

HS167 SURVEY

Name: _____

Date: ____/____/____

Information on this survey will be used to help you during the class and improve the curriculum in the future. Responses will *not* effect your grade. Thank you very much for your honest responses!

1. *Undergraduate students:* How did you meet the ELM requirement for this course? (Check one)

- ☐ I passed the ELM test
- ☐ I earned an SAT, ACT, or other standardized test exemption.
- ☐ I took my Quantitative General Education (Area B4) requirement at a community college.

2. *Graduate students:* Please check your scores on your GRE and report them here.

Verbal:	Score: _____	Percentile: _____
Quantitative:	Score: _____	Percentile: _____
Analytical writing:	Score: _____	Percentile: _____
<input type="checkbox"/> Check here if you received a GRE exemption		Reason for exemption: _____

3. There are many possible reasons for experiencing difficulty in statistics. In your honest opinion, which barriers apply for you? (Check all that apply)

- ☐ Difficulty completing assignments
- ☐ Difficulty studying abstract concepts
- ☐ Other intellectual barriers
- ☐ Emotional barriers (e.g., anxiety)
- ☐ Other barriers
- ☐ None of the above

4. There are at least three levels of statistical knowledge. The first level is familiarity with statistical formulas and methods. The second level is knowing how and when to use formulas and methods. The third level is knowing how to handle difficult problems by making sense out of data. Which of these levels do you aspire to? (Check one)

- ☐ Level one (Familiarity with formulas and methods)
- ☐ Level two (Knowing how and when to use formulas and methods)
- ☐ Level three (Knowing how to handle difficult problems and real data)

5. Please describe your prior experience with math-based and science courses (Select best response):

- ☐ Extremely positive
- ☐ Mostly positive
- ☐ Neutral
- ☐ Mostly negative
- ☐ Extremely negative

Thank you very much for responding to this survey. If there is anything specific you think I or the Teaching Assistant should know about you, please contact us directly (gerstman@email.sjsu.edu)
