Course Description

Introduction to the basic elements of animation and representation. Included are motion and animation exercises to understand mass, movement through space, and reaction to external forces. Progressing to other fundamental animation studies culminating in a short original film of each student's creation.

Course Goals

- Develop the skills necessary to execute the principles of animation
- Introduce the rigorous work schedule that the industry will demand.
- Encourage peer communication and criticism.
- Familiarize the student with the industry, the art form and its history.

Course Learning Outcomes (CLO)

Upon successful completion of this course, students will be able to:

- Identify the principles/elements of animation; Squash & Stretch, Anticipation, Staging, Follow Through & Overlapping Action, Secondary Action, Exaggeration, Solid Drawing, Appeal, Slowing In & Out, Arcs, Paths of Action, Volumes, Twinning, Strobing, and Silhouetting
- Incorporate the principles of animation into their animation projects
- Begin to convey convincing weight, timing, emotion, and attitude in their performances
- Put the process of key pose, straight ahead, and inbetween animation into application

Required Texts/Readings

The Animator's Survival Kit, Richard Williams, ISBN: 0-571-20228-4
Additional digital readings (Illusion of Life and Gesture Drawing for Animation) will be provided.

Other technology requirements / equipment / material

Special animation materials [including a light box] are necessary for this class. We will discuss materials during class. Drawing materials needed other than the animation supplies may include but are not limited to:

- Animation Light Box
- Animation Peg Bar
- 12 field animation paper (11x17 copy paper cut to 11x12.5)
- 3 ring, 8 1/2 x 11, paper and notebook
- You will be required to shoot video reference for some of the assignments so you will need access to a digital camera capable of recording video.
- A USB flash drive or external drive for storing data; (8+ GB recommended)

Course Requirements and Assignments

A series of animation assignments, in-class exercises, in-progress assignment checks, and weekly drawings will be assigned throughout the semester. All animation assignments and weekly drawings must be posted to the class Google Drive one hour before class for grading. In-class assignments and in-progress grades will be submitted during class. Students are responsible for previewing the animation file before posting to the drive to ensure it plays correctly.

In addition, students are required to keep a class notebook (3 ring 8 1/2 x 11 inch paper). It is required that you use this as your note taking format. These binders will be collected at the end of the semester and count as a full submission grade.

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/ studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.

Final Examination or Evaluation

The final project will be the "Sack Pantomime," an original short film utilizing the fundamental skills learned in throughout the semester.

Grading Information

Grades will be assigned according to University policy from A plus through F as outlined in the SJSU catalog. All assignments will be evaluated by how well the student executes the principles of animation and design, punctuality of submission, ability to follow directions, take notes, and participate in class activities.

Determination of Grades

A grades indicate excellent work.

B grades indicate above average work.

C grades indicate average work.

D grades indicate below average work.

F grades are failing.

A plus = 100% to 97%

A = 96% to 93%

A minus = 92% to 90%

B plus = 89% to 87%

B = 86% to 83%

B minus = 82% to 80%

C plus = 79% to 77%

C = 76% to 73%

C minus = 72% to 70%

D plus = 69% to 67%

D = 66% to 63%

D minus = 62% to 60%

F = 59% to 0%

Classroom Protocol

The class will meet at promptly at the beginning of class in Art 218. Every class will require the students to bring materials for working and/or will be required to present their progress for review. The instructor will discuss this in class. Students are required to keep a class notebook.
