Course Description

Welcome to English 100WB, a participatory course that offers a practical approach to business communication, emphasizing situations that require both oral and written communication. Assignments enable students to practice and apply both practical and theoretical aspects of organizational communication.

Students will develop advanced proficiency in college-level writing and appropriate contemporary research strategies and methodologies to communicate effectively to both specialized and general audiences. This course reinforces and advances the abilities developed in Written Communication I (A2) and Critical Thinking and Writing (A3) courses, and broadens and deepens these to include mastery of the discourse peculiar to business communications.

Course Goals and Student Learning Objectives

Course Goals for Area Z

Diversity. Issues of diversity shall be incorporated in an appropriate manner.

Writing. Written assignments should include both in-class and out-of-class writing, giving students practice and feedback throughout the semester. A single final term paper would not satisfy the requirement. Assignments will total a minimum of 8000 words assigned throughout the semester, providing frequent practice and feedback for improving application skills. Course syllabi must reflect assignments that meet the 8000-word minimum.

Reading. Readings used in the course should be models of excellence.

Discipline. Written Communication II courses are discipline specific. All courses will use language and forms of writing appropriate to the discipline.
Pedagogical Approach

• Courses shall focus on issues or present perspectives from different academic disciplines.
• Courses shall require students to apply basic skills (reading, writing, speaking, critical thinking, research, and mathematics) and to utilize knowledge gained in Core General Education courses.

Active Learning

• Each course shall provide for active student participation. The course may not be exclusively lecture format.
• Assignments must utilize library research and oral and written communication skills.
• Courses should promote reflective processes and critical analysis.

Primary sources. Course materials (readings, research) must include primary sources appropriate to the discipline (e.g. scholarly journal articles, original artwork)

Student Learning Objectives for GE Area Z

Students shall write complete essays that demonstrate college-level proficiency. Students shall be able to:

1. produce discipline-specific written work that demonstrates upper-division proficiency in:
   • language use
   • grammar
   • clarity of expression
2. explain, analyze, develop, and criticize ideas effectively, including ideas encountered in multiple readings and expressed in different forms of discourse
3. organize and develop essays and documents for both professional and general audiences
4. organize and develop essays and documents according to appropriate editorial and citation standards
5. locate, organize, and synthesize information effectively to accomplish a specific purpose, and to communicate that purpose in writing

We will analyze a number of samples, write for a variety of audiences, and explore a range of formats as we craft resumes, reports, blog posts, proposals, podcast scripts, letters, emails, tweets, and other business messages. Success in this class requires that students come to class on time and prepared for each session.

Document Format

Assignments such as blogs, resumes, reports, letters, and emails, will follow standard business writing format (as explained during lecture, posted on Canvas, and printed in Appendix A of your textbook). Format all other assignments in MLA style. (See Appendix B of your textbook for more details on MLA style.)

Estimation of Per-Unit Student Workload

SJSU classes are designed such that in order to be successful, students are expected to spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in [University Policy S12-3](http://www.sjsu.edu/senate/docs/S12-3.pdf) at http://www.sjsu.edu/senate/docs/S12-3.pdf.

**Note:** This means devoting minimum of 9 hours per week, per class. To pass English 100WB, students should plan on at least six hours (excluding breaks) of dedicated homework time each week.
