ADMINISTRATION OF JUSTICE 105
RESEARCH METHODS

Instructor: Mona Lynch
office / phone: MH 513 / 924-2958
e-mail: mlynch@email.sjsu.edu
Class meetings: T-Th. 12:00-1:15 PM--MH 526
Office hours: T 9:30-10:30 AM & 2:00-4:00 PM; Th. 9:00-10:30 AM & 1:15-1:45 PM

COURSE DESCRIPTION

This course will systematically cover the basic elements of social science research methodology, with an emphasis on criminal justice research. We will cover the necessary components of research methods to understand, critique, design, and carry out sound research. We will learn about such things as: critically reading research on crime and justice issues, conceiving a workable criminal justice research question, selecting an appropriate method for the research question, designing a criminal justice research study, ethical issues faced when conducting criminal justice research, and how to make sense of research findings.

COURSE REQUIREMENTS:

In addition to participating in the class discussions and activities on Tuesdays and Thursdays, you need to: complete the required readings prior to the class for which they are assigned; complete a cumulative research project that will be the compilation of several interrelated assignments done throughout the semester, and take three in-class objective format exams that will cover the readings and lecture materials. The required projects can be on any of a range of topics related to the criminal justice, depending upon your interests.

REQUIRED TEXT:

GRADING, MISSED EXAM & LATE ASSIGNMENTS POLICY

Only legitimately excused missed exams can be made up. My policy for what constitutes legitimate excuses will be outlined during our first class meeting. Only under extreme and unavoidable emergency circumstances will you be able to make up an exam for a legitimate excuse if you have not given notice of your absence before the actual scheduled
exam period. In other words, don't report your absence after the exam was given, unless you can document your complete and total inability to do so before the exam. You may only make up 1 scheduled exam during the semester, so if you are not in attendance for more than 1 scheduled exam, you will receive zero points for any additional missed exams. **Excused** missed exams #1 & #2 will be taken on the final day of class, December 11th, during the class period. The make-up exams will be in a different format than the original exams. **Excused** final make-ups will be arranged on an individual basis.

The assignment / final project deadlines are firm deadlines. Each day that your assignment is late will result in a 5 point deduction from your grade for that assignment. Again, only legitimate excuses as outlined in the first class meeting will be accepted to avoid the late penalty. Computer / printer breakdowns are generally NOT legitimate excuses. Your final grade for the course will be based upon your performances on the in-class exams, the assignments, and the final project, as follows:

- Exam #1: 200 points maximum
- Exam #2: 200 points maximum
- Exam #3: 200 points maximum
- Assignments: 50 points each maximum x 5 assignments
- Final project: 150 points maximum
- Total possible: 1000 points

A range = 900 points or above
B range = 800-899 points
C range = 700-799 points
D range = 600-699 points
F = 599 points or below

**TENTATIVE SCHEDULE OF TOPICS / ASSIGNMENTS / DUE DATES:**

**WEEK 1 (August 28-30):** Introduction to asking and answering research questions.
**Read:** By Thursday: Chapter 1

**WEEK 2 (September 4-6):** Theory and causation.
**Read:** By Tuesday: Chapter 2 & handout.
**Read:** By Thursday: Chapter 3.
**Assignment #1--due Tuesday, September 4.**
WEEK 3 (September 11-13): Introduction to research design.
Read: By Tuesday: Chapter 4.
Assignment #2--your research question--due Thursday, September 13.

WEEK 4 (September 18-20): From concepts to measures.
Read: By Tuesday: Chapter 5.

Read: By Tuesday: Chapter 6. BRING ONE RESEARCH ARTICLE TO CLASS, Tuesday, September 25.
Assignment #3--the relevant literature list--due Thursday, September 27.

WEEK 6 (October 2-4): Exam and Introduction to ethics.
EXAM #1 (Tuesday, October 2)

WEEK 7 (October 9-11): Ethics and research.
Read: By Tuesday: Chapter 8 (note switch in chapter order).

WEEK 9 (October 16-18): Experimental designs.
Read: By Tuesday: Chapter 7 (note switch in chapter order).
Assignment #4--the relevant literature synthesis--due Thursday, October 18

WEEK 9 (October 23-25): Introduction to data collection & sampling.
Read: By Tuesday: Chapter 9 (note switch in chapter order).

WEEK 10 (October 30-November 1): Probability sampling & survey research.
Read: By Tuesday: Chapter 10.

WEEK 11 (November 6-8):
EXAM #2 (Tuesday, November 6)
NO FORMAL CLASSES NOVEMBER 8--WORK ON PROJECT

WEEK 12 (November 13-15): Nonprobability sampling & field research
Read: By Tuesday: Chapter 11.
Read: By Tuesday: Chapter 12.
NO CLASS ON THURSDAY--THANKSGIVING.

WEEK 14 (November 27-29): Program evaluation.
Read: By Tuesday: Chapter 13.
Assignment #5--the research design--due Thursday, November 29.

WEEK 15 (December 4-6): Making sense of findings; Communicating research findings.
Read: By Tuesday: Chapter 14.

WEEK 16: (December 11)
EXAM 1 & 2 MAKE-UPS; FINAL PROJECTS DUE
FINAL PROJECT DUE: Tuesday, December 11 in class.

Final exam during scheduled exam period (NOTE LATER START TIME):
Tuesday, December 18, 10:45 AM-12:00 noon.
