

# Agenda for ENGL 115: February 26

## 1. Announcements/Clarifications: Regarding Key

Quotes:

- use first person – don't generalize about “readers”  
“we” “the audience” “you”;
- use present tense verbs
- avoid vague, generalizing words: society, interesting, -  
-aim for the most specific group you can cite; e.g.  
Abraham's descendants
- Remember that in referencing the Bible, Bible is  
always capitalized (though it is the title of a “book,”  
the title isn't underlined/italicized)
- \*\*\*build your comments on the text  
reading for “subject” not “object” (see the Terms to
