

Grading Policy: This course must be passed with a C- or better as a CSU aviation major requirement. The final grade will be calculated by the following distribution:

Class Quizzes/Assignments	25 % = 25 points
Midterm Exam	20 % = 20 points
Team Project:	30 % = 30 points
Peer Review:	5 % = 5 points
Final Exam:	20 % = 20 points

Your final grade will be determined by using the following scale based upon the highest total points achieved by any student: If the highest point total for any student is 89, then the percentages below will be off of that score. Hence, to get a “C” a student would have to have at least 62 points, in this example.

A: 90-100%
B: 80-89%
C: 70-79%
D: 60-69%
F: below 60%

Missing an in-class examination or an assignment due date will result in a grade of zero for that item. The only exception will be for *documented* illness/injury or a significant personal event. When possible, arrangements must be made before the assigned due date.

Written work must be submitted with correct grammar, syntax, punctuation, and spelling. This will be considered in your grade evaluation.

Please note: Today’s aviation service businesses are undergoing dynamic changes. This course will require extensive review and weekly discussion of current news events in the aviation industry. Thus before class starts, students are expected to be prepared to discuss the assigned news event as well as participate equally in group assignments. Therefore, class attendance is essential for effective group participation to obtain the maximum benefit from the course. Students are expected to have access to the internet. *This green sheet is subject to change with fair notice.*

Academic integrity

Your commitment as a student to learning is evidenced by your enrollment at San Jose State University. The [University Academic Integrity Policy S07-2](http://www.sjsu.edu/senate/docs/S07-2.pdf) at <http://www.sjsu.edu/senate/docs/S07-2.pdf> requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The [Student Conduct and Ethical Development website](http://www.sjsu.edu/studentconduct/) is available at <http://www.sjsu.edu/studentconduct/>.

Instances of academic dishonesty will not be tolerated. Cheating on exams or plagiarism (presenting the work of another as your own, or the use of another person's ideas without giving proper credit) will result in a failing grade and sanctions by the University. For this class, all assignments are to be completed by the individual student unless otherwise specified. If you would like to include your assignment or any material you have submitted, or plan to submit for another class, please note that SJSU's Academic Integrity Policy S07-2 requires approval of instructors.

Campus Policy in Compliance with the American Disabilities Act

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. [Presidential Directive 97-03](http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf) at http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf requires that students with disabilities requesting accommodations must register with the [Accessible Education Center](http://www.sjsu.edu/aec) (AEC) at <http://www.sjsu.edu/aec> to establish a record of their disability.

In 2013, the Disability Resource Center changed its name to be known as the Accessible Education Center, to incorporate a philosophy of accessible education for students with disabilities. The new name change reflects the broad scope of attention and support to SJSU students with disabilities and the University's continued advocacy and commitment to increasing accessibility and inclusivity on campus.
