CASA Assessment Summary - Kinesiology

No SLO assessment was submitted

In Fall 2010, Kinesiology decided to relook at their SLOs in order to better align their program and student learning objective, thus allowing for better assessment of learning outcomes and program effectiveness.

The following are their new PLOs:

At the end of a Bachelor of Science degree program in the Department of Kinesiology students should be able:

1. To obtain a critical understanding and the ability to apply theoretical and scientific knowledge from the subdisciplines in kinesiology for personal fitness, healthy lifestyles, sport, and/or therapeutic rehabilitation.
2. To effectively communicate the essential theories, scientific applications, and ethical considerations related to kinesiology.
3. To apply scholarship and practice of different movement forms to enhance movement competence in kinesiology.
4. To recognize and apply sustainable approaches as they relate to kinesiology.
5. To identify social justice and equity issues related to kinesiology for various populations levels.
