Have you ever considered converting to Jediism?

Do you know more about R'hllor than you do about Catholicism? (Do you want to?)

Do you Time Warp?

This class will explore the intersection of religion, film and media, examining the way that religious beliefs and institutions are portrayed in the media, underlying religious content/symbolism in the media and the way media content can become a religion (i.e., Star Wars, Buffy, Game of Thrones). We will spend much of class time looking at film and other media. (Plan at least one trip to the Rocky Horror Picture Show)
