

If you haven't used Turnitin.com before, the following instructions will walk you through setting up your account:

1. Click on the link on the class web page, type in www.turnitin.com in your browser, or just click the URL in the line above.
2. On the Turnitin.com home page, click "New User" in the top right-hand corner.
3. Select "student" and click "Next."
4. Enter the class ID and password as given to you in class.
5. Complete the personal information (username and password), and your account is set up.
6. To submit a paper, log onto your account, select the class and which paper you are submitting, and then upload or paste in your essay. After it is entered, you can check the color-coded plagiarism report yourself; it will also be made available to the instructor.
7. Please note: all papers have submission deadlines. Attempting to submit a paper after that deadline won't work – though you may not get an error message to that effect. If you are late submitting a paper to Turnitin.com, contact your instructor to ask that the Turnitin.com deadlines be extended.
