Three examinations covering approximately one-third of the text and lecture materials will be given; text-lecture breakdown will be about 60%-40%. The Study Guide should be considered an important instructional tool in this class; consequently, 15 to 20% of the test questions will be taken directly from this source.

Each exam will count for one-third of the course grade. The final grade will be determined by a class curve, based on a three exam average. The third exam will be given during the designated final period. Note that exams may not be taken 10 minutes after the beginning of an exam. Please be on time!
