Seventeen teams competed for the Northern California CFA Investment Research Challenge Competition trophy on February 27, 2019. Only one team emerged victorious - SJSU Team Gold. The four SJSU Team Gold students - Marko Pavisic, Spriha Garg, Richa Joshi, and Luu Duong (pictured from left to right) - competed in San Francisco in front of financial industry professionals and CFA charterholder judges.

After the win, the team went to the Americas and Global Final competition in New York City in April and was judged by Wall Street professionals. While in New York City, the students and Professor Stoyu Ivanov visited the New York Stock Exchange.

CBFS PURPOSE: Founded in 2008, the purpose of the Center for Banking and Financial Services (CBFS) is to build a vital partnership between San José State University’s Lucas College and Graduate School of Business and local financial institutions. In particular, the focus of the center's efforts is to create a link between talented SJSU students and the banking and financial services industry. This is especially important as there may be a discrepancy between the career opportunities in the financial sector and students' understanding of those opportunities. As a result, the partnerships built by the center benefit SJSU, its students and the companies represented on the CBFS Executive Board.
Student Testimonial

Joining BIA was one of the best things that happened to me at San Jose State. Through BIA, I was able to network with banking professionals from all over the Bay Area, and meet top management from Bridge Bank, Heritage Bank, and many more. I was able to participate in the Heritage Credit Analyst Certificate Program, which illustrated the day-to-day activities of a Credit Analyst. I was able to tour many of the banks in the area, and ask the Presidents, CFOs, and CEOs questions that gave me great insight into the industry. There are also many great activities in BIA, such as opportunities for scholarships, as well as fun activities like Family Feud at AvidBank, with the opportunity to win $500 dollars if you win! Because of BIA, I am now gainfully employed at AvidBank, one of our sponsors, and am gaining experience that will help me have a very successful career in the banking industry. ~ Sam Hall
