Course Description: This is an integrated writing and research course designed to develop advanced communication skills which will be valuable for a career in criminal justice. Effective written and oral communication skills are vital to success in any career, but are particularly important to the criminal justice professional. The best method for improving these skills is through extensive practice, critical feedback, revision, and examination of models of excellence in communication. Upon successful completion of this course, students will be skilled at communicating information to criminal justice professionals and to general audiences in a variety of formats.

The students of JS 100W will develop:
- a clear, concise, effective writing style, exhibiting the mastery of the mechanics of writing
- proficiency in research strategies and methodologies necessary to communicate complex ideas effectively and appropriately to both general and specific audiences
- the ability to read, interpret, and critically analyze scholarly literature within the field, and to respond critically both orally and in writing
- the ability to gather diverse supporting evidence from a variety of sources and appropriately cite these sources, using APA style format
- the ability to effectively express a position, using organized, clear concise wording in a variety of formats to target different audiences

Prerequisites: A grade of “C” or better in English 1B or equivalent, and passing score on the Writing Skills Test, completion of core GE requirements, and upper division standing (60 units completed)

Course Requirements: To satisfy the University’s Written Communication II requirement, students will be required to write a minimum of 8000 words with an overall grade of “C” or better. Students will also make at least two oral presentations, and will evaluate classmates’ writing on a variety of assignments. Assignments in JS100W will include: expository responses to problem statements, a review of scholarly literature, a research project, interviews of professionals in the criminal justice field, a brief of and response to court decisions, an oral presentation, various correspondence, a professional resume, and a final examination. All of these assignments are designed to provide practice in critical reading, thinking, and writing strategies necessary to plan and execute purposeful writing. Purposeful writing includes analyzing research, generating ideas, developing a thesis, organizing and writing a first draft, revising for form and content, editing for grammar, punctuation, spelling and usage, and evaluating, using, and documenting supporting materials. There will also be vocabulary and grammar quizzes.

**Important:** Directive 97-03 requires that students with disabilities register with the Disability Resource Center (924-6000) to establish a record of their disability. Please meet with me to confirm that you have done this if you need course adaptation or accommodations because of a disability. If you have emergency medical information to share with me, or if you need to make special arrangements in case the building must be evacuated, please see me during office hours.

---

**Course Grade:** All writing workshops are graded ABC/NC. Performance that merits a grade lower than a “C” will receive a “No Credit”. Please note that University and Departmental guidelines require a serious and compelling reason to drop a course. A course cannot be dropped because of grades alone.

Your grade in 100W will be based upon points accrued during the semester. Not all assignments will be graded. Grades are determined based upon adherence to the specific criteria for each assignment, will be assigned in three areas: format, content and mechanics. All assignments completed outside of class must adhere to the following guidelines unless otherwise specified: typed, double-spaced, single sided, white paper, 1 inch margins, 12 pt. standard font (i.e.: Times, New York, Palatine, Geneva). **IMPORTANT NOTE:** Always keep a copy of any out-of-class writing that you submit.

---

**Content is a most important area for which points are assigned. Content points will be given as follows:**

- **Top score:** Excellent presentation with well-reasoned analysis, comparing and contrasting ideas. Demonstrates clear understanding of the reading(s), the issue(s) and the purpose of assignment.
- **Above average:** Good presentation, with somewhat less consistency, but clearly understands assignment, issue(s) and reading(s).
- **Average:** Adequate demonstration of basic understanding of assignment and issues, but needs improvement. Ideas may be underdeveloped or paper may have serious grammar problems.
- **Failing score:** Incomplete work or persistent lack of ability to demonstrate an understanding of the assignment, reading(s) or issue(s) and to articulate a response to the assignment.
Course Add/Drop: Instructors are permitted to drop students who fail to attend the first scheduled class meeting and who fail to inform the instructor prior to the second class meeting of the reason for any absence and their intention to continue in the class. Some instructors will drop students who do not meet the stated course prerequisites. However, instructors are not required to drop a student from their course. It is the student's responsibility to make sure classes are dropped. You, the student, are responsible for understanding the policies and procedures about add/drops, academic renewal, withdrawal, etc. found at: http://sa.sjsu.edu/student_conduct

Academic Integrity: In accordance with University policy, any student caught cheating or plagiarizing can be given a score of “0” for that exam or paper, and, at minimum, will be reported to the Office of Judicial Affairs with appropriate recommendations for disciplinary action. For the University policy, see http://sa.sjsu.edu/download/judicial_affairs/Academic_Integrity_Policy_S04-12.pdf. Also see http://sa.sjsu.edu/student_conduct; and http://www2.sjsu.edu/leap/plagiar.htm.Important note: Article Critiques and the Research Paper must be submitted to Turnitin.com prior to turning in to the instructor. You will submit the Turnitin.com “Originality Report” for each paper along with a clean copy of the paper for grading.

Attendance and Participation: Critical reading, thinking, and writing involve a number of practical skills. These skills must be diligently practiced to be developed and maintained. Students are expected to keep up with class readings, and to attend all class meetings well prepared to contribute to the classroom exchange of ideas and information. Attendance is mandatory in order to pass 100W.

Assignments: All handouts and assignments (except for the Diagnostics and the Final Exam) are available on my website http://billcleveland.pageout.net. It is the student’s responsibility to have the appropriate handout for each class period. Being well prepared for class includes checking the schedule before each class and bringing the appropriate assignment or handout to class. In some cases, a scoring guide is attached to the assignment. It is recommended that you download and read the scoring guide before doing the assignment.

In class writing assignments: Be prepared to write in each class. In class assignments will include expository responses to problem statements (diagnostics), abstracts, letters, case summaries, quizzes, drafts of cover letter and resume, critiques, and the final examination.

Out of class assignments: Out of class assignments will include interviews, brief of and response to court decisions, preparation for oral presentations, article critiques, and the research paper. Some out-of-class work will require submission to Turnitin.com. See individual assignments for details and scoring guides. Allow extra time to submit your assignment to Turnitin.com and get the Originality Report back in a timely fashion. Late papers will not be accepted; it is the student’s responsibility to ensure that their work is submitted on time.

Research Paper: Students will write an 8-10 page research paper, which will be persuasive in nature. The topic will be chosen by 100W instructors. The research for this paper will include examination of scholarly literature, article critiques, and personal interviews. The research process itself has been broken down into several steps, some of these steps will be graded separately. The specifics of the research assignment are on a separate handout.

Late paper policy: Papers are due at the beginning of class on date indicated. Coming to class late will result in points deductions for coming in late. Do not attempt to turn in a paper after the class period in which it is due; late papers will not be accepted under any circumstances. Remember that all article critiques and your research paper must be submitted to Turnitin.com. Allow at least two days to get the Originality Report back.

Extra Credit: There is no extra credit, other than the following:
