All assignments are graded based on adherence to directions, thoroughness, thoughtfulness, clarity (including writing mechanics), and logic.
Note: A final grade of C or better is required for all Justice Studies and Forensic Science courses.

Extra Credit

1. Attend an appointment or workshop at The Writing Center (126 Clark) before Nov 4 and supply proof of attendance.
2. Join a professional organization that is of interest to you (IAI, AAFS, ABC, CAC, etc. – there are thousands) and supply proof of membership before the end of the semester. A professional organization is one that holds conferences and/or produces a periodic journal. This is not the same thing as an internship, job, or student organization; it is a professional membership.

Class Policies

All work must be turned in both on Canvas and in print. Assignments that are only turned in in one format will be considered late and marked down 25% per calendar day. If you are in any doubt about the requirements of an assignment, or due dates/times, please re-read the directions.
of the assignment and/or schedule. If your question is still unanswered, contact me for clarification.

Attendance and class participation is expected. It is essential that you come to class prepared so keep up with the reading, complete assignments on time, and participate in class discussions. Lack of adequate participation will result in pop quizzes, which will count toward your final grade.

Cell phone use is not permitted during class. Students who use their phone in class will be asked to surrender it for the remainder of the class period. Laptops are permitted for note-taking only.

Justice Studies Reading and Writing Philosophy

The Department of Justice Studies is committed to scholarly excellence. Therefore, the Department promotes academic, critical, and creative engagement with language (i.e., reading and writing) throughout its curriculum. A sustained and intensive exploration of language prepares students to think critically and to act meaningfully in interrelated areas of their lives—personal, professional, economic, social, political, ethical, and cultural. Graduates of the Department of Justice Studies leave San José State University prepared to enter a range of careers and for advanced study in a variety of fields; they are prepared to more effectively identify and ameliorate injustice in their personal, professional and civic lives. Indeed, the impact of literacy is evident not only within the span of a specific course, semester, or academic program but also over the span of a lifetime.
