CRIMINAL EVIDENCE AND PROCEDURES
Justice Studies 16, San Jose State University
Spring Semester 2011
Section 2

Course Description: This course is an introduction to criminal evidence and the historical, constitutional, statutory, administrative and judicial rules and procedures that govern and often limit its admissibility into the criminal courts of the United States. In addition, this course will examine the process by which prosecutors and defense attorneys collect and introduce evidence as proof or exculpation of a crime and the reasons courts ultimately admit or exclude such evidence.

Course Requirements:

Text: Criminal Evidence: Principles and Cases (7th ed.), Thomas J. Gardner and Terry M. Anderson is available at the campus bookstore with supplemental readings held on e-reserve at the library as assigned by topic. In addition, the textbook publisher provides supplementary internet resources at www.wadsworth.com.

Supreme Court Cases: Specific Supreme Court Cases will be available online and assigned by topic.

Reading Assignments: Students are expected to complete all reading assignments prior to their discussion in class.

Briefing Cases: In addition to the reading assignments, students are required to submit written briefs for specific Supreme Court cases assigned throughout the semester. The briefs must be written in the proper format and submitted at the beginning of class on their respective due dates. The Briefs will be worth up to 10 points for each successfully completed brief and consist of 20% of a student’s total grade.

Class Participation: Students are encouraged to participate in class discussion. Participating students who demonstrate they are prepared for class and provide a positive contribution to the class discussions may expect as much as a half grade increase in their final evaluation at the end of the semester.
Examination and Evaluation: A student’s final evaluation shall consist of two in-class midterm examinations, ten written briefs and a final examination. Points and percentage of overall evaluation:

Midterm Examination (October 5, 2010) - 125 points, 25% of overall evaluation
Midterm Examination (November 9, 2010) – 125 points, 25% of overall evaluation
Written Case Briefs (Due pursuant to Course Schedule prior to class) – 100 points, 20% of overall evaluation
Final Examination (December 15, 2010) – 150 points, 30% of overall evaluation
Class Participation – up to 25 points extra credit

Examinations consist of multiple choice and essay questions derived from the reading assignments (including the assigned Supreme Court cases and class lectures and discussions. Missed exams or assignments may only be made-up with proper documentation of illness, incapacity and/or prior and valid notification and reason for absence. 10 points will be deducted from late assignments without valid excuse. Points for class participation are at the discretion of the instructor and may be added or withdrawn at any time prior to a student’s final evaluation.

+/- Grading: This course will be using the +/- system on final grades based on the following percentages:

Academic Dishonesty: The “I got caught cheating” policy for this class is swift, severe, and certain: that is, if you cheat, chances are very good that you will be caught and punished with a failing grade for the course. In addition, plagiarism is absolutely unacceptable. If you are unsure what constitutes plagiarism, please contact the professor—while many students are ignorant of this offense, ignorance is not an excuse. I have several speeding tickets that prove this point!

Academic Integrity: Academic integrity is essential to the mission of San José State University. As such, students are expected to perform their own work (except when collaboration is expressly permitted by the course instructor) without the use of any outside resources. Students are not permitted to use old tests, quizzes when preparing for exams, nor may they consult with students who have already taken the exam. When practiced, academic integrity ensures that all students are fairly graded. Violations to the Academic Integrity Policy undermine the educational process and will not be tolerated. It also demonstrates a lack of respect for oneself, fellow students and the course instructor and can ruin the university’s reputation and the value of the degrees it offers. We all share the obligation to maintain an environment that practices academic integrity. Violators of the Academic Integrity Policy will be subject to failing this course and being reported to the Office of Student Conduct &
Ethical Development for disciplinary action that could result in suspension or expulsion from San José State University. The policy on academic integrity can be found at: http://sa.sjsu.edu/student_conduct

To better understand plagiarism and to aid you in making sure that you are not plagiarizing, please see me and/or visit: http://tutorials.sjlibrary.org/plagiarism/index.htm

**Course Add/Drop Statement:** Instructors are permitted to drop students who fail to attend the first scheduled class meeting and who fail to inform the instructor prior to the second class meeting of the reason for any absence and their intention to continue in the class. Some instructors will drop students who do not meet the stated course prerequisites. However, instructors are not required to drop a student from their course. *It is the student’s responsibility to make sure classes are dropped.*

You, the student, are responsible for understanding the policies and procedures about add/drops, academic renewal, withdrawal, etc. found at: http://sa.sjsu.edu/student_conduct

**ADA:** “If you need course adaptations or accommodations because of a disability, or if you need special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 requires that students with disabilities register with DRC to establish a record of their disability.”

**Electronic Devices:** Please turn off all cell phones, pages, PDA’s or any other electronic device that “makes noise”. While I commend those of you who have mastered text messaging, the use of these devices during class is disruptive and will not be tolerated. If I see you text messaging, I will ask you to leave the room. The use of computers in the classroom will not be allowed.

**Classroom Etiquette:** Class motto: “Treat others as you think they would like to be treated”. Yes, this is a spin on the ever popular, but not so empathetic phrase. This is a time to open your minds to new ideas, to explore new concepts, so please take advantage of this opportunity. Further, please be respectful of others and show them common courtesy. I firmly believe that the learning process is enriched by discussion, but damaged by arguments. Respect and professionalism are the guiding principles of this class. Tardiness will not be tolerated, if you are late, do not disturb class—wait until break to enter the classroom.

**Written Work:** I understand that many of our students have very busy life’s, filled with work and family obligations. I understand that “school work” is difficult to fit in to an already full schedule. With this said, I do expect quality work from everyone. Write every brief as though it is your best brief and be proud of the work that you complete for this course.

**As a side note:** I am well aware of the websites that offer briefs to students and have software that allows me to compare briefs I receive to the thousands
of databases of canned briefs that exist. Trust me, it is not worth your effort, chances are, I will find out.
