The Department of Environmental Studies at San José State University seeks lecturers for several courses for the Spring 2018 semester. The semester begins Wednesday, January 24, 2018 and ends Friday May 25, 2018. Visit the Department website at http://www.sjsu.edu/envs/ to see the Spring 2018 schedule and review course materials.

**General Qualifications:** Applicants must have at least an M.S./M.A. (Ph.D. preferred) in Environmental Science/Studies or a related field. University-level teaching experience is preferred. Professional experience, in addition to the master’s degree, will also be considered. Applicants must be well-organized, energetic, and able to provide a supportive learning experience to a diversity of students. **See specific qualifications for the courses, below.**

**Important Notes:**
* Lecturers teaching 6 or more units in a semester are eligible for benefits from the University.
* Instructors selected will be provided course materials to help with class design, as available.

The following courses are available. Please read down for qualifications and descriptions.

**Environmental Research & Writing (EnvS 100W) – 1 section (3 unit course)**

*Specific Qualifications:* Applicants must have a degree or substantial course work in composition, technical writing and/or journalism, and academic and/or professional background in environmental research and writing. Demonstrated understanding of environmental issues and expertise in at least one environmental issue are essential.

*Course Description:* Advanced research and writing skills for future environmental professionals. Focus on issues, literature and challenges associated with environmental writing. Emphasis on writing for technical and general audiences. GE Area: Z Prerequisite: A3 or equivalent second semester composition course (with a grade of C- or better); Completion of core GE, satisfaction of Writing Skills Test and upper division standing. Declared major in environmental studies. Note: Must be passed with C or better to satisfy the CSU Graduation Writing Assessment requirement (GWAR).

*Schedule:* Monday/Wednesday, 9:00-10:15am. First class meeting is January 24, 2018.

**Environmental Economics (EnvS 107), 2 sections (3-unit course)**

*Specific Qualifications:* Applicants must have a relevant degree, substantial course work, as well as academic and/or professional background in environmental economics, its application to environmental issues, and its use in developing sustainable solutions to environmental challenges.

*Course Description:* Analysis of basic economic and political factors related to the environmental crisis. Surveys policy approaches to the problem: regulation, taxes, subsidies, cost benefit analysis. Prerequisite: ECON 1B or instructor consent.

This course is required for all EnvS majors, who come to this class with a strong background in environmental issues and only one course in Economics (Econ 1B - Microeconomics). A number of economics majors also take this course. While strong in economics, they have little environmental background.

*Schedule:* Section 1 - Tuesday/Thursday, 10:30-11:45am; Section 2 - Tuesday/Thursday, 12:00-1:15pm. First class meeting is January 25, 2018.

**Introduction to Environmental Thought (EnvS 150), 1 section (3-unit course)**

*Specific Qualifications:* Applicants must have a relevant degree, substantial course work, as well as academic and/or professional background in environmental history and philosophy.

*Course Description:* This course is an introduction to significant works in the field of environmental studies. Topics covered include preservation, conservation, biocentrism, environmental justice, eco-feminism, deep ecology, and environmental activism.

*Schedule:* Tuesday/Thursday, 6:00-7:15pm. First class meeting is January 25, 2018.
Environmental Studies for Teachers (EnvS 158), 1 section (3-unit course)

Specific Qualifications: Applicants should have a relevant degree or certificate and substantial course work as well as professional and/or academic experience in environmental and/or teacher education.

Course Description: This course is designed for students from a range of majors interested in teaching in elementary or middle schools. It is also applicable to high school teachers, as well as outdoor educators, science camp counselors, park guides and other types of environmental educators.

Schedule: Monday/Wednesday, 10:30-11:45am

Environmental Restoration (EnvS 187) 1 section (4-unit course)

Specific Qualifications: Applicants should have a degree or strong background in Environmental Restoration or related field. Professional experience and knowledge of local restoration efforts is considered an asset.

Course Description: Interdisciplinary art and science of restoring destroyed or degraded habitats. Emphasis on the interplay of ecological principles, policy, public involvement and economics in the planning, implementation and monitoring of restoration plans. Field work and independent research required. Prerequisite: ENVS 001, GE B2 course and any 100W, or instructor consent. Misc/Lab: Lecture 3 hours/lab 2 hours.

Schedule: Lecture - Monday/Wednesday, 1:30-2:45pm; Activity Section - Monday, 3:00-5:45 (activity section). First class meeting is January 24, 2018.

Advanced Environmental Restoration (EnvS 191) 1 section (4-unit course)

Specific Qualifications: Applicants should have a degree or strong background in Environmental Restoration or relevant field. Preference given applicants with experience leading research or restoration projects. Professional experience and knowledge of local restoration efforts is considered an asset.

Course Description: Advanced restoration research and applications. Emphasis is on independent literature research and field data collection. Participation in on-going restoration project required. Fieldwork and grasp of restoration principles required. Prerequisite: ENVS 187. Misc/Lab: Lecture 3 hours/lab 2 hours. Notes: Offered only occasionally.

Schedule: 1 section: Lecture - Monday/Wednesday, 9:00-10:15am; Activity Section - 2 hours/week or total of 30 hours/ semester, TBD by instructor. First class meeting is January 24, 2018.

Application Procedures:
Positions vacant until filled. Email a letter of interest, CV with names of three professional/ academic references, and an informal copy of your graduate transcripts to Dr. Rachel O'Malley, Acting Chair, Department of Environmental Studies, at rachel.omalley@sjsu.edu. If needed, transcripts can be mailed to: ATTN: Lecturer Hiring Committee, Department of Environmental Studies, San José State University, One Washington Square, San Jose, CA 95192-0115. For more information, please email Dr. O’Malley.

Institutional Information:
The Department of Environmental Studies was founded in 1970. We grant B.S., B.A., and M.S. degrees and serve over 325 undergraduate majors and minors, and 50 graduate students. There are nine full-time faculty members, complemented by as many as 12 lecturers per semester who teach specialty classes. Visit: http://www.sjsu.edu/envs/ for more information on the Department.

San José State University, California's oldest institution of public higher learning, is located on the southern end of San Francisco Bay in downtown San Jose. San José State University enrolls approximately 30,000 students, a significant percentage of whom are members of minority groups. The University is committed to increasing the diversity of its faculty so that our disciplines, students, and the community can benefit from multiple ethnic and gender perspectives.

SJSU is an Equal Opportunity/Affirmative Action Employer committed to nondiscrimination on the bases of race, color, religion, national origin, sex, sexual orientation, gender status, marital status, laws. This policy applies to all SJSU students, faculty, and staff as well as University programs and activities. Reasonable accommodations are made for applicants with disabilities who self-disclose.

The annual San José State University Safety Report is available at http://www.sjsu.edu/police/. Or, you may request a copy by contacting the University Police Department at (408) 924-2222.
