JS 112
Criminalistics

Course Description:
This course covers fundamental theories of physical evidence, practically applied, and the legal considerations involved in its recognition, collection, preservation and presentation in court. Students will learn the appropriate methods for securing and processing different types of crime scenes, as well as how to search for and document evidence. Topics include latent fingerprints, scene photography, impression evidence, firearms, questioned documents, trace evidence, and death investigations.

Course Text and Materials
Required Texts:
- Criminalistics 112 Course Reader (available at Maple Press)

Internet materials
Journal articles, pdf’s and powerpoints will be made available on the course website when possible. Other useful web links include:

- Fingerprints: http://www.fbi.gov/hq/cjisd/ident.htm
- Crime Scene Investigation: http://www.crime-scene-investigator.net/
- CA Dept of Justice Physical Evidence Bulletins: http://www.cci.ca.gov/Reference/pehb/peb.html

Course material may include citations from the following:

Course Format
The course will include lectures by the instructor, class discussions, powerpoint presentations, films, and hands-on group exercises. Texts will be supplemented with online readings and handouts. I strongly recommend that you do the assigned readings the week before we are to cover the topic. Be sure to familiarize yourself with the class website, as many important documents will be posted there.
Course Requirements

Exams: Two exams will be given in this course. Exams will be cumulative and will include all material covered up to the date of the exam. Exams will include multiple choice, matching, true/false, short answer, diagrams, drawings and sketches, short essay and/or long essay. There are no scantron exams in this class.

Quizzes: Quizzes on assigned readings, lectures, group activities and other assigned materials will be given during the semester. These will be in the same format as the midterm and final (multiple choice, matching, true/false and short answer essay questions).

Homework: There will be 6 homework assignments in the term. You are required to complete 5 of them. You may complete the 6th homework for up to 10 points extra credit. Turned in homework MUST be in hardcopy format - no email submissions will be accepted, and no late homework will be accepted for any reason.

Crime Scene Exercises: There will be 6 crime scene exercises during the semester. These will include scene diagrams, latent fingerprints, footwear impressions (inked or cast), bitemarks, bloodspatter interpretation, and a mock crime scene. Each of these exercises will be carried out in teams. Written reports and project materials will be due for each exercise.

Crime Scene Exercises 1-5 are worth 20 points each. The final CSE is worth 100 points. Reports will be graded using both administrative and technical criteria. Details of format and grading of the reports will be provided for each exercise. Grading in general includes the following considerations:

- **Administrative & Technical Criteria**
  - Were all directions followed?
  - Is the work presented neatly or sloppily?
  - Are team members and team numbers all listed on the team report?
  - Is the documentation complete?
  - Are all questions answered?
  - Do answers show thoughtfulness and a solid grasp of the material?
  - Are the reports organized and well presented?
  - Is the writing clear and legible?
  - Are all pages stapled together?
  - Are data accurate?
  - Does the data support statements and conclusions in the report?
  - Are the statements within the report and between team members consistent? If not, are discrepancies explained?
  - Is the detail provided sufficient and understandable for court?
  - Would the CSI be able to reconstruct the crime scene years from now, based on the documentation?

General Writing Requirements: Students have differing writing talents, abilities and skills. At the college level, you should be able to express yourself in writing clearly, concisely, and effectively, without grammar,
punctuation or spelling errors. Any job you seek in this field will expect no less of you! Your writing assignments for this class will be graded for content as well as clear and correct expression, so please remember to:

- Spell check
- Proofread
- Be sure your answer fully addresses the question being asked
- Use proper APA citation format when necessary

**Extra Credit**

An extra credit writing assignment may be offered, near the end of the term, worth up to 10 points, plus the bonus homework worth 10 points.

**Make-ups**

Make-up tests will not generally be permitted. If you miss a quiz because you are sick, you must bring me a doctor’s note to retake the quiz. If you miss the midterm and have proper documentation for your absence, I may assign a 10 page double-spaced term paper to substitute. There will be NO MAKE UP for the final. *Crime Scene Exercises cannot be made up.*

**Late Work**

Late work will **NOT** be accepted unless extenuating, documented circumstances exist. **If you know ahead of time that you are going to miss a class period when an assignment will be due, either turn it in early, have a classmate turn it in for you on the day it is due, or get it date-stamped and placed in my box in the Justice Studies main office (MQH 508).**

**Tips for Success**

Come to class, take good notes, do the readings, ask questions when you don’t understand, come to office hours for help, take advantage of extra credit, ask a friend to take notes for you if you can’t make it to class, participate in discussions, and study for quizzes and tests with a friend or in a group. That’s all you gotta do!

**Instructor**

Mary Juno holds an MS in Forensic Science from the University of Strathclyde (Glasgow, Scotland), and a BA in Forensic Anthropology (San
Francisco State University). Juno has worked as a CSI at the Oakland Police Department since 2000, and has processed hundreds of major crime scenes. She teaches in the Oakland Police Academy and substitute teaches at City College SF.

**Course Add/Drop Statement**
Instructors are permitted to drop students who fail to attend the first scheduled class meeting and who fail to inform the instructor prior to the second class meeting of the reason for any absence and their intention to continue in the class. Some instructors will drop students who do not meet the stated course prerequisites. However, instructors are not required to drop a student from their course. *It is the student’s responsibility to make sure classes are dropped.*

You, the student, are responsible for understanding the policies and procedures about add/drops, academic renewal, withdrawal, etc. found at: [http://sa.sjsu.edu/student_conduct](http://sa.sjsu.edu/student_conduct)

**Academic Integrity Statement**
Academic integrity is essential to the mission of San José State University. As such, students are expected to perform their own work (except when collaboration is expressly permitted by the course instructor) without the use of any outside resources. Students are not permitted to use old tests, quizzes when preparing for exams, nor may they consult with students who have already taken the exam. When practiced, academic integrity ensures that all students are fairly graded. Violations to the Academic Integrity Policy undermine the educational process and will not be tolerated. It also demonstrates a lack of respect for oneself, fellow students and the course instructor and can ruin the university’s reputation and the value of the degrees it offers. We all share the obligation to maintain an environment which practices academic integrity. Violators of the Academic Integrity Policy will be subject to failing this course and being reported to the Office of Student Conduct & Ethical Development for disciplinary action which could result in suspension or expulsion from San José State University. The policy on academic integrity can be found at: [http://sa.sjsu.edu/student_conduct](http://sa.sjsu.edu/student_conduct)

**American with Disabilities Act**
If you need course adaptations or accommodations because of a disability, or if you need special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 requires students with disabilities requesting accommodations must register with DRC to establish a record of their disability.
