

Advising Road Map

Major:	BA Art, Design Studies
Area:	Industrial Design
Total Units to Degree:	120
Academic Year:	2016/17

The following road map is an advising tool that outlines a path of courses a student can take to complete requirements for graduation. This roadmap should be used in consultation with the catalog and your department to identify additional requirements for completing the major (for example course grade minimums). Students must have 60+ units in order to take SJSU Studies courses.

NOTES: DSID 21 and DSID 31 (corequisites and fall only) are the prerequisites for DSID 22 and DSID 32; DSID 22 and DSID 32 (corequisites and spring only) are prerequisites for DSID 41, DSID 126, and DSID 129. Prerequisite for DSID 122 is DSGN 100W only; Prerequisite for entry into DSID 136 is DDID 129; Prerequisite for entry into DSID 143 is DSID 41. The BA Design Studies (Industrial Design Area) degree is not the same as the BSID. If a student wishes to apply for the BSID they must complete the Preparation for the Major Courses (DSID 21, 22, 31, 32) and Prerequisite for the Major courses. They then must take DSID 32A concurrently with DSID 22 and DSID 32 and pass the Final Exam for that course in order to be admitted into the BSID. If a student passes DSID 32A the student should then meet with their Major Advisor, file a Change of Major Form, and follow all requirements for the BSID.
