Assignments

All handouts and assignments (except for the diagnostics and Final Exam) are or will be available on my website: http://www.justice-studies.com. It is the student’s responsibility to have the appropriate handout for each class period. Being well prepared for class includes checking the schedule well before each class and bringing the appropriate assignment or handout to class. In some cases, a scoring guide is attached to the assignment. Download and read the scoring guide before doing the assignment, and attach a copy of the scoring guide to each assignment you submit if required (you will be advised).
Out of Class Assignments

Out of class assignments will include an online search for scholarly sources/preparation of an APA reference list, preparation for oral presentations, development of a research paper outline and rough draft, the composition of article critiques, critiques of fellow student work, and the final draft of a research paper.

General formatting requirements for out of class, type-written assignments include a cover page, page numbering, 1” margins, double-spacing, and Times New Roman font. All assignments must be written in formal English, with college-level writing mechanics and APA-style formatting, inclusive of in-text citations and references. Several written assignment must be submitted to www.turnitin.com prior to submission to the instructor (see Turnitin.com section of the syllabus). Written assignments will be submitted in hard copy format to the instructor on the day it is due, at the start of class.

In Class Assignments

Always be prepared to write in class! In class assignments (individually or in groups) will include expository responses to the critical analysis of scholarly research (Diagnostics), various APA exercises, a group outlining exercise, general writing exercises as needed, critical analysis, and the final examination. Please note, Diagnostics I – III and the final exam will require the use of a blue book.

Article Critiques I - IV

The process of writing an article critique is designed to improve and test your ability to critically analyze an empirical research study. Clearly, the better written an article is, the more likely it is to be accepted by the intended audience; however, research has varying degrees of quality. This assignment will increase your ability to read professional writing, recognize valid research and understand the results, and it will aid you in identifying weaknesses in research and writing. Learning to recognize flaws in grammar and logic will improve your ability to recognize those flaws in your own writing. In addition, the assignment requires you to utilize your skills in using the Internet to locate a scholarly article. [LO2]

Diagnostics I – III and the Final Exam

Diagnostics I – III and the final exam will be in-class written examinations designed to assess your ability respond to examination items requiring the extrapolation of pertinent information, and critical analysis of the utility and validity of that information. [LO3]

Group Outlining Exercise

This exercise is designed to: enhance your overall outlining skills, help you to realize the utility of this skill in relation to the comprehension of complex material, and to test your ability to work in a collaborative manner. [LO1]

Topic and Thesis Write-up and Oral Presentation

This assignment will require you to develop and refine a research paper topic and thesis statement related to the chosen semester theme. A short write-up of your topic and thesis will be required, as well as an oral presentation of that material to the class. [LO1]
APA Reference List
This assignment will require you to compile a reference list that will consist of (10) scholarly peer reviewed journal articles (no books, web sites, newspapers, or magazines) related to your topic, which you may and should use for your research paper. At least half of the journal articles listed need to be empirical/quantitative research studies. [LO1]

Research Paper Outline Critique
This assignment will require you to critique a fellow student’s research paper outline as a preparation exercise for the completion of a research paper draft. Students will exchange research paper outlines, and via the use of a critique form, will provide constructive feedback for a fellow student to aid in the preparation of a cohesive research paper rough draft. [LO2]

Research Paper Rough Draft
This assignment is designed to provide you with the opportunity to develop a well thought out and written rough draft of the research paper required for this course. Utilization of the previously completed research paper outline and critique will provide you with a solid foundation for the development of a quality paper. [LO1]

Peer Review Assignment
This assignment is designed to help students develop the ability to critically analyze the written work of others (i.e., fellow students), which in turn will assist each student in learning to recognize area of improvement in their own writing. [LO2]

Research Paper Final Draft
The purpose of the writing workshop is to teach you, the student, how to read and think critically, and to communicate clearly and concisely in a professional style. This assignment is designed to provide a medium through which you can improve your research and writing skills while increasing your knowledge about the criminal justice system. Students will be required to write an 8-10 page analytical research paper. A separate handout detailing the specific requirements of this assignment is available on the instructor’s web site. [LO1]

Media vs. Reality Discussion/Debate
This assignment is two-fold, and is designed to provide students with an opportunity to critically analyze a criminal justice related topic area in the form of a film analysis and a class discussion/debate. Students will first view a film in class, and be provided with predetermined topic areas and questions related to the film upon which to focus. The second component of this assignment will involve small group collaborative responses to the focus areas in the form of a roundtable discussion and debate. [LO2]

Grading Policy and Late Submissions
All writing workshops are graded ABC/NC. Performance that merits a grade lower than a “C” will receive “No Credit (NC)”. University and departmental guidelines require a serious and compelling reason to drop a course; a course cannot be dropped because of grades alone.
Completion of all assignments is required for successful page of this course, regardless of whether the assignment is for credit (i.e., points), or as a result of a late submission, the assignment is ineligible to receive points. Your grade will be based on the points accrued throughout the semester. Grades will be determined based upon adherence to the specific criteria for each assignment. All assignments completed outside of class must follow the previously specified general formatting requirements stated under “Out of Class Assignments”.

Written assignments will primarily be graded on content; however, poor writing mechanics and APA formatting will result in point deductions. Student should reference their own copy of *Concise Rules of APA Style*, and may seek additional assistance with APA at: [http://owl.english.purdue.edu/owl/resource/560/01/](http://owl.english.purdue.edu/owl/resource/560/01/)

**Content Grading Rubric**

**Average Score:** Adequate demonstration of basic understanding of the assignment, issue(s), and reading(s), but needs improvement. Ideas may be underdeveloped or writing may have serious grammar or APA-related issues.

**Failing Score:** Submission of incomplete work, or inability to demonstrate an understanding of the assignment, reading(s) or issue(s). The inability to effectively articulate and appropriate response to the assignment.

**Late Assignment Policy and Extra Credit**

All assignments are due at the beginning of class on the specified due date, unless instructed otherwise. Submission of a late assignment for credit will only be accepted if prior arrangements have been made with the instructor, and a valid/verifiable excuse can be presented in a timely manner. Late assignments without a legitimate reason will still be accepted; however, no credit (i.e., points) will be assigned. Please note that extra credit is generally not offered for this course.
