Course Requirements and Assignments

Grades and class status can be checked at any time during the semester by making an appointment during office hours.

A series of animation assignments, in-class exercises, in-progress grade checks, and weekly drawings will be assigned throughout the semester. A “B” grade will be awarded to submissions successfully exhibiting the assigned animation principles or criteria for the given project.

All animation assignments and weekly drawings must be posted to the class server **one hour before class** for grading. In-class assignments and in-progress grades will be submitted during class. All animation work must be exported as .mov files. Students are responsible for previewing the animation file before posting to the server to ensure it plays correctly across platforms.

In addition, students are required to keep a class notebook, which is separate from an ongoing sketchbook. You are also required to keep a 3 ring binder with 8 1/2 x 11 inch paper as your note taking format. These binders will be collected at the end of the semester and count as a full submission grade. Class notes must be kept in three-ring binders with separate dividers for the following sections:

- In class notes
- Notes on assigned reading
- Guest presentations
- Transmission notes

Each set of notes must contain:

- The date
- Name of the guest (if applicable)
- Name of the book for reading assignments

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally 3 hours per unit per week with 1 of the hours used for lecture) for instruction or preparation/studying or course related activities including but not limited to internships, labs, clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.

FAILURE TO FOLLOW DIRECTIONS WILL RESULT IN NO CREDIT
