Course materials such as syllabus, handouts, notes, assignment instructions, etc. can be found on Canvas Leaning Management System; login at http://sjsu.instructure.com. You are responsible for regularly checking Canvas and your email to learn of any updates.

Course Description
In this course, you will develop advanced research and writing skills. We will focus on the drafting of a research question, the gathering and categorizing of support data, development of a clear and concise argument, document organization, and proper formatting. You learn to be a good writer by writing, reading, and practicing. In this course, we will work on each of these areas in the context of both technical and general audiences.

Course Goals
In written communication II courses, students will develop advanced proficiency in college-level writing and appropriate contemporary research strategies and methodologies to communicate effectively to both specialized and general audiences.

GE Learning Outcomes (GELO) and Course Learning Outcomes (CLO)
- SLO1: Refine the competencies established in Written Communication 1A and 1B
Required Texts/Readings

Textbook
The required textbook is available at the SJSU bookstore or at http://www.amazon.com.

Other readings will be handed out in class or available on Canvas throughout the semester.

Library Liaison
Peggy Cabrera is our liason for Environmental Studies. Reach her at: peggy.cabrera@sjsu.edu or via the MLK Library website. She can help you refine your research searches, find sources, help with formatting citations, etc.

Course Requirements and Assignments

Assignments
Writing assignments for this class cover a variety of styles, lengths, and approaches. Writing frequently is the best way to improve your writing craft, and so you will be completing both formal and informal writing assignments on a regular basis. The following list of assignments may look long, but many of the assignments are designed as steps to aid you in writing the final research paper (boldface type in the following table).

<table>
<thead>
<tr>
<th>Assignment</th>
<th>Requirement</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>1* Research Paper (3 drafts)</td>
<td>2,500+ words</td>
<td>500</td>
</tr>
<tr>
<td>2 Passions</td>
<td>500+ words</td>
<td>40</td>
</tr>
<tr>
<td>3* Research Question (2 drafts)</td>
<td>250 words</td>
<td>50</td>
</tr>
<tr>
<td>4 Annotated Bibliography- Background</td>
<td>Complete</td>
<td>50</td>
</tr>
</tbody>
</table>
Some formal assignments will require you to submit your work using the turnitin.com feature on our class Canvas website. Directions for each assignment must be read carefully so you know how to turn in your assignments (hard copy vs electronic submission). Assignments due in hard copy are due at the beginning of class; assignments due via Canvas are often not due until midnight. Please check specific instructions for each assignment. Files must be in .doc, .docx, or .pdf format. Several assignments are submitted in multiple drafts or multiple parts. Explicit directions will be included in the instructions for those assignments.

Assignments marked with an asterix (*) will be used for in-class peer review; you must bring 1 printed copy to class on the dates when they are due (instructions will be clarified for each assignment). These assignments are due at the beginning of class, and due dates are noted in the class schedule.

All assignments must be typed. If you do not have access to a computer at home, you may use the following campus resources: Computer labs for student use are available in the Academic Success Center located on the 1st floor of Clark Hall and on the 2nd floor of the Student Union. Computers are also available in the Martin Luther King Library.

**Late Assignment Policy**

Assignments have specific instructions and due dates. They are posted on Canvas. You are responsible for making sure that you understand the requirements and due dates of each assignment, including when and where to turn them in. Anything not turned in per instructions will be considered late. Late assignments will be accepted with a 20% deduction until the end of the next class period, by hand or via email. Assignments more than 1 class period late will not be accepted.

**Final Examination or Evaluation**

Performance in this class is based on the accrual of points from the class assignments; the final draft of Assignment 1: Research Paper, will serve as your final evaluation in lieu of a final exam.

**Grading Information**

**Determination of Grades**

**Please note the following information regarding grading in 100W classes (and please keep track of the points you earn in this class on Canvas so you are aware of your grade at all times):**

*This course must be passed with a C or better as an SJSU graduation requirement.*
A. The grade of A is appropriately given to students whose preparation for and execution of all course assignments has been consistently thorough and thoughtful. These students have earned 90% or more of the available points in class. In addition, by the end of the quarter, students who earn an A are consistently producing work that is ambitiously and thoughtfully conceived, conscious of the demands of a particular assignment, purposeful, effectively developed, and effectively edited.

B. The grade of B is appropriately given to students who have satisfactorily completed all class assignments, although some of these efforts may have been more successful than others. These students have earned 80% or more of the available points in class. By the end of the quarter, students who earn a B are consistently producing work that is competent in that they meet the demands of assignments, have a clear purpose, are sufficiently developed, and are accurately edited.

C. The grade of C is appropriately given to students who have fulfilled course requirements although, in some instances, minimally so. These students have earned 70% or more of the available points in class. By the end of the quarter, students who have earned a C have provided sufficient evidence that they can produce focused, purposeful writing that satisfies the demands of an assignment, is adequately developed, and is carefully edited although, in some instances, achieving that standard depended on multiple revisions. **Note: a grade of C-(70-72%) will not allow you to “pass” the course for graduation requirements.

D and F. D and F grades will be given to students whose work has been unsatisfactory in some significant ways; they have not completed all the course requirements and/or their essays have not yet achieved the level of competency required to satisfy the GE Z requirement. D scores are (60-69%); F scores are (50-59%). **Note: a grade of D or F will not allow you to “pass” the course for graduation requirements.

Classroom Protocol

You are expected to be present and punctual for every class session, to participate respectfully in discussions. Computers may be used to take notes, but not for email/internet. Cell phones should be turned off during class, with an exception for parents who may receive emergency calls. I expect that you will come prepared to talk, write, and think critically about the readings assigned for each class period. This means you must complete assigned reading before class.

University Policies

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs’ Syllabus Information web page at http://www.sjsu.edu/gup/syllabusinfo/
## Tentative Course Schedule

In-class assignments are not listed, but are included in each class. Topics, readings, assignment due dates are subject to change, depending on the needs of the course. Changes to this schedule will be announced in class and/or posted on Canvas.
