

Information About Degrees Earned outside the United States of America

Applicants must possess the equivalent of a Bachelor's Degree granted by a recognized and accredited post-secondary institution (the equivalent of a total of at least 16 years of academic education). Foreign transcript evaluation is a two part process for individuals who earn their degree outside of the United States. The California Commission on Teaching Credentialing (CCTC) requires independent evaluation of transcripts via agencies they have approved while San Jose State University's Graduate Admission and Program Evaluation (GAPE) Department evaluates all foreign transcripts in house to determine degree equivalency. Admission to the program is contingent on **BOTH** CCTC and SJSU individually validating your foreign degree is equivalent to a U.S. Bachelors or Higher Degree.

Transcript Evaluation Process

STEP 1: Transcript Evaluation for CCTC

CCTC must validate that your foreign degree is equivalent to a U.S. Bachelors or Higher Degree before you may apply to the Multiple Subject Credential Program at San Jose State University.

1. Submit transcripts to one of the approved agencies for evaluation (see #3 for a list of agencies).
2. Request two sets of transcript evaluation. One for your records and one to submit with your application to the Department. Please check your transcript evaluation and verify that you have an equivalent U.S. Bachelors or Higher Degree before submitting your application. **(You DO NOT need to submit these transcripts to GAPE but will need to submit with your Department Application).**
3. For a list of agencies approved by the California Commission on Teacher Credentialing for Foreign Transcription Evaluation, please visit the CCTC website at:
