not normally shared by initiated members; requiring individuals to purchase items or services for other members,

(N) Required activities that are prohibited by law or University policy or procedure, such as trespassing, stealing of any item(s), including personal effects or organizational property (banners, composites, food, paddles, etc.); stealing of any item(s) for scavenger hunts; kidnapping; lewd, obscene, threatening, intimidating, or harassing behavior,

24) **Violations of Civil or Criminal Law**
Student organizations in violation of local, state or federal law are in violation of the University Code of Conduct. University sanctions for such violations may be imposed independent of and prior to the disposition of any legal proceeding in a civil or criminal justice case.

12. Student organizations may only schedule large outdoor (entertainment and/or festival type) events through the sponsorship, and assistance, of Associated Students and/or other appropriate campus departments. Procedures for scheduling and approval of such an event may be obtained from the appropriate scheduling office.

13. Events are not considered confirmed until the appropriate parties representing the Event Sponsor have met with the appropriate scheduling office personnel, all required paperwork has been submitted, and all 30-day deadlines have been satisfactorily met.

Publicity/Advertising

1. All publicity, advertising, or tickets should accurately represent the event, must be in good taste (as determined by the appropriate scheduling office), and must be approved 30 days in advance of the event date by the appropriate office. Use of unauthorized/unapproved advertising (including internet websites) will result in cancellation of the event.

2. Publicity may not be sponsored by, or make any reference to, alcohol or tobacco products, nor may it allude in any way to illicit/illegal substances. Discovery of such advertising will result in cancellation of the event.

3. All publicity, advertising, and any pre-sold tickets must contain the following information:
   a) All events
      • Start and end time of event
      • All ticket prices ("in advance", "at the door", discounts, etc.)
      • "doors close by 9:30pm" (or earlier)
   b) Dances/Concerts
      • SJSU student I.D. required, or
      • 18 and over with photo I.D.

4. Publicity, advertising, or decorations may not be hung or posted in campus facilities without prior approval by the appropriate scheduling office. Any resulting damage will be charged to the Event Sponsor.

Admission/Guests

1. For admittance to dances/concerts a valid college I.D. (from SJSU or other college) with
photo is required. Each SJSU attendee may sponsor one guest (18 years of age or older) with valid photo identification, and both the student and guest must arrive at the admission/entry point together. Attendees from other colleges may not sponsor a non-college guest.

2. Any guest list (for complimentary guests) to dances/concerts must be submitted to the Associated Students General Services Center no later than 12 noon on the day of the event. Complimentary guests must present valid photo identification. Guests not on the complimentary list must pay for admission, and all other Associated Students policies for admission and guests must be adhered to.

3. There will be no “in and out” privileges at dances or concerts.

4. The maximum capacity for dances/concerts may not exceed the capacity outlined for the facility by the appropriate scheduling office.

Tickets

1. Ticket sales in advance of an event must not commence until event approval has been granted by the appropriate office, may only be sold through approved locations/procedures, and must comply with all Associated Students ticket-selling policies. Tickets being sold through unapproved locations/procedures, or prior to approval, will result in cancellation of the event.

2. Associated Students ticket sellers must be contracted to sell tickets for any event at which tickets will be sold at the door. This service is provided free to Associated Students funded events, and at a fee for non-Associated Students funded events. A minimum of two (2) ticket sellers must be hired for all events where tickets are sold at the door, and a maximum of 400 tickets can be sold with two ticket sellers. Additional ticket sellers may be necessary as determined by the Associated Students Cashier. Associated Students has additional ticket selling policies that must be followed. Consult with the Associated Students General Services Center to contract ticket sellers, or for other information on Associated Students ticket-selling policies.

3. Ticket sellers must be arranged at least 30 days in advance of the event date.

4. Ticket sales and admission must conclude by 9:30 p.m. on the date of the event.

5. All ticket prices (“in advance”, “at the door”, discounts, etc.) must be published on all event publicity/advertising.

