Eop is committed to providing students with support services to achieve their personal and academic goals while they are in college and in preparation for success beyond their undergraduate degree. As an eop student, you must be willing to meet eop half way, assume responsibility and put in the work necessary to achieve your goals.

As an EOP student, it is important that you understand the program expectations as well as how EOP can assist you through the support services provided.

All newly accepted students are required to participate in the EOP First Contact program. First Contact is separate from SJSU orientation and is designed to give you a jump start on adjusting to and understanding SJSU as well as EOP expectations. Non-attendance at First Contact will result in removal from EOP.

To be in program compliance, specific requirements must be completed. The requirements are generally based on, but not limited to, the following: Fall/Spring term, class level, GPA and remediation. Non-compliance with EOP Plan Requirements will result in program probation, loss of EOP Grant and/or removal from program.

As an actively engaged and successful EOP and SJSU student, I agree to do the following:

- I will take responsibility and ownership of my education.
- I accept EOP’s assistance with navigating the undergraduate experience at SJSU, including connecting me with resources and services, informing me of policies and assisting me in gaining decision making skills.
- I will complete the EOP Plan Requirements as they are assigned to me for each semester I am enrolled as a student and inform my EOP advisor of any difficulties with meeting my EOP Plan Requirements early in the semester.
- I will inform my EOP advisor if I decide to no longer enroll in courses at SJSU or if I withdraw from the university.
- I will support and participate in SJSU-EOP programs/events, including but not limited to the following: EOP First Contact, Fall Welcome, EOP Summer Bridge for freshmen, EOP New Student or ICIW Mentoring Program, EOP advising, EOP Tutoring as well as other community building events throughout the year.
- I will come prepared to advising and tutoring appointments: by bringing assignments completed, questions for my advisor or tutor, relevant paperwork and GE/Major course listings.
- I will schedule and cancel appointments through GradesFirst in a timely manner for advising and tutoring.
- I will maintain 12 units of full time enrollment each term at SJSU in order to be eligible for the EOP Grant.
- I will keep my contact information current and inform EOP and SJSU of any changes in a timely manner.
- I will understand the university policies and procedures as listed in the SJSU Catalog.
- I will maintain good EOP Program Status and SJSU good academic standing.
- I authorize my instructors to release mid semester grades and other pertinent academic information to EOP, including submission of Progress Reports via GradesFirst.
- All Educational Opportunity Program (EOP) students must complete specific requirements in order to maintain good program status in EOP. EOP Program Status is determined at the end of each semester and is based on completion of all EOP Plan Requirements for that semester:
  - EOP Plan Requirements are generally based on, but not limited to the following: Fall/Spring term, class level, SJSU cumulative GPA and remedial course enrollment.
  - In order to meet 100% compliance, all parts of the assigned plan need to be completed entirely. If all parts are not completed by the stated deadline, then the student will either be placed on EOP Program Probation at the end of the term, or be removed from EOP if they are already on EOP Program Probation.
  - Students placed on EOP Program Probation will not receive their EOP Grant for the following semester.
  - Requirements are assigned at the beginning of each term, and it is the student’s responsibility to read, understand and complete all items listed on their specific plan by the deadlines listed.
  - Meet with an EOP advisor for planning if the SJSU cumulative GPA is below 2.300 or if academically disqualified.
  - Tutoring as required for remedial courses that I am enrolled in.
  - Students with a SJSU cumulative GPA between 2.000 – 2.199 will be required to meet with an ACES Coach.
- I will have a General Educational Plan in place with assistance from an EOP advisor, major advisor/college advising center:
  - Register for classes that fulfill General Education and intended major and/or minor requirements. - Monitor my Degree Progress through MySJSU.
  - Take/pass the Writing Skills Test (WST) as quickly as possible. The WST is a requirement for upper division students prior to enrolling in SJSU Studies courses. A delay in testing can result in a delay in graduation.
  - Complete other testing as required by university or major.
I understand and grant permission to the CSU and EOP to take, use and own visual/audio images of me during EOP events and use the images in any manner or media, including but not limited to university-sponsored web sites, publications and printed materials.

My electronic signature indicates my acknowledgment and understanding of the EOP Student Agreement and the CSU Visual/Audio Image Release form: http://www.sjsu.edu/communications/docs/photoReleaseForm.pdf

I will maintain continued satisfactory status within EOP by following my Plan Requirement as assigned each semester. I understand that if I fail to comply with these guidelines, I may be removed from EOP.

First semester of non compliance with Plan Requirements will result in being placed on EOP Program Probation and loss of the EOP Grant for the following semester. The following immediate (second) semester of further noncompliance will result in removal from EOP and a loss of services and grant.

By submitting my SJSU ID as my electronic signature on the EOP Student Agreement, I accept, acknowledge and understand the conditions of the written EOP Student Agreement. Your electronic signature must be submitted online: www.sjsu.edu/eop
