When you apply for your multiple subjects credential you can apply for any of these authorizations at the same time. The multiple subject credential is approved INSTANTLY by the CCTC when our credentials office submits your information electronically. Same is true if you add the full single subject credential at the same time (with transcript and CSET proof).

Introductory authorizations can take more time because CCTC has to approve 32 units. Santa Clara County Office staff can do it more quickly once your multiple subjects credential is approved.

\*\*The County Office can also approve Foundational Credentials swiftly with CSET scores and transcript more quickly once your multiple subjects credential is approved. Latishia Stevenson is a great resource at the County Office.