6. Ticket prices may not vary at any time from those approved and published in event publicity/advertising.

Insurance and Liability

1. General Liability and Property Damage Insurance, or Special Event Liability Insurance is required for all events determined to be outside of normal meeting room use. The appropriate scheduling office will provide information on insurance requirements and may direct organizations to the University Human Resources Office to meet their event insurance needs. Proof of insurance is due to the appropriate office at least 30 days prior to the event date.
2. Information on, and application for Special Event Liability Insurance for campus organizations is available online at the Safety and Risk section of the University Human Resources website (http://www.sisju.edu/hr/safetyrisk/risk_manage.html) under Special Events Liability Insurance Guidelines and Forms, or at the University Human Resources Office.

3. Special Event Liability Insurance should be requested 14 days prior to the date it must be provided to the appropriate scheduling office (30 days prior to the event date). To meet this requirement, it is recommended that student organizations begin this process 6 weeks prior to the event date.

4. The sponsoring organization will be held fully responsible for any costs incurred by the campus facility or the University as a result of the event. This includes damage to or destruction of University property, or of property on University premises belonging to others.

Security

1. All events sponsored by student organizations that are open to the public or that are expected to have a large attendance may require the presence of security personnel.

2. The University Police Department must have received and signed off on the Event Description Form for the event at least 30 days prior to the event date.

3. Level of security required for an event will be primarily determined by the type and time of event, location, expected attendance (and whether the event is closed, or open to the public), entry fee, anticipated level of impact on the campus and surrounding community, expected level of risk to the safety and well being of participants, staff, University Police and community members, and historical documentation for similar events, and/or previous events put on by the Event Sponsor. Other factors may also be considered.

4. A meeting must occur between the appropriate representatives of the University Police Department, the appropriate scheduling office, and the Event Sponsor at least 30 days prior to the event date, during which the level of security for the event will be determined.

5. The appropriate scheduling office will contract any required security personnel, and will invoice the Event Sponsor for those costs. The Event Sponsor is never allowed to directly contract any security.

6. For dances/concerts and other high risk events, a security meeting must be held no later than thirty (30) minutes prior to the scheduled event starting time, with the following mandatory attendees:
   a. Event Sponsor representative in charge of event
   b. Highest ranking officer of Event Sponsor
   c. Event Sponsor's faculty or staff representative
   d. All UPD personnel
   e. All private security personnel
   f. All volunteer (student) security personnel
   g. Associated Students ticket sellers
   h. I.D. checkers
   i. Campus facility staff
7. Metal detection may be required for any non-seated, general admission event with a capacity set for over 400 and open to the public. It may also be required for other events if deemed necessary by the appropriate scheduling office and/or University Police Department. The Event Sponsor will be responsible for all associated costs.

8. The University Police Department has the right to cancel any event at any time if they feel that safety is at risk.

9. Any attendee (including guests) who appears to be visibly under the influence of alcohol/drugs will be removed from the event, and subject to University disciplinary procedures, and/or criminal prosecution.

10. The Event Sponsor is responsible for the behaviors of their crowd/guests until their crowd/guests have cleared University grounds. University Police will remain until they are satisfied that the University is clear of crowds following events. The University Police are not responsible for clearing the University.

11. Incidents of behavior unacceptable to the campus facility staff and/or the University Police will result in the Event Sponsor being subject to the designated judicial process of the University and may result in restriction of privileges granted to the organization by the University or suspension of University recognition and/or loss of organizational scheduling privileges for the remainder of the current and the next full academic semester.

Fees

1. The Event Sponsor must have a current account at the Associated Students General Services Office, with a sufficient fund balance to cover the pre-event cost requirements of the event. Purchase Orders can be obtained from the General Services Office after an account is opened.

2. A Purchase Order, or deposit equal to 50% of the estimated facility cost, plus the total projected security costs, must be presented to the appropriate scheduling office at least 30 days prior to the event date. The appropriate scheduling office will determine the required amount of the Purchase Order. Any event cancelled with less than 14 days notice will result in loss of deposit, or a cancellation fee charged to the Event Sponsor.

