San José State University  
Department of Design, Graphic Design Program  
DsGD 99, Introduction to Typography  
Section 01, Spring 2020

Course and Contact Information

Instructor: Randall Sexton, Professor
Office Location: Art Building, A233
Telephone: 408-924-4387
Email: randall.sexton@sjsu.edu
Office Hours: Tue/Thur 11:00 a.m.– 12:00 noon.
Class Days/Time: Tue/Thur 12:00 p.m.– 2:50 p.m.
Classroom: Art 216
Prerequisites: GD majors: ANI 24 or ART 24, DSGD 83; IT majors: DSIT 33, DSIT 10, DSIT 83; ID majors: completion of DSID 22 or completion of DSGD 83 and concurrently enrolled in DSID 22

Course Format

Computer/Software Requirements

- Wireless laptop computer with software (Adobe Creative Suite)
- Reliable data backup
- Wireless network access: http://its.sjsu.edu/services/sjsuone/
- Appropriate type fonts software (Helvetica type family required as in project description).
- Flash drive

Faculty Web Page and MySJSU/Canvas Messaging
Copies of the course materials such as the syllabus, major assignments, project handouts, etc. may be found on Canvas. You are also responsible for regularly checking with the messaging system through MySJSU.

Course Description
Study and demonstration of letterforms and fundamental typographic principles. Emphasis on the vocabulary of typographic form and its relationship to message/purpose.

Course Goals
Upon successful completion of this course, you will, through experimentation, careful analysis, and evaluation, establish a basis for typographic problem solving.

Course Learning Outcomes (CLO)
Upon successful completion of this course, students will be able to:

LO 1 – Identify letterforms and anatomy
LO 2 – Understand type terminology
LO 3 – Identify type style (roman, regular, italic, bold, etc.)
LO 4 – Identify families of type
LO 5 - Identify fonts, and character sets
LO 6 - Develop typographic craft, care, and precision
LO 7 - Measure, and how to align type
LO 8 - “See” type, (e.g., legibility, and readability)
LO 9 - Recognize type for appropriateness, and purpose
LO 10 - Understand type as image
LO 11 – Apply attributes of communication design and develop effective verbal and visual methodologies and process for solving visual problems

Recommended Readings
Stop Stealing Sheep & find out how type works, Erik Spiekermann & E.M. Ginger,
Adobe Press, USA
ISBN: 978-0672485435

Other/equipment/material
- Working digital files, research and reference materials
- Digital color printer (capable of 13x19 output if practical)
- Drawing implements and papers as in project description
- Pencil, kneaded eraser, ruler
- Black, gray, and color markers, extra fine to wide
- 9x12 marker pads and/or tracing pads
- Clear push pins
- Metal non-slip cutting rule (Schaedler precision rules also recommended)
- X-acto knife and #11 blades in dispenser/disposal unit
- Portable cutting surface (required for cutting in classrooms)
- Graphic arts adhesive (no spraying allowed in building)

Expenses (this is not a course fee):
The estimated cost for semester course related supplies/materials is $200 and will vary according to the individual.

Course printing allowance:
Students may access the graphic design program’s in-house printing facility during the class session’s open lab hours, all users must respect print lab policy’s, as well as wireless printing procedures; the printing allowance includes course related materials only, 50 Black and White (8.5 x 11) or (11 x 17) and 30 color (8.5 x 11) or (11 x 17) prints.

Library Liaison
The San Jose State University Library supports student access to information with in-person reference at the King Library Reference Desk and specialized support for Design online at:
http://libguides.sjsu.edu/design/GraphicDesign.

Course Requirements and Assignments
This is a studio-intensive course where 4 assigned projects, will address the graphic design program Learning Objectives: Critiques, work-in-progress discussions, and assigned project reviews form the basis for group discussions within this class. You will be encouraged to develop evaluative skills and articulate them in the critique format. You will also be challenged to determine goals and to make observations and decisions that result in concise, informative, and engaging visual statements.

Note: “Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.”
Grading Information

**Participation Effect on Grading** – Project grades will be assigned on a scale of 0 to 4, corresponding to the letter grades F to A as outlined in this document. Please note; on-time presentation of all preliminary roughs and final comps, as well as progress during in-class working sessions (arriving late to class, and/or leaving early) will be noted towards participation and preparation, “on-time” means that work is on the wall or otherwise placed as requested prior to the start of any critique or presentation.

The project and course performance will be evaluated according to the following components: Each project (4 or more) will be graded upon completion and assigned a letter grade according to the University policy—A through F. An incomplete will be granted to students with documented extenuating circumstances e.g. debilitating illness, family emergency etc. Bases for the grading are:

- **Problem solving skills** - LO 1–5
  Planning, organizing, research and content gathering (message development), analysis, sketching and content integration.

- **Formgiving skills** - LO 6–10
  Design exploration, development, and refinement. The synthesis of the elements, principles, and attributes of form into an effective, evocative product. The verbal/visual investigation of form and function.

- **Participation and Preparation** - LO 8–11
  Producing appropriate solutions to all required phases of development on projects both in quality and quantity. Engaged in class critiques and activities.

