Graduate and Undergraduate Programs has moved curricular processes to an online web system called Curriculog. This form is for planning purposes only.

Use this form to submit a proposal for a new graduate program. For New Programs, follow the [approval process](#) and proposal templates found on the [GUP Curriculum website](#).

Follow the GUP guidelines for proposals: [Certificate and Credential Proposals](#), [Concentrations](#), [Elevations and New Degrees](#).

After you've prepared all the required documents for a new degree, attach it to this workflow and be sure to follow the curriculum review approval procedures established by your college.
