EOP is committed to providing students with support services to achieve their personal and academic goals while they are in college and in preparation for success beyond their undergraduate degree. As an EOP student, you must be willing to meet EOP half way, assume responsibility, and put in the work necessary to achieve your goals. It is important that you understand the program expectations as well as how EOP can assist you through the support services provided.

FIRST CONTACT:
New students are required to attend EOP First Contact, which is separate from SJSU orientation and is designed to give you a jump start on adjusting to and understanding SJSU as well as EOP expectations. Non-attendance or non-appeal of absence at First Contact will result in automatic removal from EOP.
