

## Steps to Schedule a Zoom Meeting and Invite Attendees Using Email and Calendar Event

This guide will help you to access your account in Zoom using your SJSU Id and will show you the steps to start a meeting session, set up a calendar event, and invite the attendees with the meeting session details.

### Part 1: Steps to Sign in to Zoom Account and Create a Meeting

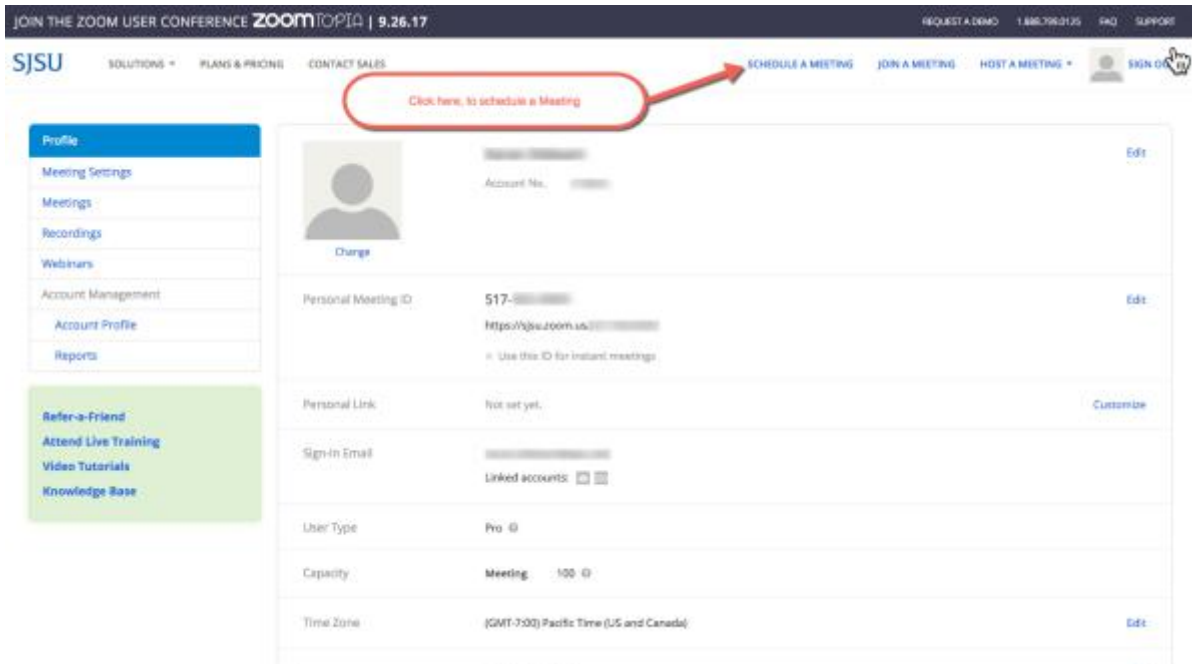