Project grades will be weighted according to the following percentages:

<table>
<thead>
<tr>
<th>Project</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Project 1</td>
<td>25%</td>
</tr>
<tr>
<td>Project 2</td>
<td>25%</td>
</tr>
<tr>
<td>Project 3</td>
<td>25%</td>
</tr>
<tr>
<td>Project 4</td>
<td>25%</td>
</tr>
</tbody>
</table>

**Grading Scale**

A minus, A, A plus = Excellence (3.7 – 4.0)
Student consistently delivers creative and high-quality work and demonstrates the ability to explore a wide range of alternative options as well as the ability to make intelligent and informed decisions on the final solution. Student is able to refine final solutions to instructor feedback. Student shows the ability to communicate ideas clearly and completely, both visually and verbally. Well-crafted and informed arguments that support design decisions. All projects are complete and on time. Student demonstrates a strong, engaged effort in work and in class. Student maintains at all times a positive attitude and commitment towards the profession, classmates, the instructor and their own development. Student participates in all regularly scheduled classes. Overall, student meets and exceeds the requirements of the course.

B minus, B, B plus = Very good work (2.7 – 3.6)
Student demonstrates an above average effort in all areas. Work is complete and demonstrates no craft or technical problem areas. Student shows the ability to communicate decent rationale for design decisions and demonstrates improvement in all areas of professional development as a designer. Student maintains a positive attitude and involvement in all coursework and class activities.
C minus, C, C plus = Adequate, average work (1.7 – 2.6)
Student produces the minimum work required at an average quality level and provides basic explanations for design decisions. Student demonstrates a basic understanding of the principles presented in class and may have some craft and technical problem areas. Student demonstrates average participation in all regularly scheduled classes.

D minus, D, D plus = Poor work and lack of effort (0.7 – 1.6)
Student produces the minimum work required at below average quality and demonstrates little understanding of the principles.

F = Failure to meet the course requirements (0.0 – 0.6)
Student demonstrates a lack of understanding of the basic principles discussed in class and is unable to convey creative and craft and technical ability as required. Student has little or no involvement in class discussions, repeatedly misses deadlines or critiques, and demonstrates little commitment to learning and their own development. Student shows little participation and/or is consistently late for class.

Important Notes about Grading
All assignment are graded, therefore you should do your best on them or your course grade will be adversely affected.

It is essential to complete all projects because:
1) Each develops a skill necessary for successful completion of projects.
2) Missing a portion of these projects can lower your course grade substantially.

Deadlines
No extensions will be given except in cases of documented emergencies, serious illness. If such a circumstance should arise, please contact the instructor as early as possible and be ready to provide documentation.

Late Assignments
It is essential that you keep up with the course work and submit all assignments in a timely manner. Assignments will lose a full letter grade for each day late. Graded assignments more than 3 days late will not be accepted. In such cases, a grade of zero credit will be entered.

Extra Credit
Out of general fairness to all students, there will be no opportunities for extra credit projects given in this class.

A Note about Plagiarism and Appropriation in Visual Communication Design
If your work is too close to your reference, and if you present it as your own without citing the source, it could be considered plagiarism. How you integrate what you see, what you like, and what inspires you, makes the difference between inspiration, re-mix, appropriation, plagiarism, copying and stealing. When you see something you’re inspired by, a good practice is to try to understand why it looks the way it does.

What constraints was the designer working with?
What was the design responding to?
What did it communicate, and to whom?

Referencing another person’s work might make sense if it aligns with your concept (parody, homage, etc...).

A Note about Font Licensing
Fonts are creative, intellectual property. They are the result of extensive study, research, experimentation, and endless refinement. For type designers, the creation of fonts is their livelihood. I will not accept projects that use pirated fonts in this class. Please license all fonts appropriately, and be prepared to show documentation for the fonts you choose to use.
A Note about Backups
Back-ups are critical for your studies, your practice, your life: BACK UP YOUR WORK. You are strongly urged to set up and maintain a solid backup and archiving strategy for your work. Operate on the assumption that your hard drive will die, usually when you least expect it. You will not be excused for preventable loss of data.

Classroom Protocol
This course is an essential component of your curriculum at SJSU. We have a good amount of work to complete this semester, so in order to professionally and effectively deliver the curriculum it is necessary to establish some ground rules. Students are expected to read this syllabus thoroughly and to observe all of the regulations laid out below.

We are involved in a mutually beneficial communal learning experience, one that requires full attention and respectful behavior toward all members of the class. In order to maximize the learning experience, students are requested to observe the following etiquette guidelines:

• Students must take every step necessary to minimize distractions during class.

• Have in possession your working digital files, research and reference materials.

• Students are expected to arrive on time and to remain in class until the class is over or excused – late arrival and/or early departure will be noted. If you have a prior engagement that requires you leave before the end of class, please inform the instructor before class and take pains not to disturb other students when you leave.

• Announcements, handouts, and assignments are issued at the beginning of class. All critiques begin 15 minutes after official class start time; no work is to be added to the wall after a critique begins. It is your responsibility to inform yourself of any announcements or requirements that you miss due to late arrivals. Please do not interrupt class to ask about these. Remain after class if you have questions.

• Electronic devices not directly pertaining to your participation in this class must be turned off and put away before class starts. This means you may not place or receive calls, messages, play games, check e-mails, surf the web, pop into Facebook, Twitter, etc.

• In class Laptops are to be used for course related purposes only.

• Do not eat in classrooms – strictly enforced.

• Socializing during lectures or when other students are presenting material for the benefit of the class is counterproductive and inconsiderate.

• No spray-mount adhesive spraying in the classroom.

• Do not use tabletops as a cutting surface.

University Policies: Visit and Read the links Below
Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. are available on Office of Graduate and Undergraduate Programs’ and Academic Senate website.
