Dear Client/Caregiver,

Welcome to the Kay Armstead Center for Communication Disorders.

- Our center is a training facility for the Communicative Disorders and Sciences program, and our mission is twofold:
  
  1: To serve our clients to the best of our ability.
  
  2: To train excellent speech-language pathologists.

It is our goal to establish a mutually valuable relationship that benefits both our clients and students. The following information will assist you in maximizing your clinical experience.

- **STUDENT CLINICIANS** As we operate a premiere training institution, students come to us from around the world. Those students come from a variety of cultural and linguistic backgrounds. They are supervised at all times by experienced speech-language pathologists, and they are prepared to provide you or your loved one with excellent clinical services, regardless of differences (culture, accent, background).

- **WAIT LIST** Our waiting list functions as an applicant pool, and selections are based on many criteria, including, but not limited to: current clients and groupings, age and skills of the client, the extent to which the center can adequately serve the client’s needs, availability of the client, expertise of the supervisor, and the educational needs of our student clinicians.

- **EVALUATIONS** Potential clients without recent or adequate evaluative information are referred to our diagnostic clinic. Potential clients with recent and adequate evaluative information can request to automatically be put on our treatment waiting list. It is the responsibility of the individual or caregiver to keep files up to date on current assessments.

- **REASSESSMENTS** Once a client has received therapy for four semesters, he or she is reassessed through our diagnostic clinic to determine if they should continue at the center or not. There is no charge for this reassessment. Failure to schedule an appointment for reassessment may result in automatic discharge from the clinic.
FEE AGREEMENT/ABSENCE POLICY  Clients/Caregivers must adhere to the fee agreement and absence policy (please see attached Fee Agreement & Absence policy on page 4).

ACCOUNT STATUS  Clients/Caregivers are required to keep their clinic accounts current, adhering to their designated plan of payment (please see attached Fee Schedule on page 5).

SESSIONS  Sessions are approximately 50 minutes in length, with remaining time in the scheduled hour allocated for brief caregiver check-ins, note-writing, room clean-up and preparation for following clients. Our basic clinical model for bi-weekly therapy sessions includes one individual and one group session, if appropriate. Clients who are seen only one time per week are seen primarily on an individual basis.

ADULT LANGUAGE GROUP  Our Communication Skills Group for adults teaches communication in all modalities, including use of the phone and email. Therefore, we ask our clients to share their contact information with the clinicians and other group members who are participating in that respective semester. Communication skills projects are designed around contacting each other outside of group time to practice independence and social language. Our clients have shown to benefit greatly from this model. Please note that there is an “opt out” form available if caregivers or clients do not wish to disclose their personal contact information to others in the group. Please be advised that opting out will limit the client’s participation in group activities.

CAREGIVER OBSERVATION  We are not yet equipped to provide the opportunity for caregivers to observe sessions. Caregivers may be invited into the sessions for a few minutes to review skill work and so that your clinician can give you suggestions for home. Your student clinician will keep you informed of progress in therapy as well as any behavioral concerns that arise. Recordings of sessions are not available.

CERTIFIED SUPERVISORS  We have assembled a wonderful team of master’s and doctoral level licensed and certified clinicians to supervise the students who are working in our clinic with our clients. Our supervisors have varied expertise and many years of clinical experience as well as supervision experience. The supervisors are evaluated each semester by their students, the clinic director, and the department chair. Clinical decisions ultimately rest with the clinical supervisor. We value caregivers as part of our team and welcome input. However, as a student training clinic, we cannot be expected to provide specific therapies upon request (i.e. ABA, Lindamood-Bell, PROMPT, etc.). We will always strive to provide the most appropriate and effective therapeutic interventions for you and your loved ones, by abiding by our professional scope of practice and code of ethics.

WAITING AREA POLICY  It is mandatory for parents and caregivers of our clients to wait in or around the outside of the waiting room, or a predetermined area nearby. A student clinician should always be able to locate their client’s parent or caregiver. If you will be leaving the waiting area momentarily (to move your car or get a cup of coffee at Just Below), please let your student clinician know before the session begins, remembering to provide him or her with your cell phone number.
● **FORMS** The following forms will be provided by the center and are required to obtain services:

- Consent for Evaluation and Treatment
- Contact Form
- Clinic Agreement

The following forms will be provided by the center and are optional:

- Release of Information
- Request for Information
- Media Release Form

● **Semester-Based Services**  As a training institution, please note that our students are required to move through our varied clinics. This means that our clients will work with a different student clinician each semester. Please feel free to share any techniques/skills that you thought were particularly helpful when you meet your new clinician each semester.

It is our sincere hope that our clients receive the best possible services and that our student clinicians have the best possible clinical education while serving our clients. We are happy that you’ve joined us and we look forward to a mutually beneficial relationship!

Please let us know if we can be of any assistance to you.

FEE AGREEMENT & ABSENCE POLICY

1x/ Week 177 & 277 Therapy: $450/ semester

While it is preferred that all accounts be paid in full on the first day of therapy, we recognize that not all clients are able to manage. If you are unable to pay the full amount on the first day, please see page 5 for payment options.

ABSENCE POLICY:

• Fees are based on semester enrollment, not individual sessions. Because of this, refunds will not be issued for missed therapy sessions due to illness or otherwise.

• Partial payments for arriving late or leaving early are not permitted.

• If clients are later than 20 minutes, the session may be canceled.

• If a client is habitually late (3 or more occasions), their spot may be forfeited in future semester scheduling.

• 24-hour cancellation policy: Parents and caregivers are required to give 24-hour notice to their student clinician if the client will be absent. Please always have your clinician’s contact information ready.

• The client is limited to two excused absences per semester. Three or more absences may result in automatic dismissal from therapy and/or denial of future services, at the discretion of the clinic director.

• Clients will be offered a make-up session if their student clinician cancels a session.

• Student clinicians are not obligated to make up a session if the client or caregiver cancels; however, they often will, according to their availability and availability of supervision.

• Clients are not to attend therapy if they have had a fever, have vomited, have had diarrhea, or if they have had excessive mucus within the last 24 hours.

Adult Language Class

I, _________________________, have been informed of the curriculum of the Communication Skills Class in the Department of Communicative Disorders and Sciences at San José State University, and am aware that at times, the clients participate in communication activities via email and phone. These activities are designed to enhance clients’ communication skills in many modalities.

It is my/our desire to opt out of that portion of the program and hope to participate fully in the other class activities. I understand that this may limit the client’s full participation in class activities and discussions.