1. Go to <https://sjsu.zoom.us>. To log into your Zoom account, click on the “Sign In” button.

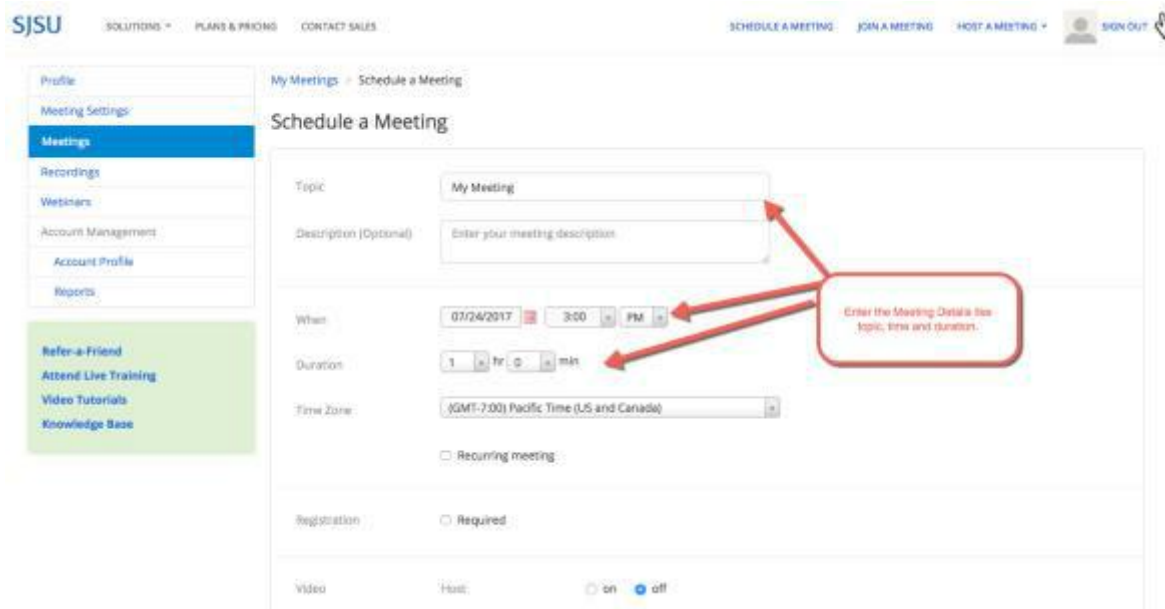

2. Next, log in with your SJSU Id and Password to access your Zoom account.

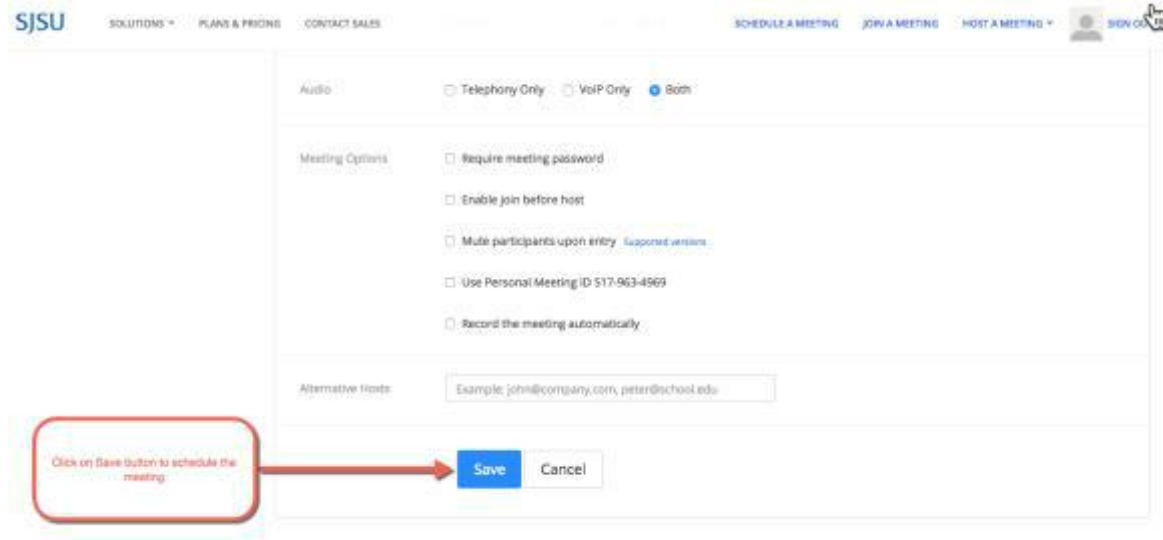

- After signing in, to schedule a new meeting session, please click on the “SCHEDULE A MEETING” link.

- Enter the meeting details like topic, time, and duration of the meeting.

