

2007-2008 Salary Survey – Conducted by the SJSU Career Center

SJSU salary data is compiled by the Career Center from students and employers who reported job offers from September 2007 to July 2008. This does not reflect all placements, but is the average salary data reported to the Career Center. In this survey, “n” equals the number of respondents and N/A indicates salary data was not available. **National placement data is provided compliments of National Association of Colleges and Employers (NACE) as a point of reference.

**For additional resources on salary trends for new college grads, please contact the Career Center*

Many SJSU candidate salary offers reflect a combination of previous/concurrent work experience.
