

INSTRUCTIONS

Graduate and Undergraduate Programs has moved curricular processes to an online web system called Curriculog. This form is for planning purposes only.

For undergraduate program modifications, copy the template for your program from the online catalog at <http://info.sjsu.edu/web-dbggen/catalog/degrees/all-degrees.html>, into a Word file. Highlight the changes and/or use “track changes”, and place (a) in front of each course to be added and/or (d) in front of each course to be deleted. Also include an updated four-year roadmap and TMC roadmap (if applicable). Visit the Graduate and Undergraduate Program website for approval process and deadlines for catalog changes: http://www.sjsu.edu/gup/ugs/faculty/curriculum/guide/Degrees/Change_Degree/index.html