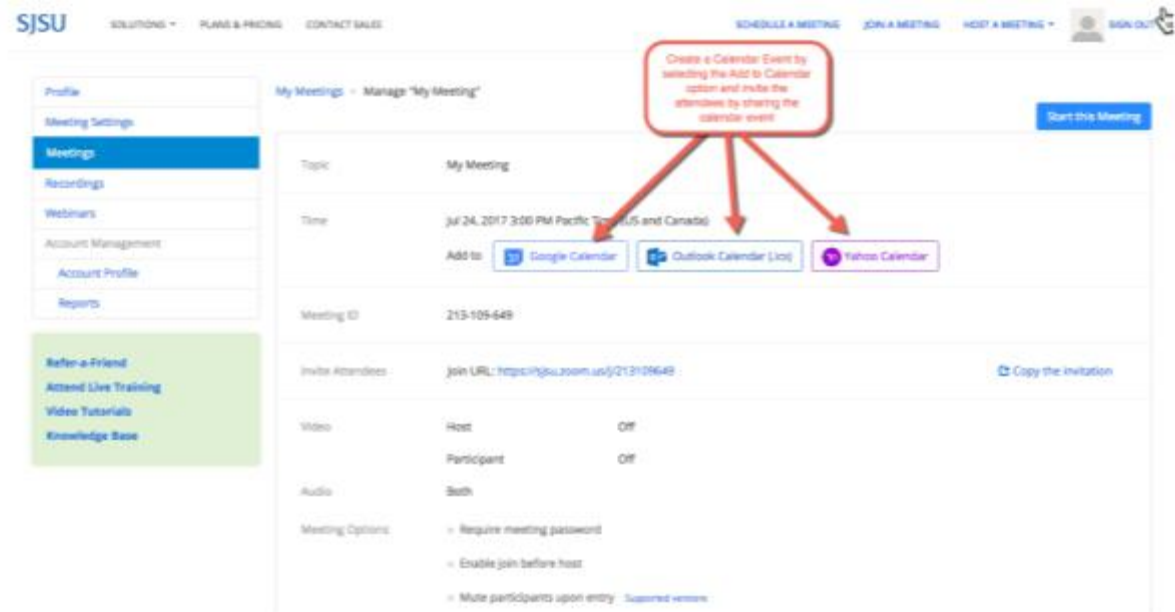

After setting up the meeting, press the “Save” button to schedule the meeting. Update the required audio/ video settings and other meeting options for the conference.

## Part 2: Inviting the Attendees to the meeting

You can invite the attendees and share the meeting session details by the following options:

