Welcome **Transfer Students**

Congratulations on taking the next step in your academic journey! So, what’s next? What do you plan to do once you graduate?

Let us help you develop a career plan before you graduate so that you’re better equipped to find the job of your dreams!

### Did you know?

On-campus positions, internships, part-time and full-time jobs, and volunteer work are posted on SpartaJobs - the Career Center’s online job bank.

Most employers are interested in meeting candidates who have had multiple internships throughout their college career.

We have over 500 employers participate in recruiting events such as job fairs, recruiting tables, on-campus interviews, and information sessions per year.

The number one skill that all employers (across industries) seek in candidates is strong written and verbal communication ability.

Employers reports that soft skills such as: ethics, teamwork, communication, interpersonal skills, and leadership are important skills that are transferable to any career field.

### Services We Provide

**SpartaJobs:** Jobs and internships exclusively available for SJSU students and alums.

**Drop-in Assistance:** Get assistance with resumes, interviewing, career-related questions, and more. View our calendar online for an updated schedule of hours.

**Employer Connections:** Meet employers and SJSU alumni at various networking events including: job fairs, employer presentations, employer tables, and information sessions.

**WorkAbility IV Program:** This program provides career & job search services to eligible students and alumni with disabilities.

**Workshops:** Check out our workshops for tips on how to craft effective resumes, successfully navigate the interview process, or job search strategies on how to gain your first internship.

For more information and to view our schedule of programs online please visit us at: www.careercenter.sjsu.edu or call our front desk at (408) 924-6031.
