SJSU ERFA Spring Excursion April 1st
Join us for a unique visit to the
CSU CALIFORNIA MARITIME ACADEMY and
MARE ISLAND HISTORIC PARK

Our day begins with a tour of the CSU Maritime Academy, the only maritime academy on the West Coast. Then we board the bus and arrive at Mare Island Historic Park which features the oldest Naval Shipyard in the West Coast. Lunch (assorted sandwich selection, rolls, salad, etc.) will be served in the Smithery building, dating from 1855.

After that, we will have a docent-led tour of the Mare Island Historic Park, the best way to see the highlights and learn the history of this fascinating island. Sites we will see include the stately Colonial Revival-era mansions of Officers Row, St. Peter’s Chapel with its Tiffany stained glass windows, Alden Park, the Mare Island Museum (Bldg. 46), and the dry docks along the waterfront of Mare Island.
