GE/SJSU Studies Category: GE A2 / Critical Thinking and Writing

The Stretch Calendar
Stretch I and II span the fall and spring terms: the fall and spring course are both required to complete the A2 coursework. Plan to sign up in spring for the same section (time, day, instructor) in order to complete the course of study as expected within your first year of study at SJSU.

The A2 Milestone for Progress to Degree
The California State University system and SJSU expect all students to have completed their A2 requirement within the year. They have committed to make available courses and support to help all students achieve this milestone. Please work with me and all recommended support staff to achieve this milestone successfully.

Our Topic for Stretch this Year (2017-2018)
Our main inquiry will examine the influence of cultural myths on identity. We will explore readings and written assignments that will help us determine how cultural myths shape the way we see ourselves and the world around us. We will discuss how the creation of these myths, the
sustainability of these myths, and the global perspective of these myths impact our past, present, and future as members of a learning community. We will look at specific myths like the myth of the family, the promise and accessibility of education, and how class, gender, and race fit into larger narratives about identity. Our goal is to recognize the interconnectedness between and the power that comes with applying the tools of knowledge, reading, and writing. Language is not neutral; language makes things happen.

Why Stretch?
As part of your general university education, you are offered this course to explore how reading and writing inform the work we do together at the university. Across the university, in all disciplines and majors, reading and writing inform the collaborations between students and faculty as we create new knowledge together.

What You Will Learn in Stretch English I and II
The General Education guidelines for instructors outline five broad learning outcomes for all courses that satisfy Area A2. I have designed this course to ensure that you meet these outcomes.

For more information on the Stretch Curriculum designed to meet these learning outcomes, see the Stretch English Program Syllabus on the Department Website. Table 1 maps how the yearlong course will meet Written Communication I requirements and standards as well as the GE learning objectives.

GE Learning Outcomes (GELO)
Upon successful completion of this course, students will be able to:
1. demonstrate the ability to read actively and rhetorically
2. demonstrate the ability to perform the essential steps in the writing process (prewriting, organizing, composing, revising, and editing) and demonstrate an awareness of said performance
3. articulate an awareness of and write according to the rhetorical features of texts, such as purpose, audience, context, and rhetorical appeals
4. demonstrate the ability to integrate their ideas and those of others by explaining, analyzing, developing, and criticizing ideas effectively in several genres
5. demonstrate college-level language use, clarity, and grammatical proficiency in writing

How to Prepare for Class Sessions.
We will use reading and writing to collaborate in researching on our topic on higher education, and writing about it. You will come to class everyday ready to do writing—that is, to explore ideas, share research and reading, analyze source materials, critique samples and workshop drafts. In short, to write. All classes will involve in-class activities intended to further your progress on the current essay assignment or project. You will want to save this class work to
your Canvas account, or to your laptop, or both. So you will want to bring your own laptop or tablet. (Laptops and tablets are also available to be checked out in the library.)

Where to Find Course Assignments and Materials
Course materials such as syllabus, handouts, assignment sheets, and some readings can be found on Canvas. You are responsible to check your MySJSU email to learn of any updates to our schedule.

Textbooks and Readings
- *Rereading America* (10th edition) by Gary Colombo, Robert Cullen, and Bonnie Lisle
- *The Other Wes Moore* by Wes Moore
- Other readings (and videos) provided throughout the semester through email or Canvas

The Work You Will Do in This Course: An Overview

**The Core Stretch Curriculum.** The fall writing assignments include: 2 critical reading and reflection essays, a personal essay, an essay for a public forum, and a self-reflection essay (written in class). The spring writing assignments include an interview project, a profile essay, a critical/reflection essay, an ethnographic project, a critical essay, and a self-reflection essay.

**Midyear and Year-End Self-Reflection and Portfolio Review**
At the end of the fall and spring terms you will submit a portfolio for Stretch instructors to review. These portfolios will ask you to enter into an assessment of your writing with two members of the Stretch faculty: me and one of my colleagues.

**Our Daily Learning Activities.**
The schedule of reading and writing assignments at the end of this syllabus breaks this work down into daily activities you will engage both in and out of class.

**The Time You Will Spend on This Work**
Like all faculty at SJSU, I have designed this course to help you achieve the learning goals that define its role in your progress to earn a degree. In a 3-unit course like this one, faculty expect that students will spend three hours per unit per week. This time includes preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in [University Policy S12-3](http://www.sjsu.edu senate/docs/S12-3.pdf).

**How Your Work Will Be Graded (Grading Contract)**
In this class, we will work as a learning community to develop our approaches to reading and writing different types of texts. We will experiment with unfamiliar strategies, and at times we will feel unsure about the direction of our work and our comprehension of the work of others. We will develop writing processes to help us, including prewriting, drafting, workshopping, and revising. We will rely on each other for feedback and support, but will also take charge of our own learning and success.
This class is meant to improve your skills and experiences as college-level writers. Therefore, we will not be using a traditional grading system. You will not be graded or given a point value for each assignment; instead, you will receive feedback from your peers and writing coach for each major assignment. You will be guided and mentored during the writing, researching, revising, and learning processes, while taking on the role of student mentor yourself. The grading contract which will also give you more of an idea as to how much time you should spend on the work you do in this class.

**Class Policies:**
Class policies are intended to ensure the smooth operation of the class and to encourage a professional working environment congenial to all. We will come up with class policies together as part of the grading contract. Once we come up with them, I will also post them here in the class syllabus (and they’ll already be in the contract). These policies will include clauses on office hours, deadlines, emailing your professor, workshops, makeups, laptops, phones, and absences and tardiness.

**Where Can I Find Information about University Policies?**
The Office of Graduate and Undergraduate Programs (GUP) maintains university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. You may find all syllabus-related University Policies and resources information listed on GUP’s [Syllabus Information web page](http://www.sjsu.edu/gup/syllabusinfo/) at http://www.sjsu.edu/gup/syllabusinfo/
