SYLLABUS

COURSE DESCRIPTION

This course surveys how courts in the United States, and the people who work in them, process criminal cases. We begin with an introduction to the sources of criminal law and the structure of state and federal trial courts. We then proceed to examine the basic steps of a criminal case, including arrest and charge, initial appearance and bail, preliminary hearings and grand juries, discovery and investigation, pretrial motions including motions to suppress illegally obtained evidence, plea bargaining, jury trial, evidence, sentencing and appeal. We will also examine juvenile courts in comparison to adult courts, and consider Aboutique courts@such as drug courts. Along the way, we will consider the roles of the major actors in criminal courts in the United States including prosecutors, defense attorneys and judges.

Students= mastery of the material will be evaluated through two short papers, presentations of those papers, a final exam, and class preparation and participation. More specifically, students will be required to:

FINAL EXAM: TBA  

A NOTE ON LATE ASSIGNMENTS: They are unprofessional and not tolerated. Quizzes may not be made up. For papers and the final exam, only excuses as would persuade a trial judge to postpone an in-progress trial, including documentation, are accepted. Without such a good cause, the final may not be made up. Forgetting or oversleeping does not constitute good cause. The sanction for unexcused late papers is that the grade on a late paper will be reduced one whole letter grade for each day it is late, including weekends and holidays.
