Other Equipment / Material
Various materials will need to be obtained and/or created to meet the needs of your client. It is highly encouraged that you borrow from the clinic or peers before purchasing your own to ensure that it will be useful. It is not necessary to purchase expensive therapy materials. Many toys for typically developing children and items used for activities of daily living are as effective as marketed “therapy materials.” If you plan to borrow materials from the clinic, be sure to arrive with plenty of time to make adjustments in case the intended materials are not available. *Your materials must be ready and available at the start of class.*

**The final grade is reflected in a numerical and letter grade on the CALIPSO review document.**

Student clinicians will be evaluated at the middle and end of the semester through an individual meeting with the site supervisor. This meeting will include feedback regarding the student’s performance relative to the course competencies in the clinical competency rubric. Competency ratings will be based on student work with a focus on the timely submission of the assignments, selection of appropriate objectives stated in measurable terms, use of procedures and materials appropriate for attaining stated objectives, choice of therapy materials, rapport with clients, data collection, and other indicators in the rubric. In clinic ones – makes sense here.

The evaluation for grading is based on the following:

1. Observations by the site supervisor (70%)
2. Observations by the university supervisor (5%)
3. Reports from other school personnel (principal, teachers, etc.) (5%)
4. Written reports and plans submitted (5%)
5. Participation at monthly seminars (5%)
6. Weekly reflections (5%)
7. Submission of all paperwork in a timely fashion, according to the guidelines of the site and SJSU supervisor (5%)

Absences from your placement and/or seminar are permissible in cases of documented illnesses and/or emergencies. For illnesses, documentation must be in the form of a written note from your personal physician. For personal or family-related emergencies, an appropriate verification of the absence will be required. Documentation must be procured within one week of the missed session/seminar.

**Grade Appeals:** Grade appeals must be a written argument substantiated with evidence and citations (if necessary). Grade appeals are due one week from when the assignment is returned.

**Incomplete Work:** The symbol "I" (Incomplete Authorized) indicates that a portion of required course work has not been completed and evaluated in the prescribed time period due to unforeseen, but fully justified, reasons and that there is still a possibility of earning credit. The student must not re-enroll in the course. It is the responsibility of the student to bring pertinent information to the instructor and to reach agreement on the means by which the remaining course requirements will be satisfied. A final grade is assigned when the work agreed upon has been completed and evaluated.

A notation of “Incomplete” may be given in lieu of a final grade to a student who has carried a passing grade for a significant part of the course but, because of illness or other unusual and substantiated cause beyond the student’s control, has been unable to take or complete the final examination or some other limited amount of term work. An incomplete is not given unless the student can prove to the instructor that he/she was prevented from completing course requirements for just cause as indicated above, and is not assigned on the basis of poor academic performance.

**Remediation:** Please refer to the Handbook for this course regarding remediation procedures.

More guidelines on grading information and class attendance can be found from the following two university policies:

- University [Attendance and Participation policy F15-12](http://www.sjsu.edu/senate/docs/F15-12.pdf)

CD&S Department Mission Statement

The Mission of the Department of Communicative Disorders and Sciences is to provide rigorous academic and clinical preparation to students seeking careers working with individuals with communication disorders, and their families. We are guided by a commitment to scholarly research and principles of evidence-based practice. Our graduates will adhere to the highest ethical standards in serving the needs of our culturally and linguistically diverse community.

Students will be considered members of the clinic / school workforce under regulations established by the Health Insurance Portability and Accountability Act (HIPAA) and Family Educational Rights and Privacy Act (FERPA). Students will adhere to these policies in all situations.

Confidentiality

All clients have the right to confidentiality. Students are not to discuss cases outside of the Communicative Disorders & Sciences Clinic or in public access areas within CD&S (e.g., restrooms, hallways, observation
booths, elevators, teachers’ lounges, etc.). Known violations of confidentiality will result in a stern reprimand. *Serious and/or repeated violations will warrant referral to the Chair of the Communicative Disorders & Sciences Department for disciplinary action.*

**Grievances**

When a dispute arises between a student and faculty member regarding a grade, academic honesty, academic freedom, mistreatment, or another matter, the student’s first responsibility is to arrange an appointment with the faculty member to discuss the issue. If mutual satisfaction is not reached in this manner, the next step is to arrange an appointment with the CD&S Department Chair who will work to resolve the dispute. Should the Department Chair be unsuccessful in attempts to mediate, a set of policies and procedures have been implemented by the Lurie College of Education (LCOE) to successfully resolve such issues. These student dispute policies are available on the LCOE website: http://www.sjsu.edu/education/docs/StudentDisputes.pdf.

The Department of Communicative Disorders and Sciences at SJSU expects students to follow the grievance policies and procedures of the Department, LCOE, and SJSU. If concerns still exist, students may contact the Council on Academic Accreditation at the ASHA Action Center (1-800-498-2071). Further information may be found on the ASHA website (www.asha.org) under the ASHA Procedures of Complaints against Graduate Education Programs document.