1. By creating a calendar event by using Google/Outlook/Yahoo calendar

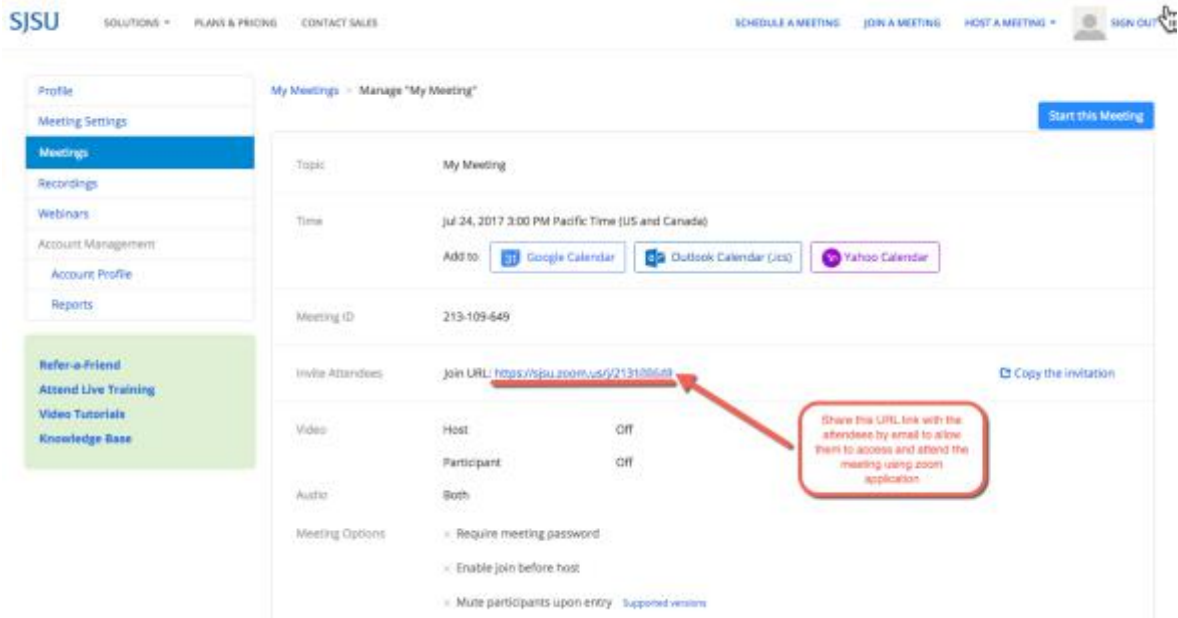

Click on Google Calendar to add the meeting session to a Calendar event and share it with the attendees.

The screenshot shows the Zoom meeting creation interface with several red callout boxes and arrows:

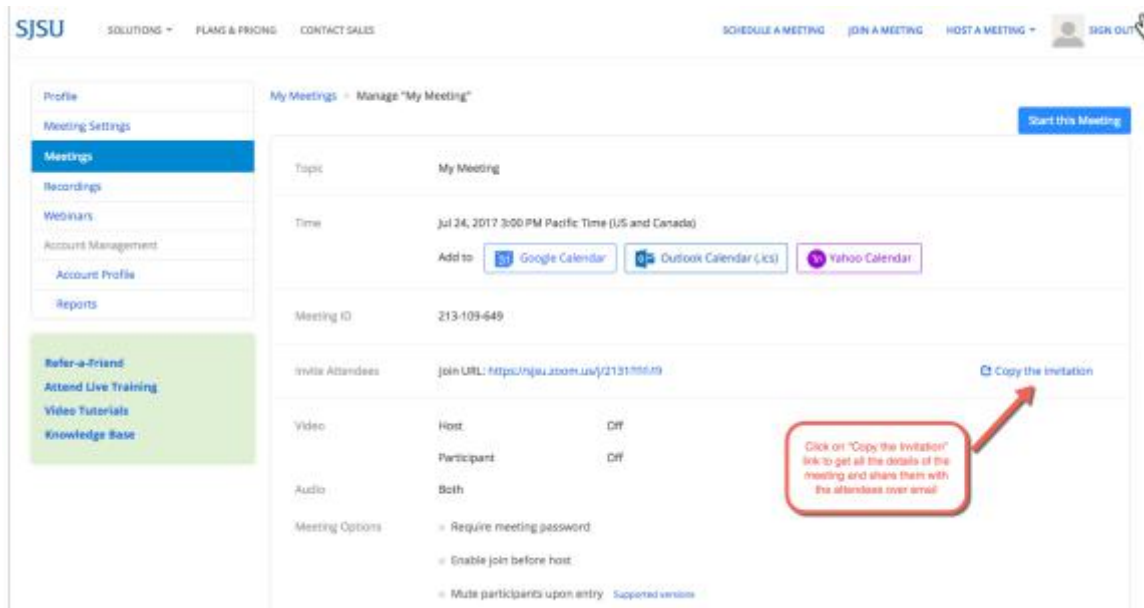

- SAVE**: A red box with an arrow pointing to the "SAVE" button at the top left.
- Once done,click on save button to add event to calendar**: A red box with an arrow pointing to the "SAVE" button.
- Meeting Topic**: A red box with an arrow pointing to the "My Meeting" title field.
- Meeting Date & Time**: A red box with an arrow pointing to the date and time selection fields (7/24/2017, 3:00pm to 4:00pm).
- Meeting Invitation and help Details**: A red box with an arrow pointing to the "Description" field containing meeting details.
- Invite attendees by entering their names or email id in Add guests text box**: A red box with an arrow pointing to the "Add guests" text box in the "Guests" section.

The interface includes sections for "My Meeting", "Event details", "Where", "Joining info", "Calendar", "Description", "Attachment", "Event colour", "Notifications", "Guests", "Rooms", "Participants", and "Suggested times".

2. By sharing the URL link of the meeting session with the attendees.

3. By copying the invitation and forwarding it to the attendees over email.

Click on the “Select All” button and press CTRL+C or right click->copy, to copy the invitation and share the copied meeting session details with the attendees.
