Part 1 To be completed by the course coordinator:

1. What GELO(s) were assessed for the course during the AY?
   GELO 3: Students should be able to use the methods of science, in which quantitative, analytical, and reasoning techniques are used.

2. What were the results of the assessment of this course? What were the lessons learned from the assessment?
   We assessed 119 students using a short answer exam question which was: Use the following climograph to access the major climate category and then explain the driving atmospheric and topographic forces of this climate.
   Of these students, 49% earned an A or B, 40% earned a C and 11% received a D or F. Students did well on this assignment, primarily because an entire lecture was devoted to the topic. Most of the students that did not pass (D/F) were not in attendance for the lecture.

3. What modifications to the course, or its assessment activities or schedule, are planned for the upcoming year? (If no modifications are planned, the course coordinator should indicate this.)
   The instructor plans to add more review of climographs.

Part 2 To be completed by the department chair (with input from course coordinator as appropriate):

4. Are all sections of the course still aligned with the area Goals, Student Learning Objectives (GELOs), Content, Support, and Assessment? If they are not, what actions are planned?
   Yes, all sections are aligned with area Goals, Student Learning Objectives (GELOs), Content, Support, and Assessment.

5. If this course is in a GE Area with a stated enrollment limit (Areas A1, A2, A3, C2, D1, R, S, V, & Z), please indicate how oral presentations will be evaluated with larger sections (Area A1), or how practice and revisions in writing will be addressed with larger sections, particularly how students are receiving thorough feedback on the writing which accounts for the minimum word count in this GE category (Areas A2, A3, C2, D1, R, S, V, & Z) and, for the writing intensive courses (A2, A3, and Z), documentation that the students are meeting the GE GELOs for writing.
   NA--this is a B1 course.