3. The appropriate scheduling office may arrange for professional cleaning service at the conclusion of all events. The Event Sponsor will be invoiced for the cleaning. The Event Sponsor is not permitted to do their own cleaning to avoid these charges.

4. Full payment for all costs associated with the event must be made within 14 days after the event date. Failure to pay in a timely manner will result in loss of scheduling privileges for the remainder of the current and the next full academic semester.

Event Production

1. DJ’s or other hired entertainment, or other service providers, must follow all setup and equipment rules provided by the campus facility or appropriate scheduling office.

2. All services provided to the Event Sponsor must be arranged for on independent contractor agreements, which can be obtained from the Associated Students General Services Center, and a copy of such agreements(s) must accompany the Facilities Request Form.

Legislative History:

The list of approved bulletin boards and kiosks and protocols for paper based advertising as stated in PD-2001-1 is outdated. At its meeting of May 14, 2012, the Academic Senate approved the following policy recommendation presented by Senator Gleixner for the Instruction and Student Affair

Action by University President: 12-2012

Policy Recommendation
Advertising Campus Events: Flyers, Banners, Chalking, etc.

Whereas  The list of approved bulletin boards and kiosks and protocols for paper based advertising as stated in PD-2001-1 is outdated, and

Whereas  Political advertising is regulated by CA Education Code 66607 and described in the CSU’s Handbook of Elections, and

Whereas  Broader access to non-paper based advertising techniques would facilitate communication for campus events and be more environmentally friendly than traditional flyers, therefore be it

Resolved

A. General Advertising Guidelines
1. Members of the SJSU community (faculty, staff, and recognized student organizations) can advertise campus and broader community events and activities in University controlled spaces. This policy applies to postings in University controlled spaces, not individual, department, or College controlled spaces.

2. As affirmed by PD 2009-1, free speech will be respected in these advertisings. However, content that is not aligned with the University as an educational
inhibition is prohibited. This includes advertising for alcohol and illegal drugs, obscene language and/or images, and derogatory or inflammatory language and/or images.

3. Advertisements for commercial services or products are not allowed unless approved by the University.

4. All event advertising must include an accessibility statement with contact information.

B. Advertising Locations and Protocol List

1. The Office of Student Involvement will establish an Advertising Location and Protocol List. This list will be reviewed annually by Student Union Event Services Office, Facilities Development and Operations (FD&O), University Police Department, and Associated Students.

2. This list will include
   a. Locations of bulletin boards and kiosks open to the SJSU community with contact information on how to get access
   b. Locations where posters can be affixed with tape, including instructions on allowed types of tape
   c. Locations of electronic screens open to the SJSU community with contact information on how to get access
   d. Locations of classrooms with extra white boards and chalk boards that could be used for advertising
   e. Banner locations and contact information for hanging the banners

2. Posting shall be by thumbtack or staples only with the exception of locations on Student Involvement’s Advertising Location and Protocol List that explicitly allow for tape.

3. Restrictions on bulletin boards may be placed by specific entities such as departments. If a specific location requires approval, the contact for the approval must be listed on the board.

4. Removal of postings, other than by the posting party or University personnel acting pursuant to their duties, is prohibited unless the posting: has been posted for seven calendar days, announces an event which has passed, is larger than 11" x 17", or is duplicated on the same bulletin board. The posting of users not designated in Section A.1. are subject to removal at any time.

5. Section C does not apply to signs, pictures, notices, transparencies, or advertisements posted by the University, nor to notices of Associated Students
elections posted pursuant to Title 5, California Code of Regulations, Section 41402.
6. Posting in residential halls and residential dining halls is not governed by this policy. Posting in these locations is regulated by University Housing.
7. Posting of temporary outdoor direction signs must be removed within 1 day of the event.

D. A-frame Boards
